INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT BY NONRESERVATION SUPERINTENDENT ON RESERVATION SCHOOL PUPILS

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Dear Sir:

Was glad to read the
Carlisle Arrow once more.

I thought one time that
I would go back to old
Carlisle this fall, but I
can't. I am now working
in a store as salesman,
and getting along well. I
like my job very well.

We are having Our County
Fair this week.

With best wishes to
my friends and former class-
mates,

I remain,

Sincerely yours,

Mr. George Manawa,
Eufaula, Oklahoma.

My dear Sir:

I thank you for your favor of August the 8th, containing the names of young people of your acquaintance who should be enrolled at Carlisle. In order that they can bring applications to the attention of the Superintendent at Muskogee or to his representative in your district I am having application blanks mailed to each one of those you mentioned in your letter and it is hoped that some of them will decide to come to Carlisle. If you can assist them in any way the favor will be appreciated.

I am glad to know you have been busy at your home and that you have done well since you left Carlisle. I understand that you were given training in carpentering while at Carlisle and I hope to hear that you are making use of that experience from time to time.

With best wishes, I am,

Very truly yours,

Supervisor in Charge.

Dear Sir:-

I am in receipt
of your letter dated
July 20th 1914. But I
have ^{been} busy harvesting
and did not make
my reply any sooner.

I am glad to say
that I have been doing
very well since I left
Carlisle.

I
and wished some of the
Indian boys and girls would
go to Carlisle and spend
three or five years. I never
realized what the school
was doing for me until I
left old Carlisle.

Elmer Busch stayed one
month with me, and met
number of boys who would
like to go to Carlisle.

I will give you the
following names who will
be glad to attend Carlisle and
will make good in my
opinion. If they can ~~any~~
get there any way possible.

I beg to remain

Truly your friend.

HOPE FOR INDIANS LIES IN EDUCATION

George Manawa of Eufaula
Speaks of Value of College
Work at Carlisle.

George Manawa of Eufaula, a young Cherokee Indian, arrived in Muskogee yesterday from Carlisle, where he had been attending school. He came to visit his guardian, Fred S. Cook, of the Indian agency, and to look after his financial affairs.

Young Manawa says that the salvation of the Indian depends on his education in the trades and professions and that the instruction at Carlisle demonstrates that there is an abundance of opportunity in the industrial development of the red race.

"About 400 Indian girls are enrolled but they do not have any more privileges than the student in the average girls' school. Courses in domestic science are the chief studies taken by the girl students.

"Both young men and women take their meals at a large dining room in one of the dormitories. While there are rather rigid rules enforced by the faculty, there are sufficient liberties to make the student life full of college spirit and loyalty to the school.

"Printing, carriage making, agriculture, engineering, steam fitting and similar trades and professions are included in the course of instruction independent of the academic studies. More than 900 Indian young men and women, representing ninety tribes, are enrolled. All of them are exempt from paying a tuition fee except those unrestricted Indians belonging to the Five Civilized Tribes in Eastern Oklahoma.

"Of the athletic sports, Carlisle is

best known for crack football teams. Interest now is keen in the baseball leagues, especially in the future of the Philadelphia Athletics. In track, baseball, basketball and other sports, some big athletes have been stars at Carlisle. John Thorpe, the Oklahoma athlete from Boley, is expected to be one of the big prize winners at the Olympic games this month.

Young Manawa is second lieutenant in the cavalry at Carlisle, having been promoted to a commissioned officer in his second year last fall. He is specializing in manual training.
