-2- Mr. Hiram Clark.

We are having a very successful school year here this year, probably the best in the March 5th, 1912. school. We have enrolled more than three hundred and fifty students since the beginning of the year and the majority of them have come here to complete some special work, having been in attendance at other schools before they enrolled here. We are in the

midst. I suppose you will think that I have waited too many weeks to write to you, but if the time passes as rapidly for you as it yet does for all of us here you will not hold it against me that I have neglected you so long. I was pleased to hear from you and to know that you are at work. It was a surprise to know that you have taken unto yourself a helpmate, and you can rest assured that no one wishes you a happier life than your old friend Meyer. I suppose it is an added inducement for a fellow to stick to business and here is hoping that you will never have to give up one job until you have landed another a little better of a little more to your liking. During the coming months,

We have succeeded in placing several of our students in clerical positions during the past two months, and I would suggest that you file your application for transfer to such a position with the Office at Washington. I am sure Mr. Friedman will be glad to do what he can to assist you with a recommendation.

Lawton, Okla.

Mr. Hiram Clark.

We are having a very successful school year here this year, probably the best in the history of the school. We have enrolled more than three hundred and fifty students since the beginning of the year and the majority of them have come here to complete some special work, having been in attendance at other schools before they enrolled here. We are in the midst of our preparations for Commencement, and the usual interesting week is being expected.

I had a card from Lou some time ago. He and Brunt were then in Kansas City, and evidently they were having a gay time.

We have had an unusually hard winter here, but it should soon be over now. It has been down as low as thirty below zero and that is just a little too cold to be comfortable.

The prospects are bright for good track and lacrosse teams this year and so we have something to look forward to in that direction. The band is also in good condition and should furnish some amusement for us during the coming months.

I should not have taken advantage of you by talking two pages full, but you know I have a weakness that way. I will stop now by wishing well for you and yours, and I hope that you will not hesitate to write me if I can do anything for you.

Your friend,

Mr. Hiram Clark,

Mr. Harvey K. Meyer,
Carlisle, Pa.

Dear Friend:

I expect you will be surprised to hear from me, but begging friends will turn up. I want you do me a favor. If at any time there is a vacancy in the line of clerk or stenographer at somewhere around \$720.00 I would like for you to speak a good work for me to Mr. Friedman. I am the disciplinarian here at this school and am getting along fine. I would take something like that there if possible for me to get in. I suppose you know of me being a benedict; nothing like it Meyer better try it. I heard from Louis D. the other day he is in Horton, Kas. having a time I suppose from the way he talked.

Well I must close for it is dinner time. I would like to hear from you at your earliest convenience.

Your friend,

Hiram N. Clark.
