INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without special permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Dear Sir:-

I am in receipt of your letter asking to be allowed to return to Carlisle. If you are the same boy who was enrolled at Carlisle under the name Elijah Williams, I could not admit you without special authority from the Indian Office as your card shows that you were discharged by special order from that office before the expiration of your term.

If you can obtain permission from the Office for your re-enrolment here and will pay your own way here, I will consider the matter further.

Very truly yours

Superintendent.

Dear Mr. Andrews:-

We are in receipt of a copy of a letter addressed to you by
G. A. Collins, Administrative Assistant, Education Division,
of the Office of Indian Affairs, Washington, D.C.

We have checked thru the Onondaga and Oneida census rolls and
do not seem to be able to locate your name under Andrews or
Williams. According to the tribal custom of the New York
Indians, the line of descent follows that of the mother, so
it is possible that you might be enrolled under that of your
mother's maiden name. But, if your mother was not an enrolled
member of any of the tribes in New York State you also would
not be enrolled.

If you will advise us the maiden name of your mother, we would
be very glad to make further investigation in the matter.

Sincerely yours,

CHAS. H. BERRY,
SUPERINTENDENT.

Dear Mr. Andrews:

We have received your letter of April 24, asking for verification of your enrollment at the Carlisle Indian School and any other information our records may show which would help you prove that you are an Indian from the State of New York.

The application for your enrollment at Carlisle Indian School under the name of Elijah Williams is dated August 24, 1907, and was made by your mother Julia Williams whose address at that time was R.F.D. #5, Syracuse, New York. The application shows that your mother was a full blood Indian of the Oneida tribe; that you were born at "Onondaga" on July 8, 1895; and that prior to the application you had attended the public school at Tully, New York. Information concerning your father was filled in on the application form and was stricken therefrom as follows:

"Father - George Williams, a full blood Indian of the Tuscarora tribe located at Niagara Agency."

You were enrolled at Carlisle on August 25, 1905, at the age of eleven years for a period of five years. Your attendance card shows that you were of one-half degree of Onondaga Indian blood while the physician's record in 1907, shows that you are a full blood Indian of the Onondaga tribe. In order to clear the discrepancy in the degree of Indian blood and the tribe to which you belong we would suggest that you write to Mr. Charles H. Berry, Superintendent of the New York Agency, 210 Pearl Street, Room 807, Stock Exchange Building, Buffalo, New York. Also, since births are recorded at the agency it may be the Superintendent will be able to furnish you more detailed information than is contained in the Carlisle records.

Sincerely yours,

Dear Commissioner

I am an Indian born some where in New York State. I speak the Onondaga Indian language but still I am unable to find a record of my birth, either at County Court house in Syracuse or is there and there is no record in Albany.

I am very anxious to find some record about me so that I may have some thing to show to prove that I am an American citizen and rightfully belong here. I have not been back to the reservation to live since I left the Carlisle Indian School and have come to live here in Connecticut. So I have been wondering if it would be too much trouble to forward this letter to the proper department and have them look up my school record and give me what ever information that will help me to prove my identification a letter from your office would help if you could give a letter of identification proving that you have records to show in your files. I entered the Carlisle Indian school under the name of Elijah B. Williams in 1907 from the Onondaga Indian reservation at Syracuse, N.Y. and I left school in 1911, shortly after I changed my name to Ernest B. Andrews which is my right name and I have been known by that name since I left school.

I should be very grateful to you and
appreciate anything that you might do, to
me to prove my ~~identity~~ identity as an Indian
from the State of New York.

may I thank you most sincerely
for this favor and may I hope to hear
from your department soon

I remain as ever
sincerely yours
