INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mr. John Francis, Jr., Superintendent.

Dear Sir:- I am writing you again relative to the balance of account of Samuel Tingley, who was a student at your school, but is now deceased.

The mother Mrs. Florence Tingley, residing in this city, informed me that before her son entered the school there was an appointment made of a guardian which she signed the necessary papers to place her son in school.

Of course the mother being the natural guardian I should think there would be no necessity of further action in the matter. Noticed the contents of your letter August 17th, wherein you requested the name of the Superintendent who had jurisdiction of Samuel Tingley before his death, and in reply to this the mother stated that she can not say, only that her son left her control and entered your school.

I wish there was some way of arranging this affairs so the mother could get the benefit of this money. We can send you affidavits from the mother and other setting forth the facts in the case, if this would be necessary.

Please let me hear from you.

Yours very truly,

(S) J. C. Simmons.

The Honorable

Sir:

I am enclosing herewith, for the attention of the Office, a letter received from J. C. Simmons, an Attorney of Portland, Ore., in regard to the balance in the account of Samuel Tingley amounting to \$10.50. Samuel is a deceased pupil of this school.

From the records in this office it appears that Samuel was born August 24, 1896 and died about August 1914, being 18 years of age. Mr. Simmons writes in behalf of Samuel's mother, Mrs. Florence Tingley, who, he advises, is in need of this money.

Please be referred to Office letter of August 13, 1917 (File 62741-17) wherein I was advised that in the absence of a determination of the heirship in this case the Office is without authority to approve the signing of the check by me transferring the amount to Mrs. Tingley. I trust that the Office will be able to determine the heirship at an early date in order that Mrs. Tingley may get the benefit of this money and our books be relieved of same. Some interest has recently been added to this amount making the balance now as \$100.65.

You are informed that before the determination of the heirs of the decedent the amount cannot be paid to his mother, Mrs. Florence Tingley.

You state in your letter that your records show when the decedent was born, etc.; but you do not state to what reservation he belongs--or rather what superintendent had jurisdiction over him prior to his death. Please inform the Office who had jurisdiction over him if your records anywhere disclose that information. Sir:

The receipt is acknowledged of your letter
of November 16, 1917 requesting certain in-
formation concerning the balance in the
account of Samuel Tingley, deceased, and a
former pupil of this school.

In response you are advised that the funds
belonging to the decedent now in the possession
of this school amount to \$10.65. These
funds are a voluntary deposit and the accrued
interest thereon. The principal was earned
by the decedent while employed in the country
under our Outing system.

The trusteeship exercised by the Government
over the decedent's property in this case is
apparently one of fiduciary responsibility
over the funds of a minor rather than the
usual trusteeship exercised by the Government.

These funds were not derived from Indian lands
and no equitable conversion has thrown the
mantle of the Government's trusteeship over
them. I am doubtful whether they are trust
funds in the usual sense.

My dear Mr. Francis:

The receipt of your letter of November 7, 1917, relative to balance of the account of Samuel Tingley, deceased and former pupil of the Carlisle School, is acknowledged.

Upon examination of former correspondence in this case, it does not clearly appear whether or not, the fund constituting this balance is trust property under the control of the Office of Indian Affairs.

Should this be the case a report on heirship, accompanied by the testimony of not less than two persons having knowledge of the facts and showing the heirs of this decedent will be necessary under the practice of this Office before an ascertainment of the distributees to his personal estate can be made.

Please advise as early as practicable as to the source from which the estate of decedent arose, and should it be of the nature over which this Office or the Department of the Interior has jurisdiction, submit report on heirship and accompanying testimony, as above indicated.

Pending receipt of the further information requested, action in the case will be held in abeyance.
