Camp Doniphan, Fort Sill, Oklahoma.

Dear Sir:-

I have your letter asking for a recommendation from this school so that you may have the privilege of taking the Officers' Training for a Commission.

Your record shows that you enrolled at this school March 1914; you deserted July 1914; returned to the school September 1914; deserted again October 1915 and was dropped from the rolls October 30, 1915.

In view of the above record, I cannot well see how I can give you any kind of a recommendation.

Very truly yours

Superintendent.

My dear Sir:

Gilbert Lafferty, who was enrolled here in March of this year, has just again been detected bringing whiskey on the school grounds. It is not his first offense.

As he will not do any work or attend school unless a special effort is made each day to see that he is actually where he belongs he is not doing anything at all for himself and is taking away valuable time that could be devoted to students who are anxious to profit by their opportunities here. Under the circumstances his return home will have to be effected and I would thank you to cooperate with me by sending what funds will be required to purchase transportation for his use.

Very respectfully,

Dear Sir:

Referring to your recent letter relative to the desertion of Gilbert Lafferty, I am in receipt of a letter from his father in which I am advised that Gilbert has written his father stating that he left your school in order that he might earn some money, and that it is his intention to return to the school the latter part of August. It seems that Gilbert neglected to give his father his address and I am therefore unable to advise you as to his present whereabouts.

I would thank you to advise me whether or not Gilbert returns to your school.

My dear Sir:

Complying with the request contained in your letter of July the 29th, this is to advise you that Gilbert Lafferty drifted back to Carlisle on the 10th instant. A chance will be given him to start anew and it is hoped he will make a record that will justify us in keeping him to the end of the school year. Otherwise I will have to ask for your co-operation in arranging for his return home, as only earnest students will be retained in school here this year.

Mr. O. H. Lipps,
Supervisor in Charge,
Carlisle, Pa.

My dear Mr. Lipps:-

I have your letter of November 19th advising me of the conduct of Gilbert Lafferty which necessitates his expulsion from your school.

Gilbert has no money to his credit in this office and it is therefore impossible for me to send you any money to be used in paying his transportation back to his home; however, I have today sent a copy of your letter to his father for such action as he may care to take advising him that he can either send the money direct to you or through this office as he may elect.

As I have had a number of years of experience in non reservation school work, I know how aggravating such cases as this one is. However, I thought that possibly by this time Gilbert might have reflected seriously over this situation and would begin to realize just what he is up against and it might be that if he showed the proper disposition you might be willing to try once more. If you could consistently do this, it might eventually work out to the good of this boy. In his present state of development there is very little in an encouraging way to look forward to for this young man if he is expelled from Carlisle and returns to this reservation. If he could in any way be made to see it in this light, I believe he would brace up and try to make something of himself. I have not had a chance to talk this matter over personally with Gilbert's father, but I feel sure that he would join with me in asking you to give this boy one more trial. However he may look at this differently than I do in which event he will doubtless take immediate steps to procure the return of his son.

Leaving the entire situation to your good judgment

which was transmitted to me thru the office of Superin-

Gilbert has really had a satisfactory record since my last
very unfavorable report was conveyed to you. I hope he
has finally been made to understand that he is having his
last chance at Carlisle and as long as he makes an effort
to do what is fair I am disposed to keep him in school.

In this connection I must bring to your attention
the claim that has been made by your son Gilbert that he
has been receiving monthly sums of ten and fifteen dollars
from his home. Such money must have been sent direct to
him and has probably helped him in his delinquencies. In
order that your son can be helped to keep straight no sum,
however small, should be sent to him direct. I would thank

I am sorry too that you have left a record that it not very good
at Carlisle. I hope this may be a lesson to you hereafter. Nearly
every day, I get one and sometimes two or three letters from ex-students
of this school asking for their standing while they were pupils of
this school. None of the reliable concerns of this country will take
men into their employ without first getting a full and complete record
of their past life. One of the things they always want to know is where
you obtained your education. It has been a mighty good thing for many
a Carlisle boy that he could get a statement from this school saying
he made a good record here and had an honorable discharge. The latter
can never be said of you because you made a mistake and yet this need
not ruin your future life. This is in your hands now and it is up to
you to do your very best and you can in a great measure make right that
mistake. Some of our old Carlisle students who made the same mistake
you made are now among our best citizens.

Dear Sir,-

I received your letter some time ago. Was very much pleased to hear that my boy, Gilbert, had signed the pledge. He is not about boy, and I didn't know that he was inclined to participate in drink.

Now in regad to his going to Detroit to the Ford factory, I believe it would be a very good idea. The boy always had a quite an amxibition for machinery and that might just his fort, and if he were to finish up his schooling in the factory there be able to do something for himself when he returns home. There is quite a demand for that class of workmen, and if he understood the business he would be able to command a better salery that a common workman. I so thought it would be a good idea to let you know that I was agreeable to his going to Detroit.

"I have your favor of March 5th, stating that Gilbert Lafferty wishes to find out the status of the amount of \$150.00 that he has to his credit and that he terms "the Tribal Fund".

I presume Gilbert has reference to what is known as the trust fund. He is not eligible to apply for this until he is 21 years of age. The amount of this fund, at the present time, is about \$129.00 instead of \$150.00 as Gilbert thinks. I desire that you explain to Gilbert that he is not ~~aligi~~ eligible to apply for this fund until he is 21 years of age and at that time, if he can make a proper showing, his application will be given consideration. This money can only be paid out upon the recommendation of the Superintendent and a showing of competency on the part of the applicant. I desire also that you inform Gilbert that his school record will go a large way towards making a proper showing in order to get this money. If his record at school should be unfavorable it would be a very difficult matter for me to make a showing to the Commissioner of Indian Affairs, justifying the payment of this money to him as a competent."

My dear Sir:

I respectfully call your attention to a letter that was addressed to me by your Mr. Whitlock on March the 12th, last, regarding the payment of Isaac Brazeau's transportation in case it could not be made a government charge. On March the 28th I advised you that Isaac's transportation would have to be paid for from his own funds and that I would write you again upon receipt of a bill to cover the cost of his ticket.

Having just learned that an amount of \$31.88 will be required to settle the indebtedness I would thank you to secure that amount for me. It will then be turned over to the Philadelphia office that made the transportation available at Gettysburg.

I regret to add that Isaac deserted from this school on June the 1st and that we have not heard anything at all regarding him since that date.

Very respectfully,

My dear Sir:

This is to acknowledge receipt of your favor of March the 12th, with which you transmitted applications in duplicate to cover the transfer to Carlisle of Isaac Brazeau and Gilbert Lafferty. Both the originals and duplicates of the applications are being returned herewith, so that more nearly complete information required for our records may be noted on the original copies. On the duplicates it has been noted by our School Physician that the boys' physical ^{condition} was satisfactory when they arrived here.

Will you please secure the additional information that is desired for the original copies of the applications and return them to me at your earliest convenience?

This is also to state that because Isaac Brazeau has passed the age of twenty-one it will be necessary for him to pay for his transportation from his own funds. Just as soon as a bill is rendered for the ticket I will write you
