### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

# FOR NEW YORK PUPILS.

This blank is to be filled out and signed by a former teacher of the applicant, by a school trustee, a school superintendent, or by some other person conversant with the status of the applicant's school attendance.

This is to certify that Frank H. Clark

Mr. Friedman,

Dear Sir:

Your letter of the 15th inst., at hand and contents noted, I wish to state that it gives me great pleasure in knowing that you are somewhat interested in me as well as in my welfare, during my absence from school I have somewhat bettered myself to the extent of working my way to an independent position in the Typewriter field in this part of the state. I wish to thank you for your efforts in trying to keep in touch with me and I assure you that any time that I see I can be of any value to you or the school, I will exert my best efforts toward such.

I wish to announce through you to all my friends, that if any former student or the faculty are in this particular part of the state, I would consider it a great pleasure if they would call on me at my office, the above mentioned address, as you note is where I am located. No doubt to you and most of my friends this will be good news and I assure you it is on my part for my rise may have been somewhat meteoric it has never-the-less proven that a man properly equipped with knowledge and education and exerts the same to any particular branch of business is bound to be noted.

If it would not be asking too much of you, I wish you would send me the School paper and a reply to this letter will most assuredly be considered a token of your esteem.

With best wishes to Mr. Meyer and to the entire faculty, I am

Very truly yours,
