Mr. Andrew Hernaquaftewa,
Shimopovi, Arizona.

My dear Friend:

I thank you for the letter you addressed to this school under recent date and for the assurance that you are as much interested as ever in Carlisle. It is gratifying to know that this school has so many friends thruout so many sections of this country, and though it is practically impossible to keep in close touch with all of them it is always interesting to know what they are doing.

I am pleased to know the ARROW is a source of so much satisfaction to you and your friends. More and more names of former students are being added to the list of ARROW subscribers, so that a great many friends of the school are being reached each week.

This is a busy time here at school because of the Commencement time. Many visitors are here for the week and everyone seems to be having a pleasant and profitable time. Other information regarding the Commencement

Assuring you that it would please me to have you convey my regards to the other Hopi boys who were enrolled here with you, and with best wishes for your continued success, I am,

Very truly yours,

Dear Andrew:-

I have your letter written to Mr. Henderson asking to be allowed to return to the school the last of this month. I was very much pleased with your letter. It shows me that you have improved greatly in your English, in your writing and spelling. It shows me also that you are learning to be a good farmer. While your employer has been away, you have cut all the corn, picked the apples besides doing all the other work connected with the farm. I am proud of any boy who can learn to do all this in one year.

When you are doing so well and seem so happy, Andrew, why do you want to return to the school? You and Albert are both in good homes and will attend a good school this fall. I would like very much to have you remain where you are.

If you want to come in because you are afraid the other Hopi boys will go home and leave you in the east, I want to tell you that you need not be afraid of this. I do not know now whether the boys will go or not but ~~you~~ need not be afraid of getting left.

Mr. Henderson will see you before very long and you can talk with him about this matter, but in the meantime I want you to stay.
Your friend

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
