Dear friend Moses Friedman,

morning but he didn't come
back yet, so I picking apples

too. Three mile from here.

There are two Hopi boys stay
with me, it is Mr. F. W. Worth

gether, on Sundays, after

Dear friend:-

I have your letter requesting some shoes and have sent it to the Quarters for attention. I will have the shoes mailed to you within a few days.

I was glad to get your good letter and glad to know that you are so nicely situated and that you are contented and happy in your country home. We allowed you Hopi boys to remain out in the country this winter because we thought you would learn the English language faster. I want all of you to try your best to get all you can along this line. Make friends with the white people so you will have to talk their language. The more you talk with them the more you will learn from them. If you stay together all the time as you would here at the school, you will talk Indian and you cannot learn English.

The Hopi boys who are here are getting along nicely. I suppose you know that Lewis Tewani went across the Atlantic Ocean to England this summer. He made a great name for himself as a runner and you boys have reason to be very proud of him.

With my best wishes for all of you, I am
Your friend

Dear sir:-

I will now write a few
word to let you know that I got

trouble with me for I am sorry that
I lost my ticket from Kansas City
I suppose you know, ^{we} wrote to you
from there where I didn't find it.

I don't know where I lost it
The only one place at Chicago I
can remember where I mail my
postal cards I think that's the place

I put it in the mail box with my postal cards together because I had in my pocket, When we reached the Kansas city then I looked all over but couldn't find it, as thou what I should do, but lucky I had little money with me so I got another ticket at Kansas City about \$36, 35 I was glad I had enough money to buy ticket, So now we all got home and safty. I got my trunk alright too. Now we are at home I certainly was glad to see my folks and they were glad to see us too, But too love some for Carlisle, I will never fore get Carlisle

how nice we are having at Carlisle
Indian School. I told my people
all about what we are having at
Carlisle, also kind to them.

I am doing my best to make a
good living now, so I would like
you to send me my money that
I have in the bank about \$10.11, 88
Then I will built a house better
home, I am now helping my father
on the farm, but will soon get a
job some where around here and
will get some more money ^{make a} to good
living. So please send me the money

received his clothes and was so pleased and thankful for them, he is a very grateful boy and a very good boy. and we all like him so much my two little children think he is a wonderful boy and treat him just as though he belonged to us. I have been sick for a long time with necrosis of jaw bone. so Mr. North and I have not attended church most every Sunday Washington gears up and takes the two children to church & Sunday

and Sunday School. Mr. North's
brother about 3 mile from he
the phone in his house. Tues
night Andrew and Washington
have a talk over it, it does not
cost us any thing as we are on
same exchange, and they have
lots of fun. He is getting along
nice at school. Now my main
reason for writing is that
Washington has no work shoes only
a very poor pair that we gave him.
Mr. North wants to know if he shall
buy him a pair out of his money
or if you will send him a pair?
He will need a heavy pair for
the weather is getting cold and
ground wet. Mr. North will put
a good coat of grease on them
so the water will not soak in.
Kindly advise us what to
do, as we will drive into town
next Monday.

Dear friend:-

I am very much pleased to hear that the Hopi boys living in your neighborhood are doing so well. The prime object of the Carlisle Outing System is to give our boys and girls a knowledge of good home life.

As Washington drew shoes from the school so recently, I think you had better buy him a good pair and pay for them out of the wages you are due him.

Trusting that I will continue to hear good reports from the boys, I remain,

Sincerely yours,

Superintendent.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
