This reply to your very interesting letter has
been so long delayed because I desired to find out just
how much more money there is available from our trans-

portation fund to bring students to Carlisle this year.

Although exact figures are not yet before me for consider-
ation I have come to the conclusion that it will be best
to admit only those mature and well recommended students
who can provide their transportation to Carlisle from their
own funds and only under those conditions can you be ad-
mitted.

I have learned that you had made a very excellent
record here before you were called to your home and with
the added work that is to be included in our courses next
year I am sure you could not do better than to return to
Carlisle. The training that is to be given beginning with
next year will fit any ambitious young man to take his place
among white men in any community when his school days are

Dear sir its been a long
since I have written to dear old
Carlisle. I left there two years ago, but
nothing can make me forget that dear
old place. Although I was only one
year at Carlisle in that one years
time I learnt a whole lot. And so far
I have been trying to live up to the Carlisle
standard and its teachings. At present
I am farming and taking care of mother
stock on our place ^{here} at Jahvilla Riverside Co.
California. This winter mother has asked
me about my school saying that, I ought
at least have a few years more school
work some where if not at Carlisle. And
of my self here in the last few months
I have been thinking about school, a school
where I could learn trade as well as
school work. and I have looked forward to
Carlisle for help. Looking over the records
one finds its so that I left Carlisle before
my time was up, but it was duty that
called me. Which is the principle I think
that every young men help his home folks
in time of need. I look to Carlisle for
education, because of its wonderful
school system, Academic, Industrial,

and Outing system, From
the room that I went when I
and any thing more you would
find out, for I can't tell you all in
short letter ask, my teachers about
Mrs. Fattie Ferguson and Lovell. And
about my industrial, I worked at the
plumbing trade when I was getting along
fine. I worked at my trade only 7 months
being all the time I spent at school I
was doing wonderfully. Being able to run
and take care of the boiler house in
Mr. Tusworth absence the fireman.

Mr. Weber can tell more about this than
I can write. And about my deportment
I think was as good as any one at school
Mr. Dickey I think can tell more about this
And last of all the outing system it's not
because you earn money that I speak
about outing system. But that you are
sent to and among the best people and
people that know farming. Like Mr. W^W Hurley
of New Hope, Bucks Co. Pa. I learnt more
about farming, "and how to do it" with this
gentleman that I ~~was~~ ^{have} learnt before. Farming
is a little different here, from that part of the
country, but it's all the same farming. People
here ask me where I learnt my farming I
tell them Bucks Co. Pa. it sounds like a
joke to them, but they see me do it. but still
it remains a puzzle to them. Also in

I was a promising member in
 the fall squad. Having played in
 and team in my first year. So now
 out see. But that I ought to have a
 better chance at old Carlisle. You can
 see for your self of my past record and no
 doubt but what I have a better chance and
 be a student again at Carlisle. Besides
 me there are two boys here who are also looking
 for a school where they can find help, they
 are young "men of purpose" doing what they
 know, and speaking what they know. One
 of the boys has been to Washington D. C.
 two times with his own money and purpose
 for the benefit of the Chukilla Indians
 will tell you about them in next letter
 so close now with a happy New Year
 greetings to Carlisle. will wait for an answer

Mr. Loretto Lubo,
Cahuilla, California.

My dear Friend:

Your application for enrolment at Carlisle has been received. Superintendent Hall noted thereon his approval before he forwarded it and gave you a recommendation which shows that you must have made the same excellent record at your home as that which is on file in your favor here.

Your return to school may now be accomplished at any time, but it is suggested that you try to arrive here not later than the first week in September. The school work for the year is to begin on September the 7th and you should be here on that date to take up your studies with your classmates.

With best wishes for a continued pleasant stay at your home, I am,

Very truly yours,

HKM.
