Mr. O. H. Lipps,
Supervisor in Charge,
U.S. Indian School,
Carlisle, Pa.

Dear Mr. Lipps:

Referring to a letter received from Field Clerk
A.L. Irvine, of Sallisaw, Oklahoma, relative to Felix Duncan,
(copy of which letter was forwarded to you by Mr. Irvine)
it is suggested that if this boy is returned at Government
expense he should be routed by way of the Frisco from St. Louis
to Neosho, Missouri, and from that point to Stilwell on the
Kansas City Southern. Mr. Irvine was in our Office a day or
two ago and stated that it was very much desired that the
boy remain at Carlisle if his health will permit.

Very respectfully,

MUSKOGEE, OKLAHOMA, March 2, 1915.

Mr. O. H. Lipps,

Supervisor in charge U.S. Indian School,
Carlisle, Pa.

Dear Mr. Lipps:

Following telegram of March 1, relative to Felix Duncan, previous correspondence in his case shows that he has no available funds with which to pay his transportation home. This is in accordance with a statement made by his mother to Field Clerk A.L. Irvine. This statement, bearing date of January 27, was made to Superintendent Parker, copy of which letter was sent to you.

When Felix Duncan came to our Office ready to go to Carlisle he seemed to be in good health but not very robust, and now I regret that we did not require a more rigid examination of his condition.

In our letter to you of February 3 a routing was given in case you returned him home at Government expense.

Very respectfully,

John B. Brown
Supervisor, *J.B.*

Mr. John B. Brown,
Supervisor of Indian Schools,
Muskogee, Okla.

Dear Mr. Brown:

I regret very much to report that during the past several days the condition of Felix Duncan has unexpectedly become more serious. I have just wired Field Clerk Irvine at Sallisaw as follows:

"Felix Duncan had a second severe hemorrhage this morning. Resting comfortably now."

On Tuesday, the 23rd instant, our school physician addressed a recommendation as follows to me:

"Felix Duncan who has been seriously sick is up and around. As the boy cannot be retained with safety I recommend that he be sent home. He will be able to travel by the end of the week."

Very respectfully,

HKM.

Supervisor in Charge.

March 2nd, 1915.

Mr. John B. Brown,
Supervisor of Indian Schools,
Muskogee, Okla.

Dear Mr. Brown:

This forenoon our School Physician reported to me that he does not consider Felix Duncan's immediate condition as very dangerous, but that the outlook on the future is bad.

As I have about decided to send the Physician as far as St. Louis with Felix just as soon as it is safe for the latter to undertake such a journey I would thank you to advise me at once by wire whether you can arrange to have the boy met at Neosho, Missouri, upon his arrival there.

I have your telegram of the 1st instant recommending that the boy be sent home at Government expense and a letter from Mr. Irvine to the effect that his people do not have any funds that could be used to get him home.

Very respectfully,

HKM.

Supervisor in Charge.

March 29th, 1915.

Supervisor of Indian Schools,

Muskogee, Okla.

Dear Sir:

I enclose herewith a copy of a telegram that will go forward to you this evening.

Felix Duncan's condition has improved so rapidly that he should be able to take the trip home without undue fatigue.

His transportation has been routed over the Frisco to Neosho and the Kansas City Southern from Neosho to destination as was requested in your letter of February the 3rd.

It is desired that I be notified when the boy has arrived at his home.

Very respectfully,

HKM.

Supervisor in Charge.

(Copy to Field Clerk Irvine)

Mr. Irvine:

Below is submitted a copy of the telegram referred to
in copy of letter to which this is attached:

"Referring to letter of February 3rd you are advised that Felix Duncan is in good condition and will leave here tomorrow evening accompanied by Edward Sockey, enroute to Panama, Oklahoma. The boys should arrive at Neosho at 7.00 o'clock on Thursday morning, April 1st. Letter follows."

Very respectfully,

Sir:

I thank you for your telegram relative to the condition of Felix Duncan. I had already taken up this boy's case with Mr. John B. Brown's office and was told that they would try to secure funds with which to bring Felix home, but I had heard nothing further.

I have again taken the matter up with Mr. Brown by telephone and he tells me he will do the best he can to get Felix home right away. His family have no funds to send him home on.

Respectfully,

Supervisor Lipps:

I think it advisable to send Felix Duncan, one of our recent arrivals, home. Felix has a severe valvular lesion of the heart which constitutes such a handicap that I do not think he can hope to get much benefit from school. I have been obliged to retain Felix at the hospital in the past on several occasions and he is again here.

The following children are tubercular and are at the hospital receiving treatment: Alice Logan, Hail Downing, Edward Sockey and David Ironelk. All are doing nicely but I intend to recommend their dismissal some time in the future.

Respectfully,

Hon. Gabe E. Parker,
Supt., Five Civ'd Tribes,

Sir:

Mrs. Lydia Duncan of Stilwell, mother of
Felix Duncan, who was placed in the Carlisle Indian
School last Fall, turned over to me a letter of the
21st inst. from Supervisor O. H. Lipps, stating that
her son, Felix Duncan, was considered in such state of
health that his removal from Carlisle was advisable,
and asking that she forward funds for the purpose of
removing Felix to his home near Stilwell.

Mrs. Duncan states that they have no funds
that they could send for the return of Felix to his home
and this letter is to request that he be returned at
Government expense if such course is possible. Please
let me know as to this.

Respectfully,

Mrs. Lydia Duncan,
Stilwell, Oklahoma.

Dear Madam:

I regret very much to advise you that your son Felix Duncan is unable to make satisfactory progress here on account of the condition of his health. I submit below for your information a copy of a report that was handed to me only this morning by our School Physician:

"I think it advisable to send Felix Duncan, one of our recent arrivals, home. Felix has a severe valvular lesion of the heart which constitutes such a handicap that I do not think he can hope to get much benefit from school. I have been obliged to retain Felix at the hospital in the past on several occasions and he is again here."

In view of the fact that the young man is not in condition to do much for himself I would thank you to advise me whether you can have some of his funds sent here to pay for his transportation home. Will you let me have a reply soon?

Very truly yours,

HKM.

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the reservation school records. The reservation superintendent should send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

The enrollment of Indian pupils in nonreservation schools is governed by the "Rules for the Indian Service, 1913," sections 12, 13, 14, 15, 18, 19, 36, 112, 113, 114, 117, 118, 124 (b).

The Rules should be consulted before filling out the application blanks.
