INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without special permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Dear Sir:-

Will you kindly let me know whether you
have had any word from Miss Mamie Rose, a student
at your School, who left there on the 24th of June.
She wrote me that she would reach Pittsburg very early
Tuesday morning about 2 o'clock, June 25th and for me
to meet her Tuesday morning, but to eat breakfast be-
fore I went in to town to the Station, and would wait
until I came to meet her, as she had promised me
a visit on her way home, so by some misfortune her letter
did not reach me until Tuesday morning ten o'clock,
it was eleven before I made it to the Union Station
and Mamie was not to be found. I inquired of the Matron
and Deaconess but they had not seen her either. We waited
four trains but saw nothing of her.

have written me a line of your reaching home. I
She certainly is intelligent enough to know that we
would be anxious about her. I should have written you
sooner, but kept delaying, thinking some word from
her would enlighten us.

Pittsburg is a dangerous place for young people, alone,
and unprotected, although Mammie is old enough to take
care of herself. For I had often warned her to trust
no one except an officer. Yet I can't rest easy
until some news of her whereabouts is forthcoming.

so if you can give me any information, it will
be gladly received and appreciated. as Mammie
appeared to me to be a good girl. and I would
like to be certain that she is safe at home.

Hoping to hear from you soon as convenient

I am Sincerely,

(Mrs.) Margaret P. Lamb.

Dear Madam:

Your letter of the 27th ultimo received.

A post card has been received at this office from Mamie Rose's grandfather, saying that she arrived home all right, but that she had taken the wrong road and reached home one day late. It is very evident that Mamie made this blunder because she stopped over at Pittsburgh. She was given a ticket through to her home and this difficulty could not have happened otherwise.

Very respectfully,

LaF.

INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT BY NONRESERVATION SUPERINTENDENT OR RESERVATION SCHOOL PRINCIPAL

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
