Agent or Superintendent.

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a non-reservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

NOTE.—Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

My dear Mr. Janus:
Can you assist in
collecting the amount mentioned
below from Robert Bruce?

Respectfully,

April 29th, 1914.

HKM. Supvr. in Charge.

Mr. Robert Bruce,

Medicine Lake, Montana.

My dear Sir:

As I have not received a reply to my letter
of March the 24th, in which I called your attention to
the unpaid note for \$42.95 that was given by you to Mr.
Friedman at this school on April the 30th of 1913 to cover
the amount that was advanced you to pay a part of your
transportation to your home, I again ask you to give the
request for payment your consideration.

The money was given you when you needed it and
upon your promise to pay it back just as soon as you could
earn that amount. The indebtedness was contracted a year
ago and payment should be made without delay.

Very truly yours,

HKM.

Supervisor in Charge.

Copy to Superintendent Janus.

Mr. Robert Bruce,
Medicine Lake,
Mont.

Dear Sir,

I am writing you to call attention to your note dated April 30th, 1913 in the sum of 42.95 in favor of Mr. Friedman, the same being an amount advanced to you at the time you went west to take your position. I am informed this note should have been paid before this time. Kindly remit at once and oblige.

Very respectfully,

W.H.M.

Supervisor in charge.

Medicine Park, Montana

May 6, 1913,

My Dear Sir:

your letter of April 29th
at hand, I haven't forgotten
the note for \$42.75 given me
by Mr Friedman to pay my
transportation. But the fact
is I never had enough money
to pay it back since my
leave from Carlisle. I had
but a month or so to complete
my term at Carlisle, when I
received a letter from my father
to come home and help do the
spring work. So I saw Mr Friedman
and he gave me the money with
the understanding that I pay

it back just as soon as I could ^{earn} ~~earn~~
that amount, I am helping my ^{father} ~~to~~
farming, and what money we make
is made in the Fall. I have no
money at the present time, and
don't think we will get any until
fall when we sell our grain.

So the best I can do is to pay you
then. The crop was not good last fall
so could not send you any money
So I hope you will understand
the condition I'm in, and give
a little more time to pay that
note.

Sincerely yours
Robert Bruce

O. H. Lipps,
Supervisor in Charge,
Carlisle Indian School, Carlisle, Pa.

Dear Mr. Lipps:

I have received a copy of your letter of April 29, 1914, with your note asking me if I could assist you in collecting the amount.

I regret to say that Robert Bruce has no funds in charge of this agency, and no present prospect that he will have any. He has, however, an allotment and is a ward of the Government, and I have written to him calling his attention to the impropriety of his conduct in not even acknowledging the receipt of your letter to him. Even if he could not pay the amount, he should at least ^{have} said so.

I may be in Medicine Lake this summer, and if I am will make it a point to hunt this young man up and see if something cannot be done about the matter.

Very respectfully,

Superintendent.

INFORMATION REGARDING RETURNED STUDENTS
PART 1
REPORT BY NONRESERVATION SUPERINTENDENT OR RESERVATION SCHOOL PRINCIPAL

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Writes To Forget Lonesomeness

Dept. Carlisle and School
Carlisle, Penna.

My Dear Sir:-

I never get alone some, but there are times when I should be more cheerful, I have experienced moments when an almost ⁱⁿ⁻expressible longing for familiar faces and sights, just about over whelms me, and the remedy is to get busy and forget it, and so the mission of this letter, is to get busy and forget. In looking over the papers I receive from the states, I have noticed with a grateful heart the loyal support which is given us at home, and appreciate the sacrifices that you are all making in our behalf to add to our comfort, unless ^{some} most considerate and we never fail of sufficient food of good quality, unless the transportation fails, which is not often.

If you could see the conditions here as I have seen it you would know how much we were needed, and what a glorious promise we have wrought.

I have often wondered how remarkable - almost wonderful - to think we are standing at the apex of history regarding the mysterious past and the bloody trail of humanity as the race fought its way on-ward and up-ward thru the ages, and then to look on the

future from which we expect so much
when this Carnival of murder shall have ended,
to live in this generation is an education,
to participate in the struggle an inspiration,
and I am sure we shall yet attain the principals
for which we are fighting for in this stupendous
struggle to make the world safe for democracy

~~As~~ I write this I can hear the crack of
the rifles and it is making me just a little
nervous. My brother Fred went to the front
about a week ago, and I will also be going
in a few days

Enclosed you will find a clipping I took
from one of the Dakota papers, we may not all
return with the Croix de Guerre, or have the chance
Charles Rogers had, but believe me, we are all doing our
bit, and when the supreme test comes I am sure
the Carlisle boys will not be found wanting.

I never saw a better aggregation of men than the
regiment I am in at the present time. I hope
we may all have another look at the statue of Liberty
but - it grows late, the bugles long ago blew taps, night has
descended again and quiet reigns, close by I can hear
the tread of the faithful sentry as his iron-shod trench
shoes crush the gravel. The day is officially done, I must
get into the blankets for to-morrow will be full of
duties, and I shall need strength for another day.

When any of you feel real patriotic, please
write me a cheering letter, for I don't often get
one. very sincerely yours
