### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Unless Francis Bacon has been in school during the school year 1913-14 and has done creditable work, he could not graduate here before May 1916. He dropped out of Carlisle just as he was beginning to so-called "Junior" year.

Mr. Francis Bacon,  
Plummer, Idaho.

My dear Friend:

This is to acknowledge receipt of your letter of August the 17th and to advise you that permission can be given you to return to Carlisle to complete the work given here with your classmates, providing you would arrange to provide your own transportation. Our Principal Teacher has reported that you left the school just as you had started the studies prescribed for the "Junior" year, so that you would have to devote two more years to your studies to be entitled to a diploma.

I thank you for the names of prospective students you suggested in your letter. A school circular and application blank in duplicate are being mailed to each one of the young men and I would be pleased to have you give them such additional advice and assistance as may be required.

Very truly yours,

HKM.

Supervisor in Charge.

Mr. Oscar H. Peffer Supt.,  
N. S. Indian School,  
Carlisle, Pa.

Dear Sir;

In answer to your letter of July 20<sup>th</sup> I wish to say that the following young men living on this (Cow D'Alma) Reservation would like to come to Carlisle. Mrs. Hannah Liberty of Tshoa, Wash., Mr. Albert Nipson of Tshoa, Wash., Mr. Alick Devo, Tshoa, Wash., and Mr Louis Tesone of Sorrento Idaho.

I would like to return also and graduate with my class, but I fear that I couldnt, as I havent been to school since I left Carlisle in June 1913, however I will do my best to uphold the standard of Carlisle, as an ex student instead of a graduate.

Yours very truly

### REPORT BY RESERVATION SUPERINTENDENT

AGENCY, \_\_\_\_\_, 1913  
 Date pupil returned from school, \_\_\_\_\_; employed since return as follows:  
 \_\_\_\_\_  
 Are home and local conditions favorable? \_\_\_\_\_  
 Should he receive assistance to find employment? \_\_\_\_\_

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
