Dear Friend:

I am sending you under this cover some application blanks for your daughter Abbie and any other girls or boys who wish to attend the Carlisle School. After these have been filled out carefully, they can be mailed to me for examination, so that we can place transportation, if the students are acceptable. If your younger daughter can see to study and the doctor passes her, and writes me a letter to that effect, it will be satisfactory for you to send her at your own expense, and I shall grant her permission to return home again at your expense at the end of year when the regular vacation begins.

Very respectfully,

MF:SR

Superintendent.

Miss Abbie Jamison,
Angola, New York.

My dear Friend:

I thank you for your letter of September the 10th, advising that Lillian Dextator would not make a desirable student at Carlisle. You could not have done better than to deny her the use of an application blank, because it will be best to enroll only those students who come here with a definite purpose to make the best use of their school time.

I am pleased to know that you have been employed since your return home and that you expect to return here for an additional period of enrolment. You can be received at any time, but as you are now more than twenty-one years of age you will have to pay for your transportation to Carlisle.

Hoping that we shall see you here soon, I am,

Your friend,

HKM.

Superintendent.

P. S. A copy of our school catalogue is being mailed you under a separate cover.

Mr Friedman

I am writing to you concerning about Tillian Doxatator. She ask me for an application, and I didnt give her any, for I thought she wasnt the kind of girl you wanted.

She is very bad girl she run of and goes with any old thing. She has been living with different

men. And I know you do not want that kind of a girl in school, And her brother Jack Doxtator has been doing nothing but drinking. I hope I have done what is justice, for not given any application. For I know you are anxious to have a good set of girls. I have been working in Angola since I have been back from school have a very nice home but I think I will return soon, as I get so lonesome for dear old Carlisle.

Carlisle has done me good
and thanking you for
your kindness. Will you
kindly send me one of the
school catalogue as my
country people are interested
in the school.

I am sincerely your student

Dear madam:

There is herewith enclosed check for \$1.41 closing your account. Please sign the face of check before presenting for payment.

Miss Abbie Jamison,
Angola, New York.

My dear Friend:

It is difficult to know what is the best advice to give you in regard to the matter you have brought to my attention in your letter of October the 8th, because the offer that has been made you appears to be a very liberal one in every way. It is especially attractive because you will have the opportunity to continue with your school work.

Under the circumstances I shall leave the case for you to decide as you may think best, because it will only be a few years longer until you will have to make all your own decisions. I will only add that you should not yet give up going to school, whether that be here at Carlisle or at your present home, and that you have my best wishes for success in whatever you undertake.

Miss O'Reilly's letter to you is being returned to you herewith.

Truly your friend,

PART 2

REPORT BY RESERVATION SUPERINTENDENT

AGENCY, _____, 1913

Date pupil returned from school, _____; employed since return as follows: _____

Are home and local conditions favorable? _____

Should he receive assistance to find employment? _____

At what employment do you think he would do best? _____

Remarks: _____

_____, Supt.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
