INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mrs. Rawlings home is a farm in the country and conditions and environments seem to be of a very happy and pleasant kind. In the winter the family is somewhat smaller. One daughter is principal of schools in Rising Sun. The family is very much pleased with Nora's disposition. They would like her to remain with them for the winter. Nora liked her home but would rather come back to Carlisle. She had no definite reason for coming back to school. I deemed it advisable for Nora to remain through the winter with Mrs. Rawlings.

Dear Sir:

I have your bill of \$20.00 against Nora Ground, one of our Indian girls, for professional services and in reply will say that Nora does not have one-half that amount in bank here to pay the bill. We have no fund from which to draw to pay such bills so the pupils have to pay for such services. Nora is earning only \$4.00 a month and a bill such as the one you rendered seems exorbitant to charge one of such small earning capacity. If your bill were smaller you would stand a better chance of getting your pay sooner. Under the circumstances it will be impossible to pay this bill until the girl has earned the money.

Very respectfully,

Dear Sir:

I have just received your letter and try to state that there is nothing important about my bill for services rendered Mrs. Ground. The work was arranged for by Mrs. Robt. Rawlins who had an understanding as to what the bill would be. Some of her teeth were in a very bad condition and required a great deal of treatment for which I made but a very nominal charge. If you will refer to the attached statement which I sent you the first of the year and bear in mind the fact that the girl received first class service I think

you will realize the injustice
you have done me by accusing
me of being exorbitant in
my charges. That is if you
know the difference between
first class dentistry and the
cheap kind. Trusting this ex-
