The laws relating to the transfer of Indian children from reservations and schools are as follows:

Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. Date pupil returned from school, \_\_\_\_\_; employed since return as follows:

## SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

---

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. Frank M. Marques,

201 N. Allen St., Albany, N. Y.

My dear Sir:

I have waited in vain for a reply to the letter I addressed to you on April the 15th. It surely must have reached you because it was not returned here.

You must realize that you cannot afford to let the request for settlement from Mr. Carruthers go unheeded, and that your failure to reply to my former letter might also be misunderstood. For your own satisfaction, therefore, let me hear from you and let me urge again that you arrange with Mr. Carruthers for the settlement of the indebtedness he has carried so long for you.

Very truly yours,

HGM.

Supervisor in Charge.

My dear Mr. Carruthers:

I send this copy of a communication I have just again addressed to Frank Marques. I trust it will bring a letter for each of us, at least.

Sincerely,

XXXXXXXXXXXX

Mr. Frank M. Marques.

April 15th, 1914.

Mr. Frank M. Marques,

201 N. Allen St., Albany, New York.

My dear Sir:

I submit below for your information a copy of a letter that was addressed to me on April the 11th by Mr. Carruthers of the Chiloceo School. Will you please let me know at once what you can do to satisfy his claim, so that I can advise him accordingly?

"I have been intending to write the Supt. at Carlisle for a long time but have neglected it until now, though I am really glad that I did for I now have the pleasure of writing to an old friend.

I notice that the Arrow under date of Feb. 13/14 published the following: 'Frank M. Marques writes from 201 N. Allen Street, Albany, N. Y., that he is still working at his trade as a machinist'. I wrote him several weeks ago, but as usual, have not received a reply. While Frank was working here as an assistant six or seven years ago I bought a set of books for him, seven in all, known as 'Hawkins Engineers Library'. The price was \$12.00 on time or \$10.80 cash. I paid the cash for them and let Frank have them on time in order to save him the \$1.20. He agreed to pay me \$1. a month until paid for. He had only paid me three dollars when he was given a good position in the southwestern part of the state.

Mr. Frank M. Marques.

I wrote him there, also after he went to Carlisle, but have never even succeeded in getting a reply. I am a little short of cash just now and could use that \$7.80 to a good advantage. I know the books have been worth many times that amount to him, and wish to ask if you will use your influence toward getting him to pay me. You can plainly see that it is a just and honest debt, and all I ask is the real money that I paid out, which he has had the use of for several years.

Mr. O. H. Lipps,

Dear Mr. Lipps:

Both of the letters in connection with the indebtedness of Frank Marquez were duly received, and I wish to thank you for the interest you have taken in the case. If your last letter does not bring a reply from him I will <sup>consider</sup> him "bullet proof".

Everything is looking fine at Chilocco just now, crops are better in this locality than they have been for six years. The wheat crop is excellent, and binders are running all around us today, (Sunday) they are about half through and are cutting it a little green on account of being afraid of a storm that will beat it down. The wheat is now standing as straight as an arrow, and when shocked they seem thicker than I ever saw them.

With kindest regards for yourself, Mrs. Lipps and the children, I beg to remain,

Yours respectfully,

L. E. Carruthers
