Dear Mr. Buntin:

Very truly yours,

Your letters of August 25th and 27th, respectively, have been received here and have had careful consideration in connection with Mr. Goulette's application for the re-enrolment at Carlisle of his son Preston. In view of the fact that there was good and sufficient reason to send the boy to his home last year the entire correspondence that has passed regarding the proposed enrolment was submitted to our School Physician with a request that he make a thorough investigation. This morning a statement as follows was submitted by the Physician:

"In regard to Preston Goulette, will say, in no uncertain terms, that this institution is not the place for him. I did not know the boy personally, but from what I have gathered I make the above statement unreservedly. I trust that you are thoroughly acquainted with the essential facts in the case."

Having become convinced that it would not be advisable to give permission for Preston's return to Carlisle I must

Dear Mr. Lipps:

This is to acknowledge receipt of your letter under date of August 24, 1914, relative to the admission of Preston Goulette as a pupil in the Carlisle School.

In reply will say that I am not personally acquainted with this young man or his habits. I forwarded his application a few days ago at the request of his father.

I was under the impression that the condition of this young man's health was the only point considered when he was returned from Carlisle. The question as to, whether or not, this young man should be admitted as a pupil in your school is one for you to determine after considering the entire circumstances connected with the case.

Yours respectfully,

Dear Mr. Lipps:

I herewith inclose the application of J. D. Goulette for the admission of his son, Preston Goulette, as a pupil in your school. This young man was formerly a pupil in your school and was sent home for the reason he was thought to be affected with tuberculosis. It appears as though the young man has regained his health and the school physician certifies that he is in good health.

Mr. Goulette, the father of this young man is a very capable man. His judgment as to the physical condition of his son, should be very good. The parents of this young man are very anxious that he be admitted as a pupil in your school.

Replying to your letter of August the 15th, in which you requested that permission be granted for the return to Carlisle of your son Preston, this is to state that I have written to Superintendent Buntin regarding the re-enrollment.

I must also report to you that Preston seems to have been responsible for his weakened condition and that all efforts to help him overcome his pernicious habit were without effect. It will be necessary, therefore, to take that matter into consideration before he can be allowed to return to Carlisle, if he is re-admitted at all.
