INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Mr. Joe Waupoose,

Keshena, Wis.

My dear Sir:

I thank you for the kind letter you wrote to me when your son arrived at your home. It is gratifying to know that you are so pleased with his appearance and the progress he had made during his stay at Carlisle.

It is hoped that he has found work for the summer and that he will return to Carlisle, bringing other boys with him.

Very truly yours,

Supt M. Friedman

Carlisle
Pa.

Dear Sir.,

I received your
letter dated the 9th of June
notifying me about my boy
coming home so I make arrange-
ments and met him he arriv^{ed}
at the station half hour before
I did I was very glad to see him.
He came home as what you
would call a man and I am
very glad you taught my
boy and thank you very much

because I find that he is a different man now than what he was when he left here from home to go to school.

The reason why I thank you is because I sent two of my boys to a school in this state called Tomah and one of them is dead and ~~one~~ the other ran away and I don't know where he is today he don't seem to care for me but this boy that I sent to you wants to stay with me and help me out. I have a farm and he

knows farming and so I
am going to put him in
charge of it.

Now I believe that the
Carlisle Indian school is
the best place to send pupils
because there are many ex
students around here and
they are all doing excellent
work and getting good pay.

I am very sorry that I
did not let you know that
I wanted my boy to learn
carpenters trade but it is my
~~boy's~~ own mistake.

I have another boy that

I would like to send to
you he is eight months old.

Well this will be all what
I have to say so I will close
thanking you much for
sending my boy back in
good health and also a good
straight boy. I am very
respectfully

 Should he receive assistance to find employment? _____
 At what employment do you think he would do best? _____

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
