SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. Roy S. Large,
Altoona, Pennsylvania.

My dear Friend:

I have just received your letter of June the 22nd, reporting that you have had considerable trouble with your eyes. I am sorry to learn that you have been so afflicted and am referring the matter to the Superintendent of the Shoshone Agency today.

Just as soon as I hear from him I will write you again regarding the assistance you would require in case you are to go to your home.

Very truly yours,

My dear Sir:

Your letter dated June 17th, was received, and in reply to it regarding my condition, I will say the report is no mistake, for I have been suffering very severely with eye trouble.

On June 16th I returned from Will's Eye Hospital in Philadelphia, and during my five weeks stay there, my eyes improved considerably, although I am not able to resume my duties here.

Dr. Schmitz - the head Dr. at the Will's Hospital, advised me to return home at once.

At the present time I cannot furnish the money for my transportation.

Very truly yours,
Roy S. Large.

My dear Sir:

Very truly yours,

H2M. Replying to your letter of June the 11th, in which you bring to my attention the reported condition of Roy Large's eyesight, this is to advise that the young man has not been a student at this school for more than a year and that no such information had come to me here. However, I have written to Roy at Altoona, Pennsylvania, where he was employed after he left Carlisle, and just as soon as I hear from him I will report to you again.

Louis Headley, who is enrolled here from the Shoshone Agency, has had considerable trouble with his eyes and is now confined to a Philadelphia Hospital where he is receiving special care and attention. It cannot be determined at this time just when it will be advisable to let Louis come to his home because I am anxious that everything possible shall be done for him before he returns to his home where he may not get the necessary treatment that is needed.

I would thank you to advise me regarding Roy's condition and if, in your opinion, it would be advisable for him to return to his parents. Also whether you could provide money to pay his expenses home.

My dear Sir:

Since the time your letter of July the 1st was received here I have learned that Roy Large had come to this school on the evening before the 4th of July in what was evidently an intoxicated condition. About four o'clock on the morning of the 4th he was engaged in a fight with another fellow who had come to Carlisle with him, and as near as it can be determined he must have left again before sunrise. Under the circumstances I do not feel justified in asking the authority to pay for his transportation as is recommended in your letter until I hear again from Roy and until I can be assured that he has made any effort at all to use rightly the money he has earned since he was given permission to leave this school.

Sir:

Referring to your letters of June 17 & 24, 1914, regarding the return of Roy Large, you are advised that, if possible, Roy should be returned to this reservation at Government expense. His parents are practically without funds, his mother having \$22.00 land sale money deposited to her credit and his step-father, Valentine Cody, \$87.00 from an inherited estate.

Roy's parents have been working well this spring plowing some of their allotted lands and placing them in cultivation, but owing to late frosts it is doubtful what their crops will be. Valentine has a four horse team of Indian ponies, a wagon and harness, no other stock.

It is recommended that the matter be placed before the Honorable Commissioner as suggested in your letter of June 24th, with a view to having Roy returned home at Government expense.

In this connection attention is invited to the fact that Dr. Dewey will return to the reservation about August 1, 1914, and Roy will receive the best of attention for his eyes after that date.

Respectfully,

Superintendent.
