INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Its absolutely a good opportunity to make good here because the work is being very much and Mr. Harvey Buffamoyer is a very good man to work for. But being handicapped very much and have to pay full price for tools here I decided to report there at school Monday morning and see if Mr. Herr can buy me a set with or on discount. I took this decision after debating over it a while.

Thanking you very much for the work you have there for me I remain

Referring further to the proposed marriage of your daughter, Ursula Vinson, I have to advise that I am in receipt of a letter from Mr. G. N. Assuring you that my best wishes go with the young people and hoping that you will let me hear from you after they have arrived at your home, I am,

My Friend:

Referring further to the proposed marriage of your daughter, Ursula Vinson, I have to advise that I am in receipt of a letter from Mr. O. H. Lipps, Supervisor in Charge of the Carlisle School, in which he states that he advised Ursula and the young man of your attitude and that they will do nothing against your wishes. Mr. Lipps further states that Ursula's term does not expire until next year, but will have no objection to her going home next month, providing she has funds with which to pay her expenses. You understand of course, that pupils who remain at the school during the term of their enrollment, their transportation expenses are paid for by the school, but it appears that in this case if you desire her to return before the expiration of her enrollment it will be necessary to forward the money for that purpose.

Please advise me what you wish to do in this matter in order that I may advise Supervisor Lipps.

INFORMATION REGARDING RETURNED STUDENTS

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Denver, Colo.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Mr. Morgan:

I transmit herewith for your information a copy of a letter I have just had addressed to Mr. and Mrs. Mishell.

In further reference to Aloysius Cheama, I take pleasure in stating that he has been enrolled at Carlisle since January of 1910 and that he has made a most excellent record. He has been instructed in our woodworking department and has developed into a first class carpenter. He has had experience in outside work as well as that which has been done here at school.

Believing that Aloysius would make you a valuable employee I take this liberty to commend him to you and I am sure that any chance you can give him to go to work will be appreciated.

Very truly yours,
