INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

CARLISLE, PA.

Jan 26th. '1914.

Supt. Friedman: I have had Susan White under my care for several days and find that she has a tuberculous cavity of the right lung. Her general condition is such that she should be sent home immediately.

Steele Standsback has improved somewhat under treatment but continues to run a temperature. I understand that arrangements are under way to have him return home.

Mike Abiadosch is to be dismissed from the hospital today. His condition is such that I will no longer insist on his dismissal from school.

After a quiet interval we are again having a morbidity from measles. This being the case it will be necessary to keep on with our quarantine measures as established.

Respectfully,

Walter Prundtloff M.D.

Transportation to Hyande has been procured for her use and it is hoped you can arrange to meet her at that point. Kindly notify me when she has arrived at home.

Hoping that the change will do Susan good and that she will regain her strength, I remain,

Very truly yours,

My dear Sir:

I thank you for your letter of recent date, advising that your daughter Susan arrived at home and that you have secured the services of a good physician to attend her. It is to be regretted that she had to give up her school work at this time and it is hoped that the change will bring her added strength.

Your letter was referred to the School Matron, and she stated that so far as she knows Susan did not leave any of her belongings with any of the girls here. Will you please let me know what articles she left behind so that a search can be made for them?

This is also to advise that I have been informed by the school banker that what was not required to pay for Susan's transportation home was given to her to pay for her incidental traveling expenses.

Hoping that an improvement in her condition can
