Dear Emily:

In reply to yours of the 12th inst. I have to say
that the Arrow is 25 cents per year to all ex-students. If
you have been a subscriber your change of address is being
sent to the printing department. We would be glad to have
you visit us when convenient for you to do so but I do not
advise you to seek work in the town of Carlisle. We do not
encourage any ex-student to work in the town for we have
found by experience that it is not profitable. If you are
not satisfied with your present place, possibly I might be
able to help you locate in Philadelphia.

Mrs. Brosius, your former country mother, frequent-
ly inquires about you.

You have asked about Isabell Jordan. Isabell is
doing very nicely as far as I know now and I hope she will
continue to make favorable progress.

My dear Friend:

I have received your letter of the 3rd instant and have noted that your sister is now eighteen years of age. Under the circumstances she may sign the application for her enrolment without the consent of your father, although it would be preferable to have him give his consent too.

I enclose herewith a copy of a recent issue of our ARROW which contains a complete outline of the courses that are offered for this next year's work, and it is suggested that your sister study the same carefully before she incurs the expense of having an application for her enrolment filled out. Unless there is something special offered that particularly appeals to her she should not apply for enrolment and under no circumstances should you bring her on here until the application has had consideration and it is determined that she is eligible for enrolment.

Very truly yours,

Acting Superintendent.

Mr Oscar Lipps:

Received your letter
on the first of August.
according to the blank I wonder
if my sister & I are able to enter
the school with out my father's
name.

Now my father does not believe
in educating the Indians at all.
he has never been to school very
much during his boyhood, and
being brought up on a farm, working
for his parents. So to day, he
considers he needs no education.

to help him through his occupation..

I have been to Carlisle myself and just now discovering these days that I should have stayed longer, and so I seem to be taking my father's place in trying to educate my brothers and sisters.

My sister has been trying to get to Carlisle for the last two years and he absolutely will not sign his name to any blank in regards to her entering school.

But as we are out here in Vermont, working. I would like to know if we could not just come to Carlisle and leave my sister there. I don't imagine he will remark. after he knows she has worked her own way to school. and I would like to know just what Carlisle can do to help me to transport my sister to school.

We are from the northern part of New York. my sister is eighteen years old and still very anxious to gain all the education that she possible can manage.

Will close with hopes to get some help from the school.

yours truly,

Emily Gorow.

Dear Friend:

I have a sister which she
wishes to go to school
as though she had never
with her in Carlisle. If so, how are
the arrangements in paying our
own fare to do the government part
my fair for transportation?

I have received your letter of the 25th instant and
have noted that your sister's application for enrolment at
Carlisle will probably be submitted for consideration. In
order that the regular blank can be used I enclose herewith
one of those that are now being used.

Referring further to your letter you are advised that
the school work for the year is to begin on September the
7th and that it is desired to have as many as possible of
the new students for the year present on that date to begin
their studies.

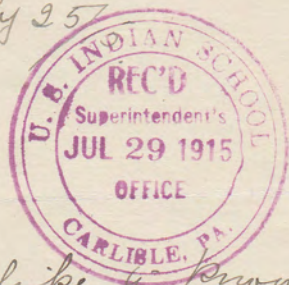

If you desire to come to Carlisle with your sister it
will have to be at your own expense for transportation be-
cause a number of students are now required to pay for their
transportation from their own funds and very few escorts are
being allowed.
