SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school shall be furnished with the original of this form for his files, and the duplicate shall be deposited in the office of the superintendent in charge of the reservation. The Reservation Superintendent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer. 6-870

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Mr. John W. Howard, Superintendent.

April 3rd, 1914.

Mr. John W. Howard,
Superintendent, White Earth Agency,
White Earth, Minn.

My dear Mr. Howard:

Thinking that I may have your assistance in getting Marie Richardson, who is enrolled here from your jurisdiction, was given a diploma yesterday to show that she has completed the prescribed course in the Business Department at this school.

Some time ago she had requested leave to go to her home on account of her mother's illness and when she renewed that request today it developed that inadvertently the Government was charged with her transportation when she returned to this school last fall. Inasmuch as Marie is now again asking for transportation at Government expense it is my opinion that an amount of \$30.18 should be sent to me to reimburse our official fund here for the amount that was expended to bring her here. It can then be arranged to send her home at Government expense.

In this connection I will report that Marie claims to have handed a sufficient amount of money to her father with which Mr. Perry was to pay for her transportation and all traveling expenses for her return to Carlisle. However, the records here indicate that both her transportation and her incidental travel-

ing expenses were paid from official funds. The amount to cover the latter expenditure was included in Mr. Perry's expense account.

Trusting that I may have your assistance in getting this matter adjusted without delay, so that Marie can be returned to her home to assist her mother, I am,

Very truly yours,

HKM.

Supervisor in Charge.

Mr. J. H. Ryan,

Ogema, Minnesota.

My dear Sir:

This is to acknowledge receipt of your favor of recent date, with which you enclosed an amount of \$50.18 to be credited to Mamie Richardson's account at this School. Such action has been taken and in accordance with her desires it has been arranged for her to leave here tomorrow evening. Transportation to Ogema will be procured for her use.

Mamie was given a certificate at our Commencement Week exercises, showing that she has completed the required work in our Business Department. She is fitted to take a position in the Indian School Service and if there is anything that I can do to co-operate in getting her placed I shall gladly do what I can.

Hoping that it will be convenient for you to notify me of her arrival at your home, I am,

Very respectfully,

HEN.

INFORMATION REGARDING RETURNED STUDENTS

REPORT BY NONRESERVATION SUPERINTENDENT ON RESERVATION SCHOOL PUPIL

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
