INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mr. Joe Cogswell,
Charlevoix, Michigan.

My dear Sir:

When your letter of inquiry about the condition of your daughter Mary's health was received here it was referred to our school physician with a request that he make an examination. I submit below for your information a copy of the statement he issued yesterday:

"Mary Cogswell was in the Hospital from October to December with rheumatism. She is apparently in good health at this time."

In view of this report there seems to be no reason why Mary should not continue with her school work. The satisfactory progress she has made in her studies is a further indication that she is able to go ahead with her school duties and that she has the strength to remain in school.

Regarding her return home for vacation I can only state that the request will have to be given definite consideration nearer the close of this school year. The

Regulations require that when students are to go to their homes during the period for which they are enrolled an amount sufficient to pay for the transportation home and back again shall be placed on deposit. Then at the termination of the period of leave the required transportation can be arranged for from this end.

I have been informed by the local ticket agent that the cost of transportation to Charlevoix this month is \$18.38, so that an amount of \$40.00 would be sufficient to pay for Mary's transportation both ways and would leave her a small amount for incidental traveling expenses.

I shall be pleased to hear from you again regarding the return home of your daughter.

Very respectfully,

Supervisor in Charge.

Handwritten notes:
 Mary is in hospital about a month. We take it from her letter that she has been in the hospital about a month. Also that since she came out of the hospital that she has not felt well. Now we feel worried about her and want to know just how she is. Whether her health will permit of her continuing in school and attending to all things in connection with her studies.

Or whether it would be better for her to quit school and come home. - We want to do what is best for her. - And yet we are very anxious to know all about her. We see from examination report that she is doing very nicely in most of her studies. Now is it best for her to continue at school, or is her health good enough to allow her to keep up her studies, or a better part of them, or not, or do you think that it would be best for her to come home. Anyway we want her to come home for summer vacation when school lets out and what will be the cost of her coming home. Kindly answer. And thank you for the information.

My dear Sir:

This is to acknowledge receipt of your letter of April the 1st, with which you enclosed an amount of \$40.00 to be used to pay for your daughter Mary's transportation home. The amount has been properly credited, but as only the graduates are returning home this month it will be necessary for your daughter to continue with her work until the close of school in June. At that time she will be allowed to go home.

Mary will be provided with transportation for her passage to Charlevoix, and as near as it can be determined she should arrive there Saturday forenoon.

My dear Madam:

I have noted the information you conveyed to me in your letter of September the 3rd, but before it can be decided whether your daughter Mary should return to Carlisle it will be necessary to submit for my consideration a statement from your family physician. His examination should disclose any illness Mary may have and his recommendation as to the advisability of having her resume her studies at Carlisle is desired for our files.

Hoping that my request can be complied with at an early date, I remain,

Dear Sir:

I am now going to drop these few lines in order to inquire if you want my daughter Mary to go back to school or not.

Of course for my part I do not like to have her go back. As I am not very well, neither is Mary.

I'd like to have her stay with
me. She is not well. If she
did go there, she couldn't go
to school any way. So I don't
see any use of her going.

But I am writing to you
'fore I'd want to know
your opinion.

Please answer soon.

My dear Sir:

I return to you herewith the correspondence with Mary Cogswell which you forwarded to me for my information with your letter of October the 12th.

Though it seems only fair that she should be asked to return to Carlisle to complete the period of enrolment for which she was originally received here, I shall not object to her enrolment at the school under your jurisdiction where she will be nearer to her home. Mary is too young a girl to give up her school work at this time and if she believes it inadvisable to return to Carlisle I release her from this school with the understanding that she will have to enroll at Mount Pleasant.

Dear Sir:-

Last spring at your request I sent you \$40 to pay for expense of My daughters return to Charlevoix and to return to Carlisle and you stated that you would return to me whatever sum was unused in case my Daughter, Mary Cogswell was unable to return to Carlisle. She has been sick all fall and is at present sick in bed and under the doctor's care so that it is impossible for her to return to your school. Therefore kindly return the money unused as the sickness has caused doctor bills to pile up and the money can be used to the best advantage. Thanking you for giving this your immediate attention, I am,
