Dear Walter:-

Replying to your letter of the 22nd inst., I have to inform you that James Walker is now in the Insane Asylum at Patterson, N. J. On receipt of a telegram from Dr. Armstrong I sent Mr. Dickey out to look after James Walker's interests. He had James transferred to the City Hospital, Newark, N. J. but the physician in charge there decided he was insane and had him removed to the Insane Hospital.

We have not been able to ascertain whether his insanity was brought about by too much drink or whether he got to drinking because he was insane. It is a great calamity which has befallen him anyway. I hope you boys who associated with him, will learn a lesson and not be led astray as he was.

Very truly yours

My dear Sir:

At the request of your son Walter it is being arranged so that he can leave here for your home on Friday afternoon of this week. Transportation for his passage to Lester Manor will be provided for his use.

Walter has made a good record at Carlisle, has had excellent training in the work at his trade and I trust he will have an opportunity to go to work for himself without delay. He should not have any difficulty at all about holding a good job in any blacksmithing establishment.

Very truly yours,

Sir:

Walter Bradby, who is referred to in your communication of April the 15th, was enrolled at Carlisle for three years prior to the opening of the school year in September of last year. He was trained as a blacksmith and as an assistant to the School Engineer, where plumbing, steam-fitting, electrical and general repair work were included in the duties to be performed.

He made an entirely satisfactory record at Carlisle and I believe he is worthy of being given a trial. I should not hesitate to give him a chance in any position he is qualified to fill.

Very respectfully,
