INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Carter, S. D.

My dear Benjamin:--

I think when you left Carlisle a few weeks ago, you promised to write me a letter. I may have been mistaken but anyway I have been wondering why you have not written to me before this time.

I have thought about you and wondered how your health was. I hope when you get this letter you will write me a long letter and tell me how you are and what you have been doing since you left the school.

Since the boys and girls have gone under the outing or to their homes, we have quite a small school and yet we have our own good times. We all have to work hard during the day but our evenings are long and pleasant and I think the boys and girls enjoy the baseball and other games. The employees have a base ball team and we have already accepted challenges from the Small Boys' team, the Girls' team and the Bear Creek Club team. We were defeated each time but as the spectators seemed to get a lot of pleasure out of these games, we did not mind the defeat much, knowing that we had given pleasure.

Mr. Duran has arranged a very full program for the Fourth. We are to spend the morning in the Grove and have our dinner out there. There are to be some very interesting and exciting races on the Athletic field in the afternoon. Everybody is to take part from the oldest employee to the youngest child who can walk. In the evening, we will have a band concert and a lawn social. I hope you may have as good a time as we are anticipating.

Sometime before long, we are to have a special number of the Arrow, the Commencement number. I have put your name on the list and will

Benjamin Nightpipe-2

send you a copy. I think you will enjoy looking at the new pictures we are going to have in the Arrow, and will also enjoy reading about our Commencement. Perhaps you have not heard that your old Troop F won the banner again. Captain Tibbetts did not have a walk-over this year however, as the other troops showed up remarkably well.

I have not heard from your brother Clarence since he went under the outing but Mrs. Denny tells me he is in a good home and I suppose he is getting along all right. He lives with Mr. W. H. Bower, Hope, New Jersey. Perhaps you know this place as you have lived in that neighborhood yourself, I understand.

Now Benjamin, I hope to hear from you soon and I hope it will be very good news about your health which I will hear.

With my best regards to you, I am

Your friend

Dear Miss Cornelius:

Benjamin Nightpipe spoke to me in a very discouraged way yesterday. He is afraid of the climate here and is fearful that he may not get well. He lives, I understand, on the Rosebud Reservation which has an altitude of about 3000 feet and there is a hospital there in which he could get as good attention as we can give here.

He will see the doctor this morning and please advise the doctor of these facts and report to me whether he feels it is desirable to return Benjamin to his home. I want to do what is best for the boy and if the doctor thinks that he can do as well or better there, I will arrange to send him home at once, but I would like the doctor's opinion.

Respectfully,

✓ ^{PS} In regard to Benj. Wright pipe will say that he
has a mass of enlarged glands, on both sides of

I would advise his prompt return to his home.

Dear Sir:-

I have just received the following report from
our school physician,-

"In regard to Benjamin Nightpipe will say
that he has a mass of enlarged glands on both
sides of neck, some will soon open, unless they
can be checked; also an area of dullness on
left lung. I would advise his prompt return
to his home".

In view of the above, I believe it best to
send Benjamin to his home and I will make the necessary
arrangements to send him as soon as he gets a letter which
he is expecting from his father.

His neck requires constant medical treatment
which we could have given him here but I am sending him
home because it was his earnest desire to go and I thought
that being at home with his own people and in his native
climate would do him more good in the end, especially as
you are able to give him the same treatment we could give
him, in your reservation hospital. I will wire when he leaves.
Very truly yours

My dear Sir:

Arrangements are being made so that your son Benjamin can leave here on June the 7th with the other boys from this school who are entitled to go home this year on account of the termination of their periods of enrolment. A ticket for his use to Valentine will be provided and he should have a sufficient amount in cash to pay for his stage fare from Valentine to Rosebud.

Ben has grown so very rapidly this year that he does not seem to be as strong as he should be. It is hoped, however, that the summer at home will help him and that you will allow him to return here in September to continue with his studies.
