December 30, 1913.

Mr. M. Friedman, Superintendent:

I have the following to report in regard to Joseph Lombard a student of this school; Joe asked permission to work at his trade all day during this year and was granted the same, he seems to be interested in his work and in general is giving good effort to learning the plumbing trade here, I have not detected but very little of his old time failing for strong drink and believe that he is taking an earnest stand against it, I believe he had a strong appetite for drink when he came to Carlisle. His foreman has reposed much confidence in him and tells me that he has not failed him.

My dear Sir:

This is to acknowledge receipt of your favor of June the 10th, with which you transmitted a forty dollar draft to pay for Joseph Lombard's transportation home. In accordance with your request due credit has been given for the amount and it is being arranged so that Joseph can leave here on Monday evening, June the 15th. Transportation for his passage to Skiatook will be procured for his use.

In my letter of the 11th instant I explained to you that the amount you had placed on deposit for Joseph's return to Carlisle last year was not used for transportation but was expended by Joseph from time to time. The balance of the forty dollars you have sent, which is not required for transportation, will be given to Joseph to pay for his incidental expenses enroute home.

Dear Sir:

I take great pleasure in writing you a brief letter in regards of me returning to Carlisle this fall. My term is out in this coming March. But the reason I want to return to Carlisle is that I want to finish up my trade this year and I wish to work all day as I have done for the past year.

And will the School provide me with a transportation? The reason I want to know is that I returned to Carlisle last fall and about two days after I left a ticket came for me so as to avoid mistake please let me know at an early date.

Mr. Joseph T. Lombard,

Skiatook, Oklahoma.

My dear Friend:

Upon receipt of your letter of August the 20th, I made inquiry about your work last year and I learned that there was some question about your being able to make much more progress here in your trade because of the limited amount of new work that has to be put in by our School Engineer's force of helpers. The question of having you devote all your time to your industrial work has also been considered and it has been decided that you would probably have to take up your school work just as all other boys will be required to do.

It would also be required, before you return to Carlisle, that I be assured by the Agency Physician at Pawhuska you are not affected with a venereal disease of any kind. The blood pressure test which was taken last year indicated that your condition was not altogether satisfactory at that time.

You do not have any funds to your credit here and so

-2- Mr. Joseph Lombard, Skiatook, Oklahoma.

transportation can not be provided for your use. Last year you had deposited funds to cover your return transportation to Carlisle, but that amount has since been expended by you, as you were informed before you left here this summer.

My dear Sir:

Replying to your letter of recent date, this is to state that Joseph Lombard's record has again been a satisfactory one during the school year just past and that I will gladly co-operate with you in arranging for his visit at your home during the vacation months.

Although the money that had been deposited for Joseph's return transportation to Carlisle was not used last year practically all of it has been expended since then by Joseph in small amounts he has drawn from time to time. Since his period of enrolment does not terminate this year his transportation would again have to be provided for.

Hoping that you will let me hear in what other way I can be of assistance, I remain,

Mr. Meyer: I do not believe that a syphilitic condition could positively be demonstrated by a blood pressure test in the absence of other specific signs and symptoms. Joseph has a clear record of health since his residence here. I have had no suspicion of venereal trouble in his case and therefore have not examined him with this in view. Lombardi's eyes are however bad. I refracted him and gave him the best correction possible to me.

Dear sir:

In reply to letter of Ed. Fox submitted for my remarks on Joe Lombard I would say that Joe has been doing very well for the past year in his work and avoiding the use of intoxicants. As he has poor eyes he has not been able to attend to his class room work much of the past year and as he has acquired about all of the course in plumbing here unless he takes up some other trade I suggest that his time could be better applied working with some practical firm of plumbers than to continue along that line here as from now on his work will be mostly a routine of what he has already learned.

My dear Sir:—

I take great pleasure

writing I am in the very best of

And I wish to state that
I often wish I was back in dear

And that makes me wish
the more to be back in Carlisle

I have another year at least

was to stay in Carlisle but in
your letter you stated that I could
make but very little progress

at the plumbing trade but still I
beare I could learn a great deal
more at the school shop.

I get the regular degree of a

My dear Friend:

Upon receipt of your letter of the 4th instant your request to be allowed to return to Carlisle for an additional year was carefully considered, but because it was impossible this year to accomodate all the students who applied for enrolment it has been decided that more and more the young people who have ample funds of their own to pay for their school training must be kept out of Carlisle in order that those without funds and without school facilities near their homes can be accomodated.

I know that you are able financially to pay for whatever additional training you desire to take, and it is my suggestion that you see the Superintendent at the Osage Agency with a view of asking his co-operation in arranging for your enrolment at some school where special instruction in your chosen trade is given and where you will be required to pay tuition fees and your board.

My dear Friend:

I thank you for the remittance of \$1.95 you forwarded to me with your favor of November the 16th. The same is being turned over to Mr. Bender, the ticket agent in the Carlisle office of the Cumberland Valley Railroad Company, to pay for the "undercharge" that was made on the ticket for your return home on July the 29th of 1913.

Hoping that you have a chance to make good use of the training you received while at Carlisle and that you will keep me informed of what progress you are making, I am, with best wishes,

Your friend,

HKM.

Supervisor in Charge.
