## INDORSEMENTS.

---

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided*, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

My dear Sir:

I have noted the request you conveyed to me in your letter of June the 21st regarding the return home of your son George. However, I must inform you that George's period of enrolment does not terminate this year, and as an outing home was selected for him with the understanding that he would continue there until the opening of school in September it would not be advisable to have him give up his work just at this time to take a trip home.

George is in a very good home, where he will have every opportunity to acquire the best knowledge of industry, thrift and uprightness.

Very truly yours,

Dear friend George:

I was pleased to receive your letter of the 19th instant and to note therein that you are yet interested in continuing with the work at your chosen trade of brick-laying, in which you had made so splendid a start before it became advisable to effect your return home.

In view of the fact that you had done such good work favorable consideration may be given your request to return to Carlisle providing it is the recommendation of Superintendent Wilson and Superintendent Carr that you be further encouraged to come again to the east. With the new courses planned for next year's work better opportunities than ever before are being offered ambitious young men such as you proved yourself to be while here, and I shall be glad to do what I can to be of help to you.

Let me hear from you again after you have referred your request to the Superintendents who are also interested in your welfare.

Dear Friend:-

I want to ask you if there will be any chance for me to get into that School again? But I think I cannot get there if I-- can't get Enough money this summer.

Only way I can Reach Carlisle, once more by getting ~~tr~~-- transfertation from Supt. At my agency in Yakima, but I think he would not let me go because its too far east from here, reason I say this because I heard many people talking about it, They say theres so many big school around close here, such as Cushman getting to be big only on machine st trade thats all.

Reason I want to go to that school is because I want to finish my trade on bricklaying, I was making good on that trade.

There no trade I like round here in this western schools as I do in Carlisle that is why I want to go out there.

I joined the Militia in Cushman but that don't make no difference to me, only done this just get Trip to Frisco, this summer as Naval militia going July the third and soon as I am back I'll let you know .Hope to hear ~~te~~-he from you soon.

P.S. I'm trying to go with Henry Lange next fall if he is going to I'm going too. if I have to walkover.

George Wynaco:

I submit below for your information a copy of a letter that was addressed to me on March the 19th by Superintendent Carr of the Yakima Indian Agency:

"Referring to your letter of February 25, relative to the information coming to George Wynaco to the effect that his father and brother are sick, and that there is no one to care for his aged mother, you are informed that all of the family are well.

I talked with his brother Louis just a few days ago, and one day last week his mother was to Wapato and telephoned to the Agency. There is nothing that George can do for the family at this time and I think he should finish out the term of his enrolment."

Very respectfully,

HKM.

Mr. Don M. Carr,  
Superintendent, The Yakima Agency,  
Fort Simcoe, Wash.

Dear Mr. Carr:

This is to report to you that George Wynaco, who is enrolled here from the Agency under your jurisdiction, has had more or less trouble with supurating tubercular glands of the neck, and as our new school year will begin on September the 1st our school physician has recommended that George be given permission to go to his home. Accordingly it has been arranged for George to leave here tomorrow evening and transportation for his passage to North Yakima will be provided for him from funds to his credit in our school bank.

In this connection I will also report that George has done very well during the time I have observed his work. He has been working in our masonry department and while the instructor was absent from the school on his annual vacation George was in full charge of the detail of boys in that department. Not only did he manage minor repair work on walks

Mr. Don M. Carr, Superintendent.

and similar structures but also a good deal of new concrete work was put up under his direction in the building of a retaining curb on which glass covered frames are to be placed for use as "cold frames" in connection with our work in gardening.

I bring the information to your attention because I can recommend him to you as a good workman in his chosen line of work and because I believe he should be encouraged to continue with the trade.

Very truly yours,

HKM.

Supervisor in Charge.

Mr. Griffiths:

George Wynaco is to leave for his home at North Yakima, Washington, on train at 5.39 tomorrow evening.

Please have his name reported "dropped".

It is also desired that one day's lunch be prepared for him.

---

The laws relating to the transfer of Indian children from reservations and schools are as follows:

Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided,* That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

My dear Sir:

I have noted the request you conveyed to me in your letter of June the 21st regarding the return home of your son George. However, I must inform you that George's period of enrolment does not terminate this year, and as an outing home was selected for him with the understanding that he would continue there until the opening of school in September it would not be advisable to have him give up his work just at this time to take a trip home.

George is in a very good home, where he will have every opportunity to acquire the best knowledge of industry, thrift and uprightness.

Dear friend George:

I was pleased to receive your letter of the 19th instant and to note therein that you are yet interested in continuing with the work at your chosen trade of brick-laying, in which you had made so splendid a start before it became advisable to effect your return home.

In view of the fact that you had done such good work favorable consideration may be given your request to return to Carlisle providing it is the recommendation of Superintendent Wilson and Superintendent Carr that you be further encouraged to come again to the east. With the new courses planned for next year's work better opportunities than ever before are being offered ambitious young men such as you proved yourself to be while here, and I shall be glad to do what I can to be of help to you.

Let me hear from you again after you have referred your request to the Superintendents who are also interested in your welfare.

Dear Friend:-

I want to ask you if there will be any chance for me to get into that School again? But I think I cannot get there if I-- can't get Enough money this summer.

Only way I can Reach Carlisle, once more by getting ~~yr~~-- transfertation from Supt. At my agency in Yakima, but I think he would not let me go because its too far east from here, reason I say this because I heard many people talking about it, They say theres so many big school around close here, such as Cushman getting to be big only on machine st trade thats all.

Reason I want to go to that school is because I want to finish my trade on bricklaying, I was making good on that trade.

There no trade I like round here in this western schools as I do in Carlisle that is why I want to go out there.

I joined the Militia in Cushman but that don't make no difference to me, only done this just get Trip to Frisco, this summer as Naval militia going July the third and soon as I am back I'll let you know .Hope to hear ~~te~~-he from you soon.

P.S. I'm trying to go with Henry Lange next fall if he is going to I'm going too. if I have to walkover.

I submit below for your information a copy of a letter that was addressed to me on March the 19th by Superintendent Carr of the Yakima Indian Agency:

"Referring to your letter of February 25, relative to the information coming to George Wynaco to the effect that his father and brother are sick, and that there is no one to care for his aged mother, you are informed that all of the family are well.

I talked with his brother Louis just a few days ago, and one day last week his mother was to Wapato and telephoned to the Agency. There is nothing that George can do for the family at this time and I think he should finish out the term of his enrolment."

Very respectfully,

Mr. Don M. Carr,  
Superintendent, The Yakima Agency,  
Fort Simcoe, Wash.

Dear Mr. Carr:

This is to report to you that George Wynaco, who is enrolled here from the Agency under your jurisdiction, has had more or less trouble with supurating tubercular glands of the neck, and as our new school year will begin on September the 1st our school physician has recommended that George be given permission to go to his home. Accordingly it has been arranged for George to leave here tomorrow evening and transportation for his passage to North Yakima will be provided for him from funds to his credit in our school bank.

In this connection I will also report that George has done very well during the time I have observed his work. He has been working in our masonry department and while the instructor was absent from the school on his annual vacation George was in full charge of the detail of boys in that department. Not only did he manage minor repair work on walks

Mr. Don M. Carr, Superintendent.

and similar structures but also a good deal of new concrete work was put up under his direction in the building of a retaining curb on which glass covered frames are to be placed for use as "cold frames" in connection with our work in gardening.

I bring the information to your attention because I can recommend him to you as a good workman in his chosen line of work and because I believe he should be encouraged to continue with the trade.

Very truly yours,

HKM.

Supervisor in Charge.

George Wynaco is to leave for his home at North Yakima, Washington, on train at 5.39 tomorrow evening.

Please have his name reported "dropped".

It is also desired that one day's lunch be prepared for him.

Dear sir;

I am now enclosing  
the card with fifty cents.

I am always glad to hear  
about Dear Blind Mutes  
School.

I am going to ask you  
that I may change my address  
soon. But I will let you  
know I do that.

Yours truly,  
George C. Wynaco
