Dear sir

Enclosed please find inclosed
letter written to me by my daughter
Melisa. You will see for yourself.
That a complaint should be entered to
bring about, 1st Why is it that she will
earn only \$6.00 per month when she worked
2 summers ago at \$10 per month, 2^d How
to you suppose can have decent shoes
and dress to go to church which has to comply
subjected to rules & regulations to be gaged,
3^d How do you suppose have to subjected
to work when sick, for want to earn enough
money to look and decent in public or church.

I write you this prompted by letters received
from Melisa when she says receive ^{a month} \$1.50 when your
bait-card say allowed half earned money or does
it mean half of one half.

Now I suppose ^{you} go out there punish

30.00
and give more strict restrictions and gag
her up. It is certainly a shame how the
Quakers use Indian girls there is ^{no} sense
in paying wages so cheap.

Your recent letter to me contained
rules etc, that does not do any good why
is it that she is paid under wages, or nothing
at all, is it there a ring somewhere, where her
just earnings vanished, you know what you
did with her brother Robert, brought about
like slave or worse than slave, Don't
you ^{think} she (Melisa) ought to have shoes
instead go about bare footed and be obliged
to work where lost from 149 1/2 # to 148 # don't
you call that is bad report of losing floor at that
rate of over 50 #.

Please report to me what money
received a week, etc.

Yours respectfully
Elvira Anderson

Mrs. Elvira Anderson,

Lewiston, N.Y. P.F.D.#18.

Dear Madam:

Upon receipt of your letter of the 24th ultimo, regarding the wages received by your daughter, Melissa, will say that I instructed Miss Johnston, one of our employees whose duty it is to look after the girls who are in "Outing" homes, to visit Melissa and find out the reason for your complaint. This is Miss Johnston's report.

"As for Melissa Anderson will say that when I visited her she looked well and strong. The family consists of three adults and the work in that home is not heavy. Melissa was asked if she had any complaint to make about her home and she said that she had no complaint to make except that she thought that she was not getting enough pay; that her sister was getting more than she and she was larger than her sister." Miss Johnston tells me that Melissa's sister is a better worker in every way, and is worth more than Melissa. Then another thing, Melissa is in a home where the work is light and the family small so that there is no need of paying high wages. The girls that we send out and who get high wages are those who are quick, capable, and know how to do all kinds of work, and are neat in their appearance. Melissa has shown since she has been here that she is not on time for roll-calls, -that means she is not quick at her work---very careless in her habits and in many other ways we would not recommend her for higher wages than she is getting unless she proves herself capable to earn more. Money is not the only thing considered in our "Outing" homes. We place them in homes where they will learn the ways and manners of the best class of white people; where they will be treated as one of the family and learn how to do things in a refined and dignified way. We place the girls in homes where they will learn how to be refined and quiet, not loud and boistrous and rude. The things that Melissa will learn in this home will be worth more to her than money because the money will soon be spent and the knowledge she gains in this home will go with her always.

Very respectfully,

LaF.

Superintendent.

Mrs. Elvira Anderson,

My dear Madam:

I thank you for sending to me so promptly the report that was submitted you regarding the condition of your daughter's eyes, and in order that she can be given careful and consistent treatment at once it has been arranged to bring her in to school without delay.

Regarding the complaints that have come to you from your daughter Millissa, I can only state that there is no reason at all why you should send her money with which to procure shoes and other articles of clothing. The government provides whatever is required, but it is my opinion that Millissa is not satisfied with what is provided and that she desires to purchase what may suit her better but which might not be suitable at all for every day wear in school.

However, if you are so situated financially that

1
-2- Mrs. Elvira Anderson.

you can have the girl purchase whatever she desires there is no objection to your sending money to me for her use. It will be deposited in our school bank and she will be allowed to expend it from time to time under supervision.

Very truly yours,

HKM.

Mrs. Elvira Anderson,

Madam:

Referring to the letter that was addressed to you by the Office of the Commissioner of Indian Affairs on July the 6th, and in which you were informed that I "will arrange for her return as soon as you have remitted the necessary amount", meaning your daughter Melissa, I desire to know how soon I may expect to receive the amount required to pay for her transportation.

Melissa is not making good use of her time, is not a good influence among the girls, and it is my opinion that she cannot be expected to make very much improvement while she remains here. Under the circumstances I would prefer to have her leave as soon as possible, and I would thank you to let me hear from you without delay.

Dear Madam:

I regret to advise that the letter with which you enclosed a ten dollar Money Order to pay for your daughter Millissa's transportation home was not received here until this morning. It has been arranged, however, so that she can leave here tomorrow evening and you have been notified by wire that you may expect her to arrive at Buffalo on Friday morning.

Complying with Millissa's suggestion a ticket for her passage only to Buffalo will be procured for her use, but the balance of the amount you sent that is not required for transportation will be handed to her for her transportation from Buffalo to your home by such routing as you may then desire to take.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.
