INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Mrs. Denny: This glandular trouble is very prevalent among the children just now. I allowed one or two, showing slight enlargement of the glands, to go out, thinking that the change might be to their benefit. It is not unlikely that William's condition is getting worse so, that he had better be returned to school.

Respect,

Walter Rindorff M. D.

Mr. Jasper Mixmong,
Charlevoix, Michigan.

My dear Sir:

Upon receipt of your letter of May the 26th, in which you call attention to a report that had come to you regarding the condition of your son William, it was at once referred to our School Physician with a request that he make an examination. I submit below for your information a copy of the statement that was issued this morning by the Physician:

"William Mixmong's condition need excite no alarm. He has tuberculous glands of the neck, one of which supurated and was opened. I am keeping him here so that he may receive the best of care. Please reassure his father."

Under the circumstances it seems not at all necessary that William should return home at this time on account of his health, and as every care is being given him it is hoped a more favorable report can be made soon.

Very truly yours,

HKM.

My dear Madam:

Replying to your letter of recent date, this is to advise that your son William is getting along very nicely and that there is no reason for your being anxious about the condition of his health. Only this afternoon our School Physician made me a report as follows regarding William:

"William Mixmong has a lymphatic tuberculosis of the cervical glands and has been under care for some time. The condition is improving and his general health is excellent."

Hoping that it can soon be reported that the glands on his neck are also in excellent condition, I am,

Mr. and Mrs. Jasper Mixmong,

My dear Friends:

This is to advise that arrangements are being completed for your son William to leave here tomorrow afternoon for your home. Transportation for his passage to Charlevoix will be procured for his use and as he will travel over the same route by which he came to Carlisle he should not have any difficulty at all about making the trip.

William has received constant care and treatment and the swollen gland on his neck has been greatly reduced. He stated today that he has improved very rapidly and that he is feeling fine.

Hoping that it will be convenient for you to let me hear from you when William has arrived at your home, I am,

Dear Sir:-

Yours received informing me of the desertion of peter Nenagus and I must advise you that I have heard nothing from him.

Four days after my son arrived here from Carlisle, Mr. Mixmong had his head cut off in an accident and therefore I am in no position to take care of Peter Nenagus should he return to our home.

My son tells me that he never received the two dollars I sent by money order to you for him and as I am in need kindly return that to me and oblige.
