INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Dear James:-

I have your letter of the 1st inst and mailed you last Saturday, the papers which you placed in Mr. Dickey's hands for safe-keeping. Let me know if you got them.

I want to take this opportunity of telling you how much you have disappointed all your friends here by your recent actions. When you were visiting Carlisle a few weeks ago, you gave us all to understand that you were behaving yourself and trying your best to make good out in the world. The very day we heard you had been placed in a padded cell in jail, there came out in our little school paper, the Arrow, a most complimentary notice about you from one of your school-mates here. You must remember, James, that such actions as yours, not only brings disgrace upon yourself but it brings disgrace upon all the Carlisle boys. We are all ashamed when Carlisle is brought into notoriety by such actions as yours.

Now that you have regained consciousness, I hope you will realize as you have never done before, the curse of whisky. Drink is what brought you down to the depths from which you have just arisen. Leave it alone and never let it over-power you again.

I am glad to know that you are well again and I hope you will have the strength to resist temptations in the future.

Very truly yours

O.H. Lipps, Superintendent,

Dear Sir:

According to your request, I visited James Walker who has been arrested in Paterson N.J. and detained there in a padded cell on account of violent insanity.

When I arrived in Paterson I went to the Jail where James had been committed and learned from the attendants that he had been working at the duPont powder works at Haskall N.J. at which place he was arrested for having danced the war dance while brandishing a flask of whiskey over his head and making general amusement for other employees of that place. After his arrest he became violent in his actions and gave indication of insanity and so was taken to Paterson where he was placed in a padded cell. In order to learn more about his true condition I learned from the Police where he had been boarding and upon going to that address I was told that James had been drinking constantly for the past two weeks which would make it appear that his case is one of severe intoxication rather than Insanity.

Dr. Robert Armstrong, State Physician, of Paterson examined James and pronounced him rational in mind as far as he was able to tell, but he advised that James have medical aid. Upon his advice I released James from the Jail and removed him to the City Hospital of Newark, N.J. where he will receive proper care while awaiting developments as to the state of his mind.

J. Henry Clark, M.D. 12, Walnut St. Newark, N.J. has charge of James while in the hospital and will report his condition to you.

Very respectfully,

D. H. Dickey

NARRATIVE
THROUGHOUT
COMPLETE

Dear Sir:-

Our Outing Agent, Mr. Dickey, reports that he has left James Walker in your hospital and that he is to remain there under observation for a few days. Walker is not a pupil of this school now but a citizen Indian from Michigan and we have no interest in him other than that he is an Indian and a former pupil of this school. We will be glad to cooperate with you in any way we can for his welfare.

I have already notified his mother of his condition and we will in all probability hear from her before long.

I might say here that the news of Walker's condition came as a shock to us. He was a pupil here four years and in that time was never known to take liquor. He obeyed the rules of the school, and was a diligent student.

I am enclosing some franked envelopes which you can use in making reports of his condition.

Thanking you for your interest, I am

Very truly yours

Mr. R. A. Cochran, Supt.,
Mount Pleasant Indian School,
Mount Pleasant, Mich.

My dear Mr. Cochran:

I am in receipt this morning of a telegram from Dr. Robert R. Armstrong, county physician, Patterson, N. J., in which he states that he will commit James Walker to the State hospital, Newark, N. J., pending arrangements by me for his transfer.

I understand James' people live near Mt. Pleasant. I would thank you to see his mother and ascertain from her what disposition she would like to have made of James. The New Jersey authorities claim that he should be returned to Michigan, as he is a citizen of that state. If he is to be considered a ward of the Government, he probably could be sent to the Federal Asylum in Washington, D. C., or to the Indian Asylum at Canton, S. D. He was placed in a hospital by our Outing Agent, Mr. Dickey, on the recommendation of the physician for the purpose of observation. It was thought, perhaps, after he sobered up, he would be all right, but it has turned out that he is insane and will have to be committed to an insane asylum.

Will you kindly let me have your recommendation as to what you think is best to be done?

Very respectfully,

OHL:SR

My dear Mr. Cochran:

I am enclosing herewith for your information carbon copy of a letter just written to the Indian Office regarding James Walker, a former student of this school, who is now confined in the county jail at Patterson, N. J., violently insane. I will keep you advised of any action that is taken regarding him. You may assure the mother that we will do anything in our power to help her son, but that it appears from the information we have that it is absolutely necessary to have him committed, temporarily at least, to some insane asylum.

Dear Sir:

In reply to your letter of February 28th, relative to the legal status of James Walker, I would say that all Michigan Indians are considered citizens, so I suppose that James would be called a citizen of Michigan and not a ward of the Government.

TO WHOM IT MAY CONCERN:

This is to certify that the bearer of this communication, (James Walker) was enrolled at this School from October 11th of 1910 to June 13th of 1914. He made an excellent record at this School and was always in earnest and strictly upright.

I do not hesitate to recommend him as entirely worthy of being given an opportunity to prove his ability.

Mr. Paul Walker
Mt. Pleasant, Michigan. RFD/S Box 175.

Dear Sir:-

I have your letter of the 7th inst relative to your son James R. Walker and have to say the facts as you have stated them are true. When I first heard of James' misfortune through the Petterson, New Jersey, jail authorities, I sent Mr. Dickey, the Outing Agent to investigate. He found him rational and violent in turns but as he seemed more rational than insane, he took him to the Newark, New Jersey hospital and left him there. Before twenty-four hours, I had a telegram from the physician in charge of the hospital saying that James was insane. I advised him to place the young man in an asylum, which he did.

On March 2nd, I received the following letter from James,-

Graystone Park Hospital,
Morristown, N.J. March 1, 1916.

Dear Sir:-

I take great pleasure of writing to you this morning and let you know how I am getting along. Thank God, I am well again. Now Mr. Lipps, will you please forward my papers which I put in Mr. Dickey's care a week ago last Saturday night or have him come and see me as soon as possible if you please. Goodbye. If I am not here, he will find me at 174 Patterson Street, Patterson, N.J. "

I answered this letter but have not heard from him

Mr. Paul Walker, regarding James R. Walker, continued,-

since. I sincerely hope that he is all right.

Mr. Dickey when he made the investigation discovered that James had been drinking heavily. This was a great surprise to his friends here as he was never known to drink when a student here and his conduct in other ways was all that could be asked. We do not know yet whether he drank because he was insane or whether he became insane from drinking.

- As you may know, James is not under our jurisdiction now, having left the school nearly two years ago. What I have done for him since his trouble, is what I would do for any other Indian in distress, especially if he had been a pupil here at one time.

I will let you know if I hear anything else about him.

Very truly yours

Superintendent.

Dear Sir:

Will you please find out the whereabouts of my son James R. Walker and ascertain the reports have been receiving regarding the derangement of his mind. I contemplate going to see my boy should it become necessary as soon as I shall hear from you. I do not know at present where he is nor how he is coming out with his mind and health. The first report received he was taken charge of by Patterson N.Y. Police, next a Notification Card of a Hospital of Newark, N.J. was received by one of my brothers and the last rumor I heard was that he was to be transferred to Sence Govt Hospital at Washington D.C. if there were room there if not he would be taken to some some South Dakota Asylum. I am very anxious to know and shall be very thankfull to hear from you soon as possible.
