Mr. Joseph Guyon,  
White Earth, Minn.

My dear Joe:

I have been advised that you are thinking of not returning to Carlisle this fall. I am very sorry to learn of this, as we have been depending upon you and I believe you promised me when you left that you would return. Your brother Charley is very anxious for you to return to Carlisle as from his experience in the world he feels that you would make a big mistake not to do so. He ought to know as he has been out in the world long enough to know the advantages of his education here. I do not wish to persuade any boy of your age to do something he feels is not for his best interests. I hope, however, you will consider this matter seriously before you make up your mind definitely, and if you should return to Carlisle and keep up your good record here I will be very glad to do anything I can to advance you. Please let me hear from you regarding this matter.

Hoping that you will have a pleasant visit with your home folks this summer, I remain,

Very sincerely your friend,

OHL:SR

Supervisor in Charge.

Your letter September twenty ninth, Carlisle is not a college nor does it prepare for college. It is a vocational school giving academic work equivalent to ordinary high schools. For over twenty years our football team played only colleges and universities. In athletics Carlisle has had collegiate rank, but specific question raised by you has not been definitely settled so far as I know. Rogers played with University Minnesota and Welch is this year playing with Dickinson. Both are former Captains Carlisle teams. Other Carlisle men have played on college teams after leaving us without <sup>serious</sup> protest.

Frank Shea, the junior and senior A. A. U. quarter-mile champion, who in a special race defeated "Ted" Meredith at 440 yards in 49s, is working his way through the University of Pittsburg. He is a telegraph operator for the Pennsylvania Railroad. He is president of the sophomore class.

A remarkable all-round talent in sports is claimed for Joe Guyon, the former Carlisle Indian, now a star at Georgia Tech. His football ability is well known and he is also said to be a crack baseball player. In track and field athletics he is credited with the following performances: 100 yards, 10s; 220 yards, 22s; high hurdles, 15 3-5s; 220-yard low hurdles, 24 3-5s; broad jump, 23 ft. and high jump, 6 ft. They say he is also a shotputter and javelin thrower of more than ordinary merit. He boxes and wrestles, too. We are told that he is 6 feet 2 inches tall and weighs about 200 pounds.

Joe Guyon is a great athlete, but in accepting all the above we're from Missouri.

Bill Kennedy, the last B. A. A. Marathon winner, is now a corporal in Company I, 23d Engineers, in training at Camp Glen Durnie, Maryland.

Mr. Gus H. Beaulieu,  
White Earth, Minn.

My dear Mr. Beaulieu:

I have just been advised that Joe Guyon, who left Mahnomen for Carlisle several days ago, met Peter Jordan in Chicago, and there changed his mind about returning to Carlisle, and instead ~~has~~ entered a school at Prairie du Chein, Wisconsin.

I understand that you made the arrangements for Joe to attend this school in order that you might prepare for college. I appreciate fully your attitude in this matter and your motives. I desire, however, to state to you that according to the records of this office, Joe was enrolled for a period of five years. He came to me last spring and stated that he would like very much to spend the summer at home; that while he realized he enrolled for five years, yet he had an idea at the time that he was enrolling for only three years. In order to be in a position to pay Joe's expenses home from Government funds, I gave him the benefit of the doubt, with the understanding that he would return by the first of September. A few weeks ago he wrote me that he was ready to return, and I placed trans-

portation to his order at Mahanomen. He later advised that he desired to stop off at Ashland, Wisconsin, and would prefer to pay his own way to Carlisle and then have me reimburse him on his arrival here. I consented to this arrangement, and we have been expecting Joe here every day for the past two weeks. Of course, Joe has made quite a reputation here in athletics and the boys are very anxious to have him return. Aside from this, however, I am very much interested in Joe, perhaps largely for the reason that I knew him as a small boy. His first attendance at school was at White Earth while I was there about fourteen years ago. When I found him here I recognized him as one of my old pupils and naturally felt quite interested in him. He has made a splendid record here in every way, and I have felt that he had a great future ahead of him.

Since coming to Carlisle, I have been very much interested in modernizing our course of study, and have just succeeded in getting authority from the Commissioner of Indian Affairs to add two years to our course, thus making Carlisle a preparatory school for agricultural and mechanical colleges. Of course, it will take a year to work this matter out, and in the meantime those of our boys who are sufficiently advanced are attending the High School in town or Conway Hall, the latter being a preparatory school of Dickinson College.

Mr. G. H. B.....#3

While I am a strong advocate of getting Indian boys and girls into the white schools wherever possible to do so, I have thought that in Joe's case it would be better for him to return to Carlisle for another term. I do not wish to be understood as desiring to influence Joe against his best interests. I would not do that under any circumstances, but I am bringing this matter to your attention, thinking, perhaps, that you may not have a clear understanding as to Joe's record here and the progress that he has been making. If, after carefully considering this matter, you can see your way clear to advise Joe to return to Carlisle, I would be very glad to have you do so. I presume he has one of the Chippewa scholarships, and, no doubt, there are other Chippewa boys who would be glad to take his place and that no serious disarrangement would result from Joe's withdrawal.

Please let me hear from you at once regarding this matter.

Very truly yours,

Mr. M. Friedman, Superintendent,

Carlisle Indian Industrial School, Carlisle, Pa.

My dear Sir:

Mr. Joseph N. Guyon, who was for several years a student at Carlisle, has enrolled at the Georgia School of Technology, and the question of eligibility to play football his first year is in question. If Carlisle ranks as a college, of course Guyon cannot play his first year here; but if it ranks as a preparatory school he will be eligible under the usual rule. We have no desire to play him if he is ineligible, and I will be under obligations if you will wire me immediately upon the receipt of this letter the ranking of your school.

Doubtless the matter has been considered by the eastern colleges, and I will be under obligations if you will tell me their action in the matter; as to whether your school is considered collegiate or preparatory.

As the matter is pressing, I will appreciate your immediate attention, and will be under many obligations if you will wire me "collect", as requested.

Appreciating your courtesy,

Very truly yours,

*K. G. Matheson,*

Mr. O. H. Lipps,  
Supt. Carlisle Indian School,  
Carlisle, Pa.

My dear Mr. Lipps:

Last Spring I arranged with Keewatin Academy to take Joe Guyon in that school so that he might obtain a higher education, which it consented to do. All arrangements were completed in Joe's behalf when Mr. Warner, coach of your school's foot ball team, commenced to take steps to get him back to Carlisle, of course simply to have him on the team since he is considered one of the best athletes in the country.

I do not know whether you are aware of this, and it is for this reason I write you to urge that in order to have one good foot ball player you should not permit Mr. Warner to destroy Joe's chances of obtaining a first class education, and, eventually, a professional one.

You know as well as I do that at White Earth, while you were in charge of the school there, Joe was almost a regular boy tramp; he ate sometimes and sometimes he did not. I at first had some intention of bringing Joe here so that he could attend school, but I finally advised him to go to Carlisle. But now he has an opportunity of getting a higher education than he could hope to get at Carlisle, and for this reason I would ask you to help him get it.

I am going to write the Commissioner of Indian Affairs today about the matter and this letter is to prepare you to think the matter over, and whether your school will be able to give the advantages Joe would receive at Keewatin.

Yours truly,

*Mr. H. V. Beaulieu*

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school shall be furnished with the original of this form for his files, and the duplicate shall be deposited in the office of the superintendent in charge of the reservation. The Reservation Superintendent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer. 6-870

## INDORSEMENTS.

---

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

*Provided*, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Mrs. Mary Hobbs,

Mahnomen, Minnesota.

My dear Madam:

This is to inform you that your son, Joseph Guyon, has been given permission to spend the summer months at his home and that arrangements are being completed to have him leave here on Monday evening of next week. Transportation for his passage to Mahnomen will be procured for his use, but he is planning to stop off in Minneapolis with his sister, so that he will probably not arrive at your home for a week or longer.

Hoping that you will be well pleased with the progress Joe has made during his stay at Carlisle and that you will urge him to continue with his education at the opening of the next school year in September, I am,

Dear Friend Joe:

This is to acknowledge receipt of your letter of August the 31st, stating that you desire to leave soon for Carlisle by the way of Ashland, Wisconsin. I am pleased to know you have decided to return to Carlisle and if you cannot have an application approved by Superintendent Howard before you leave your home it can be arranged after you arrive here to place an application on file.

I attach hereto a copy of the telegram that will be sent to you this evening. Take a receipt each time you purchase a ticket and I can then secure you a reimbursement for the amount it would have cost to bring you direct from Mahnomen to Carlisle. The receipts for your tickets must be handed to me to be used in our accounts.

I am glad to know you have had so pleasant a vacation and that you had an opportunity to make use of your training in repair work on your home.

PRESENT NAME

# Rank Injustice Aimed At 4213 Joe Guyon.

In order to force Joe Guyon, one of the boys from this reservation who has established a record as a school athlete, to return to Carlisle that he may be used by that school as one of its foot ball players, the authorities of the school are evidently making statements derogatory to him to newspaper correspondents as the following copies of telegrams indicate, which were received by J. H. Lendrigan, principal of Keewatin Academy, during the past week.

Carlisle, Pa., 9-28-14,  
Supt. Keewatin Academy.

Prairie du Chien, Wis.

Have information Joseph Guyon, famous Carlisle School athlete, has been offered free tuition and all expenses by your school. Am preparing big newspaper story and have statement from Carlisle school authorities giving Guyon's intentions of returning here, the inducements offered him elsewhere, his lack of preparation for Prep. School, ect. Desire atatement from you. Wire collect. Also

understood Peter Jourdan 28 years old, and player for four years at Carlisle is also there on the same terms.

Penna News Association.

And also the following was received by Mr. Kendrigan who sent it to the publisher of THE TOMAHAWK, who personally arranged for the education of the boys.

Keewatin Academy,

Prairie du Chien, Wis.

Is it true that Guyon, famous Indian athlete, has entered your school? Reported here he has been offered free tuition and all expenses there. Desire statement confirming or denying report. Wire answer collect.

The Associated Press Representative.

To say the least, this is the most despicable and outrageous effort to take from Indian boys an opportunity to obtain higher if not professional educations. In the case of Joe Guyon, the principal

of the Academy assured the publisher that he would have Joe prepared to enter college in three years, and now "Carlisle authorities" are doing all in their power to compel him to return to that school by threats and persuasions.

The parents and friends of Indian boys desire some thing else for these boys besides educations as athletes, and many parents upon this reservation object most strenuously to so much time being devoted by these boys to this purpose.

Since he was a small boy Joseph Guyon has spent much of his time at government boarding schools including three years at Carlisle, and if he is not yet prepared to enter an academy as stated by "Carlisle authorities" it would be to their discredit and the discredit of other government Indian schools which Joe has attended if this were true.

Joseph Guyon and Peter Jordan are at Keewatin Academy, and if the Chippewa tribe does its duty by them and Carlisle will give them a chance without interference, they will obtain academic if not college educations.

The managements of the Carlisle foot ball team is not above reproach according to the statement of some of the boys who have belonged to it, for they have openly charged that it has been purely a speculation on the part of these managers.

The charges made by some of the boys that Carlisle superintendent whom Mr. Lipps superceded had used the funds of the Carlisle foot ball team for his own use and benefit, seem to have been substantiated, as well as the statement that Mr. Friedman's predecessor had likewise used the foot ball funds of the Carlisle team.

It is for this reason that some of the boys have separated themselves from the school and the team before they graduated, according to their statements.

Why the Associated Press and Pennsylvania News Association correspondents at Carlisle should take such an active part to compel Guyon to return to Carlisle school by their illconcealed threats is some thing which tribal authorities or the Indian office at Washington should investigate.

ATLANTA (Ga.) GEORGIAN

## ASKS RULING ON INDIAN AT TECH

Athens Authorities Have Letter  
From Charles Wahoo Tender-  
ing Services of Brother.

Formal request for a ruling as to the eligibility of Joe Guyon, the famous Indian halfback, now working out with the Tech football squad, has been made by the athletic authorities of the University of Georgia.

The request was mailed to Professor H. W. Cox, of the University of Florida, vice president of the Second District of the Southern Intercollegiate Athletic Association, who has jurisdiction over the States of Georgia, Alabama and Florida. The letter was mailed many days before Guyon arrived in Atlanta, all athirst for collegiate education and football fame at the Yellow Jacket school.

With the request for ruling, Professor S. V. Sanford, faculty director of athletics at the university, sent a copy of a letter from Charlie (Wahoo) Guyon, which he maintains is prima facie evidence which will prevent Joe Guyon's participation in any S. I. A.

A. games, and which will cause the blacklisting of Tech if the Indian is used in any of the Jacket battles.

#### Brother Goes With Him.

The letter is an application for a post as assistant coach at the University of Georgia, and was written several weeks before Charlie Guyon was named assistant coach at Tech. In this application Charlie makes the statement that his brother Joe, for two years an All-American halfback with the Carlisle Indian School, is willing to come to any Southern college where the elder Guyon is employed as a coach.

Wahoo's letter was entirely to the point. He recited that it was needless for him to call Professor Sanford's attention to his own qualifications, as Professor Sanford was familiar with his own fine football record, and then he adds as a clinching argument, "I have a brother, who was the successor of Jim Thorpe at Carlisle and who was twice picked on the All-American team. He will play football wherever I coach."

To make assurance that the inducement offered in the person of his brother is not overlooked, Charlie adds a pertinent postscript, which was nothing less than a direct warning that Tech was after Joe, carrying the inference that Tech was after Joe's brother, for Joe would play wherever Charlie coached.

#### Called Violation of Rules.

This fraternal fealty, while considered altogether laudable per se by the Georgia authorities, is also considered in direct contradiction to the spirit of the constitution and amateur rules of the S. I. A. A.

"When I received this letter," said Professor Sanford, "I sat down and wrote to Professor Cox, asking him if such an application wouldn't render Guyon ineligible. I could see nothing in it but an offer from both Wahoo and Guyon, for the application of the one was largely based on the football abilities of the other. To have signed a contract with Wahoo would have been signing a contract for Guyon's services as a player, as I saw it and as I believe the S. I. A. A. will rule."

"I have not received any reply from Professor Cox yet, but we have all been informed that Wahoo has been named assistant coach at Tech, and right on the heels of his appointment came the word that Guyon had registered as a student and had come out for football practice at the Atlanta institution.

"The inference is obvious.

"It seems peculiar to the Georgia people that Mr. Heisman should have so suddenly been converted to the cause of Wahoo. For several years he has refused to permit the Indian to act as an official in any of the Tech games. If he considered him incompetent as an official, it is strange that he should so suddenly find him competent to coach.

"There are other grounds on which we could attack Guyon's eligibility.

In the first place, his playing with Tech would be a direct violation of the one-year rule. It matters not whether he played two years with an academy team after leaving Carlisle. Our rules specify that to be eligible

he must spend one year in college after having played a year with another team of collegiate ranking.

"The argument that Carlisle is not a college is bosh, pure and simple. We all know Carlisle's football ranking, particularly its football ranking when Guyon played there. Carlisle players were picked on All-American teams. They were not considered for prep honors. They had the great universities, not *the prep schools*, on their schedule. Carlisle was undoubtedly a collegiate team.

"It's true that no degrees are given at the National Indian school. Neither are degrees given at the great national academies at Annapolis and West Point, and you will find few to call either the army or the navy schools prep institutions."

But aside from the Guyon case, it is being openly charged at Athens that Tech is otherwise resorting to tactics in gathering football material which are far from being in keeping with the spirit of the association to which Tech now belongs.

This charge is plainly made, not only by the students and the members of the faculty at Athens, but by alumni in Atlanta and throughout Georgia. The charge is made that from motives, pure and patriotic or otherwise, persons in Atlanta, not directly connected with the Tech school, are furnishing funds which make it very attractive for ambitious athletes and embryonic engineers to come to Tech and pursue their studies and a football career without any financial loss. It is said that several are enabled to pursue these courses with tangible hopes of financial gain.

"If this practice is continued," Professor Sanford said recently, "there is grave danger ahead for athletics at Tech. The Jackets might not be found guilty by the S. I. A. A., but all the same there would be a question as to Tech's purity in the minds of the faculty director in every school in the South, and when they began to make out their schedules Tech would find it difficult to get games."

It is known that several of the recent additions to the Tech squad have been investigated by the Georgia and the Auburn authorities, and football politics is likely to grow extremely lively before the time for the big November games rolls around.
