### INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

This appears to be a good home governed by Christian patrons and the surroundings are desirable both as to conveniences and morals.

I did not meet Mr. Heasley but the wife seems agreeable and shows a disposition to do right by her boys. She is a little hard of hearing and I take her to be a woman of quick temper but of good judgement.

Levi reports well concerning his patrons and mentioned the fact that she would sometimes allow her temper to get up; but he agreed with me that it was mostly due to deafness and lack of understanding.

Mrs. Heasley acknowledges the above fact and seems ready at once to apologize after a little fit of passion.

Mrs. Heasley wishes to have Levi remain this summer and do farm work. Will pay him \$10.00 to begin with and promote him according to his worth. Levi is also content to remain.

They also want another boy to do house work about 12 yrs of age. Only a boy of good moral is desired. Morals is in preference to skill. Will pay from \$5 to \$6 as full boy with proper promotion.

Levi asks to draw  $\frac{1}{2}$  his money and leave it with his patrons for winter use. He claims his clothes are too scant unless some extra provision is made.

this arguments for is very seemly and seems reasonable in

Mr Moses Friedman

Supt. Carlisle Indian School

Dear Sir: -

Replying to your communication, received yesterday, with reference to Levi White will say that I have no objections to trying him for the winter. As stated in last report he is rather slow, but I think when he starts to school his pride will be aroused to have good reports and he will get more "hustle" on. He is a very good dispositioned boy and we get along very nicely. During July he had practically no work to do.

He will need clothing for the winter. His supply is very

meagre - He needs  
stockings, shirts and  
coat. I will endeavor  
to have him commence school  
the beginning of the term.  
Would I keep the money now  
in my hands for his use during  
the winter?

I suppose you will supply  
him with the needed clothing.

Respectfully

Miss Ella S. Hart,

Dear friend:-

I have your letter of the 4th inst saying that you will keep Levi Clute during the winter and will endeavor to start him to school at the beginning of the term. This is a good chance for Levi and I trust he will make the right use of it.

If you will send me a list of the clothing he needs, giving the sizes and measurements wherever necessary, I will try to fit him out from our stock here. If he does not need the clothing right away, you can do this a little later when we get more of our clothing stock in.

The half of all the money he earned is to be sent to the school to be put in bank for the boy. The other half he can have for his needs during the winter.

Very truly yours,

Superintendent.
