The Reservation Superintendent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

My dear Sir:

In further reference to the matter of Bennie Dennis's return home, I must advise that the only amount to his credit here is the fifty dollars that was deposited for his transportation. It has just been learned that all of that will be required to insure his return in the fall. However, as it would not be advisable to allow Bennie to leave here without any money for any possible incidental expenses enroute to his home I am arranging to advance him an amount of five dollars. As this amount is a personal loan I would thank you to send me the five dollars as soon as convenient.

Trusting that the action taken will meet with the approval of yourself and the young man's father, and hoping to hear from you at an early date, I remain,

Very truly yours,

My dear Sir:

When your son Bennie was seen at this office this morning he stated that he will probably be placed back in his shop at the end of this month, and that he was taken out of thifor this month's work at his own request because he desired a change.

He also stated that he was required to work in the Boiler House as an extra duty because he had gone to the town here without the proper permission.

Bennie has been requested to write you also in regard to these matters, so that you will hear from him direct in reply to the inquiries contained in your favor of March the 13th.

Dear Sir:

I would like to ask you
a few questions, regarding my son
Bennie Dennis

Why is it that we just rec'd
Bennie's home letter this morning
when it was written Feb 24 when
I should have gotten it three days
later, we haven't heard anything
from Bennie for a long time
now I would like to receive
his home letters as soon as the
other boys parents, who live in
this town.

Another thing I want to call your
attention to, why don't Bennie work
at some trade instead of in the kitchen
he isn't high in his studies, very low,
any why not put him at some
trade so he will be something
when he comes out of school
and keep him at one trade
untill he learns it

ery glad if you would

thing, why was he punished
put him in the boiler house
fireman. he didn't tell me
out it, I heard through some
other person

Hoping I'll hear from you
soon.
