PHYSICIAN'S CERTIFICATE.

I hereby certify that I have this day carefully examined the above-named child herein proposed for transfer and find her to be in proper physical condition to attend school, and not afflicted with tuberculosis or any disease which would be a menace to the health of other pupils.

This 15 day of Nov., 1909

Physician at Albuquerque Agency.

CERTIFICATE OF AGENT OR SUPERINTENDENT.

I hereby certify that the statements made in the foregoing application and certificate, to the best of my knowledge and belief, are true, that the consent of Lupe Spira
(Parent, guardian, or next of kin.)
was voluntary, and I recommend the transfer of said child.

This 13th day of December, 1909

P. Perry

Agent or Superintendent.

SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a non-reservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

NOTE.—Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

July 14th, 1914.

Mr. Jose A. Spira,
Casa Blanca, New Mexico.

My dear Friend:

This is to acknowledge receipt of your favor of July the 7th, in which you make inquiry about your daughter Lupe and the time you may expect her to come home. Replying to your letter I have to advise that Lupe's period of enrolment does not terminate this year because she came too late in 1909 to get credit for that school year. Under the circumstances she would not be entitled to go home until June of next year. However, if it is necessary that she be returned this year and Superintendent Lonergan of the Pueblo Day Schools will so recommend I will gladly consider the matter further.

Lupe has arranged to work for one of the Indian families on the school grounds here until September the 1st and she should not leave here before that date.

Trusting that satisfactory arrangements can be made,

I remain,

Very truly yours,

Supervisor in Charge.

HKM.

Casa Blanca, New Mexico

July, 7, 1914.

Superintendent, Mr.

Dear Friend

I am going to write to you to night, and ask you about my daughter (Lupe Spira) when she is coming home. Her time is now up and so I want her to come home this summer. She has stayed at Carlisle five years now.

The reason why I want her to come home is, because, her other sister is going back to school in Albuquerque. she doesn't want to quite school as she is going to enter the First Year High School and so this is why I want Lupe to come home. Her mother is now very well and is unable to do the work herself. There is no one her to help her. Also her mother is getting old. So this is why I want my daughter to come home soon.

Her sister who is going to the High

will be going back the First of
and so it will be best for
you to come just before Sept.

And Please dear friend you must
let us know soon just when you will
send Lupe home. We need her very
badly. This is about all I want to
say.

With best wishes

Respectfully yours.

Jose, A. Spira

Father of Lupe Spira.

My dear Sir:

This is to inform you that your daughter Lupie is entitled to return home this year and that arrangements are being completed to have her leave here on June the 1st. Transportation for her passage to Laguna will be provided for her use and I would thank you to let me hear from you when she has arrived at your home.

Lupie has been employed here in an assistant's position and I should like to see her continue with her work in the Indian School Service after she has had a vacation with you.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

My dear Mr. Miller:-

Replying to your letter of the 19th inst relative to some one to do the cooking and baking in your school, I have to say there is no one here just at this time who could fill the bill. We have some good people here but they are all anxious to remain until they get their diplomas and of course, I would not urge them to do otherwise.

I have in mind a young girl, 25 years of age, who would suit you well if she would be willing to leave her home and her people. This young lady is Lupie Spira, a Pueblo, now with her mother and father at Seama, New Mexico. I would suggest that you write Lupie.

Very truly yours

E. K. Miller
Superintendent.

Supt. Oscar H. Lipps,
Carlisle, Pa.

My dear Mr. Lipps:

Our cook's place has been vacant for some time. Do you know of any one whom you believe capable and willing to fill the place?

The school's baking has to be done by the cook and the requirements of the position are such that it will necessitate a hustler if the work is done properly and satisfactorily. We have 100 students and the bread baking is a good job in itself. Salary is only \$500.

If you can recommend anyone please send the name and address to the Office.

Thanking you for past helps, and with best wishes, I am,

Very truly yours,

Edgar K. Miller
