Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Maggie was transferred from Mrs. Brist of Morristown N.J. because of her stubbornness and impertinence. She had to have her eyes treated as soon as she reached Mrs. Conly so they had been taking her back and forth from the hospital where she was having treatments. She would enter school as soon as her eyes became in fair condition. Mrs. Conly has not been able to judge of her ability as yet.

Maggie was very sorry she had been naughty; as she thought she would not be happy in her new home. But she needed the discipline of a change of home.

Sir:

My dear Sir:

Please advise me when Maggie Pellman, a Mescalero

girl enrolled at your school will be released to her

2nd, I will advise that Maggie Pellman's period

of enrolment terminated in June of this year. At

her request she was assigned to one of our Outing

homes for the summer months, and when the privi-

lege was extended of having her return to school

the latter part of August in order that arrangements

could be completed for her going home early the fol-

lowing month she again requested permission to con-

tinue with her enrolment here so that she could re-

main at her Outing home for the winter months. In

view of the fact that she was so well located and

that she is now in attendance at a public school near

her Outing home it is hoped her father will not in-

sist on having her come home just at this time.

I would thank you to explain the situation to
him.

My dear Sir:

Referring further to your letter of June the 5th, and my reply thereto on June the 17th, this is to state that I have just received a letter as follows from Maggie Pellman:

"I see that my father has been worried about me for not going home.

In view of the fact that Maggie is yet undecided I trust the father of the girl will see the advisability of letting her continue~~d~~ undisturbed with her education.
