Mr. William Perrine,

Cut Bank, Montana.

My dear William:

I have received your letter of the 12th instant and am pleased to note therein that all of you are getting along so satisfactorily. It is especially gratifying that your sisters have taken additional work since their return home a year ago and that soon they will be prepared to make further use of their training.

In regard to your taking several months' work at the Ford factory in Detroit I must state that you would probably not get the special training you want even if it could be arranged to have you admitted for special work. Only a regular course in assembling is given the boys selected here for the work and more than a year is required to complete the course.

It is my suggestion that you get into some good repair shop in Minneapolis or some other large center where many cars of different design and make are brought for attention and where you would have an opportunity to learn actual shop practice. Joe Gilman, one of our boys who completed a course of work in the Ford shops in Detroit is now connected with the

-2- Mr. William Perrine, Cut Bank, Montana.

Ford establishment in Minneapolis and he can offer some further suggestions. You probably remember Joe as one of the boys here when you were enrolled at Carlisle.

In this connection I will add that I shall gladly be of further assistance to get you properly placed in some good shop when you have decided just where you want to go.

With kind remembrances to your parents and sisters and best wishes for your success in the new undertaking you are planning, I am,

Very truly yours,

Mr. O. H. Lipps,

Carlisle, Pa.,

Dear Mr. Lipps.-

I am writing ask you for some information in regards to the opportunities I would have in getting in at the Ford shops at Detroit.

I plan on going in the Garage business here in my home town but lack experience in that line and thought if I could get a few months work in the shops there at Detroit I would be capable of handling the business to a good advantage.

I am under the impression that stranger going there applying for work would have to be recommended by some one.

I just came home after a years absence, I have been following electrical work as an occupation.

My Sisters have been telling me of the changes that have taken place in Carlisle the past two years. They are both doing nicely, Julia has almost completed her course in Book keeping and Florence will complete her course in Millernery this fall- the whole family spent the winter in Kalispell where all the younger children were attending school.

My Father is about to shear a large crop of wool and the prices are better than ever, in fact all of the Indians will reap a large harvest this year due to the still soaring prices on cattle etc.

Will you favor me with an early reply.

I am most sincerely

Your friend

Dear William:

Your letter of September 28th has been received, and I have called the matter to the attention of Mr. Weber. He states that your letter came while he was on his vacation, and in some way got misplaced, which was the reason he did not reply. He states that he will attend to this matter right away and, no doubt, you will hear from him within a few days. I hope you are getting along nicely and that the training you received while at Carlisle may prove of great benefit to you.

Dear Mr. Lippe. -

Now some time ago
I wrote to Mr. Weber, and asked
him for a recommendation, as
I was intending to follow my
trade, and it would be necessary
for me to show some thing of
that sort, so that an employer
in a Plumbing Shop would have
that to rely on, but as yet I have
not received any ans.

Mr. Weber stated a number of times that I was worthy of a recommendation, and I think that he only neglected answering, and not because I was not worthy. I put in two years in the Engineering Dept. at Corliss, and feel that I ought to follow my trade, and if I don't follow my trade I would consider the two years I put in Corliss a waste of time. Would you kindly remind Mr. Weber about that? I will appreciate any assistance you give me.

I would like to get the Corliss
