Winnebago Agency, Winnebago, Nebr.,

February 17, 1914.

Superintendent M. Friedman,
Carlisle Indian School,
Carlisle, Pa.

Dear Mr. Friedman:

I have your letter of February 11 returning check of Peter Lamere, in favor of his father, unsigned, and saying that Peter is 19 years old and desires the money sent him in accordance with regulations governing annuity money belonging to Indians over 18 years old. In the first place I know of no authority for sending annuity money to pupils who are away from their reservation. In the second place this is not an annuity payment, but the final payment of the Winnebago Trust Fund. It was not paid to any one under 21 years of age at the time of the payment, nor to be paid to any one under that age excepting for some very unusual circumstances. Perhaps a hundred or more parents made application to me for shares of this minors' fund, but I disapproved all but that of Frank Lamere for the share of his son Peter. My reason for making this one exception was because Peter Lamere came to my office with his father, who is old and totally blind, and asked that I would get this money for the father. Because of his age and apparent intelligence I considered the boy justified in making the request. In fact thought it very commendable in him to do so.

M. Friedman, Supt.

-2-

But now when he refuses to give the money to his blind father but wants it for spending money, I think you may easily see that he has dropped fast and far in my estimation. I can say however that I think the boy was honest in making his application but his environments have changed his desires. I cannot compel Peter to sign the check, and have no desire to do so, but he may know certainly that he will not get the money for his own use with my approval until he is 21.

Very respectfully,

Superintendent.

Dear Sir:

I have received your letter of September 2, and have read it very carefully. I have thought the matter over and have talked with my people. I have attended school at Carlisle but I was out under the outing system working on the farm to learn the ways of the white people. I was in the 6th grade when I left school and I have no allotment to work on, and I feel that I ought to learn some kind of a trade. I feel very sure I can make a success on the offer which you have suggested to me in your letter. I am twenty-two years old and refer you to W. C. Whitcomb of this place to whom you may write to for a testimonial of my self or information. I thank you for sending me this letter and hope to hear from you again.

Very truly yours,

(Signed) Peter La Mere.

Your letter of September 8th, expressing a desire to enter the Ford Automobile factory has been referred to Superintendent Lipps. Carlisle conducts a six months vocational course to fit young men for entrance to the Ford factory, and you should now write to Mr. Lipps concerning your ability and ambition. Full instructions will be sent you regarding the entrance requirements, and arrangements will be made for your enrollment at Carlisle preparatory to entering the Ford factory.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.
 2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.
 3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.
 4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.
 5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
 6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.
 7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.
 8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.
 9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.
 10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.
- Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mr. John S. Spear,
Supt. Winnebago Agency,
Winnebago, Neb.,

Dear Sir,

I have your favor of the 29th, ult. enclosing check of 317.91 in favor of Frank LaMere for the signature of Peter LaMere. The check is returned herewith with the advice that Peter does not desire to sign the check and pay this money to his father. Peter is 19 years of age and desires the money sent here in accordance with the regulations governing annuity money belonging to Indians over 18 years of age. If you will kindly comply with the boys wishes I will have him deposit the money to his credit here and disbursed under my supervision.

Very respectfully,

W.H.M.

Superintendent,

Sept. 19th, 1916.

Mr. Peter La Mere,
Winnebago, Nebraska.

My dear Friend:

Your letter of the 16th instant has been received here and in reply thereto I must state that at this time I cannot arrange to secure places for any young men in automobile manufacturing establishments except those who are enrolled here and who have taken a special course of training in preparation for their selection. It may be that a number of additional boys can be enrolled here to prepare themselves for selection later on, but no assurance can be given that a place could be found for you soon.

In this connection I must call attention to the fact that your record here was such that you would have to do exceptionally good work before you could be believed to be in earnest and the kind of a young man who is wanted for work that requires many excellent qualities if success is to be met with.

Very truly yours,

HKM.

Superintendent.
