SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a nonreservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the reservation school records. The reservation superintendent should send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Supervisor O.H. Lipps,

My dear Sir:

Dear Sir:

William Mead, who is referred to in your favor of September the 16th, has been afflicted for some time with swollen glands of the neck which are tubercular. It is believed best, therefore, that he should be returned to his home.

I wrote you again on September the 17th in regard to the matter and just as soon as the necessary funds to pay for his transportation are deposited here I will have it arranged so that he can leave without delay.

Very respectfully,
C. M. Ziebach

Dear Sir:

The grand parents of William Mead, a pupil in your school advise me that they have received a letter from William stating that he is sick and that you have told him he could go home if he had the funds. They are very anxious as to his physical condition, and if his physical condition is such as would require his return home, will you please advise me as funds for this purpose can be raised for him.

Very respectfully,

Superintendent.

My dear Sir:

Dear Sir:

When William Mead was seen at this office this afternoon in regard to the matter mentioned in your letter of the 17th instant, and your letter of the 17th is the first information I had received from you relative to the physical condition of William Mead, but had been advised by his grand parents who received communication from him that he was sick.

Because of the fact that William's glands became swollen so soon after his arrival at this school it is my belief that it would hardly be justifiable to send him home at government expense, even if the amount advanced for his transportation would have to be earned later on by William and repaid. His record here has been such that a little exertion on his part would seem to be the commendable requirement.

Hoping that you can approve the stand I have taken and that I will hear from you soon, I remain,

Very truly yours,

William Mead is an orphan and has only his grand parents.

Dear Sir:

I am in receipt of your letters of the 17th and 19th instant, and your letter of the 17th is the first information I had received from you relative to the physical condition of William Meade, but had been advised by his grand parents who received communication from him that he was sick.

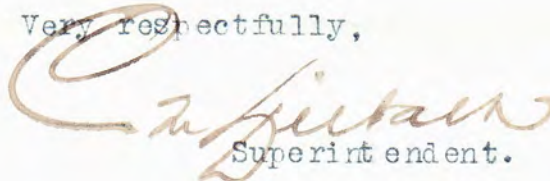

In your letter of the 19th instant, you say that just as soon as the necessary funds to pay his transportation are deposited there you will have it arranged so that he can leave without delay. It has been the practise at this school that when a pupil is excused from school, either on account of illness or expiration of his time, the government has borne the expense of returning that person to his home. I did not know that you had any different regulations relative to the matter, and if you are unable to send him home at government expense, please advise me again when funds for this purpose will be sent you.

William Meade is an orphan and has only his grand parents,

H..Lipps - 2.

two very old people who have barely sufficient funds for their own needs, to whom he can look for support. If he is permanently excused from your school on account of his health, I do not see why his transportation should not be borne by the government. However, if this is not the case, please advise me at once.

Very respectfully,

Superintendent.

Dear Friend

Mr. J. Patrick Meade,
Tokio, North Dakota.

My dear Sir:

Replying to your letter of October the 10th, this is to advise you that your brother William's condition seems to have improved during the past month. However, the glands on his neck are yet swollen and not well and I shall not object to his going home if you send what is required to pay for his transportation. William has a very good chance to become entirely well if he leads a more active outdoor life than is possible here in school, because as yet only the glands of his neck seem to have become involved.

Hoping that I will hear from you again soon, I am,

Very truly yours,

HKM.

Mr. O. C. Lipps,
Carlisle, Pa.,
Dear Friend:

Only a few lines today to let you know that I & we would like to know how William Mead is getting along by this time.

He wrote once before and said that he has the T. B., and that the doctor said that it would be good for him to stay out of school for awhile.

So if he has T. B. we would like him to come home, and will send a n't

of money for compare.

He says that he does not like to ~~let~~ leave the school as he has just entered Carlisle a year ago and would like to stay a full term if he could, but he has written and said that he would like to see and be in old Dakota before he takes his long sleep.

He asked ^{me} to attend to some business of his at the agency, in which I am going to do next week.

So Mr. Sipps if you advice that William could

come home in the near future we would be glad.

But if you think he'd get over it he can stay, as he said he does not like to leave the Carlisle School, and that he wished that he had entered the school when he was ten years of age.

So Mr. Lipps, if we would like to hear from you soon. I remain a

Friend of Carlisle

My dear Sir:

During the latter part of August I wrote to you in regard to the advisability of allowing William Mead to go to his home, but as I have not heard from you further consideration has not been given the matter.

William is anxious to know just what is to be done for him and I would thank you for a reply at an early date.

Mr. Meyer: I recommend that William Mead be sent home. His trouble gives every indication of becoming active again and I do not consider the confinement of school life the best under the condition. William has also been a very negligent boy in reporting for treatment.

Dear Sir: Referring further to our correspondence relative to the return home of William Meade, this is to advise that arrangements are being completed to have him leave here on Friday evening of this week. Transportation for his passage to Devils Lake will be provided for his use and he has stated that he has received sufficient funds from his home to pay for incidental traveling expenses.

I would recommend that, if at all possible for you to do so, that you do return him in this manner as he undoubtedly will require all of the funds which he could otherwise scrape up for his support while recuperating after his return here.

Thanking you in advance for your kindness in the matter,
