The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

If the information called for on any part of the blank is not known, that fact should be stated. No space should be left unfilled. Whether the parents are living or dead, their names must be given.

The person who signs the blank as consenting to the transfer should indicate his relation to the applicant by marking out the word "parent," "guardian," or "next of kin," leaving unmarked only the title appropriate to the signer.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them are living, and if neither of them are living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, That hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

That no Indian pupil under the age of fourteen years shall be transported at Government expense to any Indian school beyond the limits of the State or Territory in which the parents of such child reside or of the adjoining State or Territory. (35 Stat. L., 781.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case; but in all cases where the parents are living they should first be consulted.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Mr. Ira C. Deaver,
Superintendent, The Seneca School,
Wyandotte, Okla.

Dear Mr. Deaver:

Referring to your letter of November the 5th, relative to the advisability of sending Runice Jones to one of the Indian Sanatoria, this is to state that Dr. Russell of the Sac and Fox Sanatorium at Toledo, Iowa, has reported about thirty applicants on his waiting list and that at present there is very little prospect of any one else being admitted. Under the circumstances it would hardly seem advisable to keep the girl here with a view of having her admitted at Toledo.

Will you let me know what care can be arranged for the girl if she is returned to your Agency, so that it can be decided what to do in her behalf?

Very respectfully,

HKM.

Dear Mr. Lipps:

This is to acknowledge the receipt of your letter of October 30, enclosing therewith a report by Dr. Walter Wendtorff, school physician, on the tuberculin test given Eunice Jones, a pupil from this Agency who was escorted to your school by myself.

I have to state that I have made inquiry pertaining to the family history of this girl and have learned that her mother died with tuberculosis and that several of her aunts and uncles also died with the same trouble. This girl is a homeless Indian without any land or parents, therefore has no funds with which to pay the expenses of her return trip to this country.

It would appear to me that this would be an ideal case for an Indian Sanitarium, since this girl is in the insipient stage of tuberculosis and that she would be a proper patient and one for which great good might be done.

Very respectfully,

W. H. Haves

Carlisle, Penn.

My dear Mr. Lipps:

This is to acknowledge the receipt of your letter of the 13th inst. pertaining to Eunice Jones, a pupil enrolled in your school from this Agency.

This girl is an orphan without an allotment. She inherited a small tract of about five acres from her deceased mother. This, as you know, would not bring to her much revenue, perhaps \$10 or \$15 per year. Her sister, Rachel Offett, has 40 acres of allotted land. She has a large family and a very small house, therefore, is not financially able to care for this girl. Eunice has another sister, Matilda Shultz, living near Mrs. Offett, who is also married and has several children. She has 40 acres of land and is in better financial circumstances than her sister, Rachel, but I do not believe that her husband would care to support Eunice.

She has a single sister, Christina, who has 80 acres of allotted land but not much of it is under cultivation. She works for a family in Miami as a domestic and has been furnishing Eunice

with her clothes.

This is somewhat of a sad case, an Orphan girl without any means of support who appears to be in the first stages of tuberculosis. I presume that if she is sent to Miami that her sisters would endeavor to take care of her in a way.

I am sorry that the girl was taken to Carlisle, but I did not have the least idea that she was ill or inelligible for enrollment in an Indian School, or should not have taken her. I was under the impression that she was well and strong and I knew that she had no home, therefore was anxious to have her enrolled. Her sisters were very anxious too, therefore her enrollment.

Very respectfully,

Superintendent.

My dear Madam:

On December the 12th, last, I wrote you as follows, but have not heard from you when I may expect to receive the amount of \$3.00 that is desired as a reimbursement of the amount that was advanced your sister, Eunice Jones, when she left here to go to your home. May I have a reply to this letter, advising me as is desired?

"Upon receipt of your letter of December the 8th I made further inquiry about the condition of your sister, Eunice Jones. I learned that she has gotten along satisfactorily, but that it would not be advisable to have her remain in school. Under the circumstances it has been arranged to send her to your home.

She will leave here on Monday evening of next week, the 14th, and will be provided with transportation for her passage to Miami. An amount of three dollars in cash will be advanced her to pay for incidental traveling expenses enroute and I would thank you to reimburse me for that amount. The matter can be given attention after Eunice has arrived at your home.

Regretting that such action has to be taken in your sister's case, but hoping that she will yet succeed in regaining her strength, I am,"

Supervisor Referring to the case of Eunice Jones, I am enclosing herewith copies of notes received yesterday and today from Dr. Rendtorff, our school physician. In view of his statements and recommendations, I hardly see how I can retain Eunice at Carlisle, and since he does not feel warranted in recommending her transfer to a sanitarium, I presume the only thing to be done is to return Eunice to her home. Please advise me if you have any other suggestion to make, and also if Eunice has any funds with which to pay the expenses of returning her to her home of the sanitarium.

Supervisor Lipps;

In regard to Eunice Jones I will say that her general condition is such that I advise her return home, as I have already said.

She has trachoma, enlarged tonsils, palpable cervical glands and is anemic. As already said I consider her lungs weak, although the tuberculin test shows only a very slight reaction. I cannot recommend her to a sanatorium as I feel ^{under these conditions} that there are others who need this care more than she does and may be denied this privilege due the overcrowding of the sanatorium.

Respectfully,

Supervisor Lipps:

I made the cutaneous tuberculin test in the case of Eunice Jones and obtained only a very slight reaction. As there are no evidences of an active pulmonary lesion I can not recommend her to the Toledo sanitarium; however I still consider her general condition such as to justify my action in suggesting that she be sent home. She is anemic, has enlarged tonsils, palpable cervical glands and marked trachoma.

Kind Sir:

Please Pardon me in
writing to you not knowing
your name. I am writing
you in regards of my
sister Miss Eunice Jones.
How is she getting along?
Do you think ~~think~~ the
Lamp climate is injurious
to her lungs. She is of a
consumptive family her
father, mother and
several other relatives died
of this disease. Does she

seem to be any - better contented
or not. If you would let
her come back here to
school on account of her
lungs being too weak for
that country (would you
send her back at our
expense? what would the
expense be?) Her sisters
are all willing to bear
the fare if you think she
ought to come back to her
own country. Now I want
you to write me a letter
and tell me the truth
about Eunice. if she is
really satisfied or if she
is sick, as we are all

worried about her. I think
Dr. Ler. that examined her down
here made a big
mistake when he
said she had string
lungs. now I'll certainly
be pleased to hear from
you we all know Carlisle is

to stay do you think they
should come home.

Hoping to hear from you

My dear Madam:

I regret very much that there has been a misunderstanding about the return to me of the amount of \$3.00 that was advanced in cash to Eunice Jones when she left here to go to her home. Referring to your letter of February the 14th, allow me to state that I brought the matter to your attention because you wrote me in your letter of December 8th, 1914, that Eunice's transportation would be provided if it became necessary for her to come to her home.

I have written to Superintendent Deaver about the matter and it is hoped he will inform me soon what action, if any, can be taken about having the amount sent to me.

If paying it would mean undue hardship on you and her sisters, and I am advised to that effect by Superintendent Deaver, an effort will have to be made to settle the indebtedness from other funds.

Mr. O. H. Lipps,
Supervisor in Charge,
Carlisle Indian School,
Carlisle, Penn.

Dear Mr. Lipps:

This is to acknowledge the receipt of your letter of the 16th inst. pertaining to a letter received from Mrs. Eliza J. Edwards of Miami, , half sister of Eunice Jones, the Ottawa Indian girl returned to her home on account of the nature of her health.

On the receipt of the carbon of your letter addressed to Mrs. Edwards, I wrote her concerning the \$3.00 you had advanced to Eunice for incidental expenses on her trip home. In answer thereto she wrote as follows:

"Mr. Deaver:

I can't understand why Mr. Lipps expects me to pay this \$3.00. I never knew Eunice was coming home. I got the notice after she came. You can tell him she has other sisters. I am not her guardian. Mr. Daniels is. I am not able to pay it now, times is hard for me at the present time.

Feb. 14, 1915.

(Signed) Mrs. Jane Edwards,
Miami, Okla."

Eunice has no land nor has she any trust money on deposit. Her guardian, Mr. Perry Daniels of Miami, Oklahoma does not have any funds of hers. He was appointed her guardian a number of

years ago for the purpose of selling a small tract of inherited lands but the small amount of the proceeds from this sale that belonged to Eunice has been expended for her benefit long ago.

Her single sister, Nellie, who is a domestic for a family in Miami, appears to look after her and she generally stays with another sister, Mrs. Offutt, who has a large family and is quite poor financially.

Eunice has been declared to be one of the heirs to the allotment of Susie Bond, deceased. The estate is worth about \$1000.00 and Eunice will share 75241/7620480, or about \$10.00. It will be some time before this land will be sold.

Very respectfully,

Superintendent.
