INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

Important—Only those students who desire to come to Carlisle because they have a definite purpose in view will be admitted. Applications for enrollment must be submitted in all cases for consideration before transportation can be made available. Time will then be taken to find out the records students have made in the schools previously attended, and to secure recommendations as to their *moral character* and their worthiness for further attendance at a Government institution.

As was requested by you in your letter of

It is to be regretted that Alanson had to give

Mrs. Clara Lay,
Versailles, New York.

My dear Madam:

This is to acknowledge receipt of your communication of November the 19th, advising that you intend to have your son Alanson return to school on or about the 29th of this month. I will be pleased to have you do so and every opportunity will be given your son to continue with his work so that he may complete the course with our Senior Class.

I have also received your letter of November the 20th and must advise in reply thereto that telegraphy is not taught at Carlisle. The department was closed more than a year ago. Regarding Alanson's taking up that work at one of the telegraph offices in Carlisle this is to state that such arrangements cannot be made because it has been found inadvisable to extend such a privilege to any of our boys.

There are several other trades here in which the work will not interfere in any way with Alanson's training in music.

Very respectfully,

Supervisor in Charge.

HKM.

Mr. C. H. Lipps,

Supervisor in Charge

U. S. Indian School

Carlisle

Pa.

I learned

through my son Alanson, that
he cannot take up telegraphy
at the school as it is not
taught there anymore.

Alanson said, "he would probably have to take the trade in town, and you probably wouldn't approve of it, so he did not ask you about it."

I would like to hear from you in regards to the matter before the 28th of this month. If possible, Alanson will be back to school again in the near future as he is anxious to finish school there.

I am
Yours Respectfully,
Mrs. Clara Lay.

I thought telegraphy was always taught at the school there, and that is the reason I let Alanson go, there, as he always wanted to be an operator. Now, what I want to know is, would it be possible for him to take up the work, if he should return to the school? The reason he does not, and I do not want him to take anything heavy, is because he is a talented musician, and does not want to take up work that would handicap him in his music.
