Upon receipt of your favor of October the 20th
I made inquiry about your son Allen's complaint that
he is out of money and learned that on September the
5th he was allowed to draw an amount of \$25.00. In
October the privilege to draw additional money had to
be denied him because he was drunk several days previous
to the regular drawing day. After the regular drawing
day he had to be placed in our school guard house for
bringing liquor on the school grounds.

In this connection I will state further that un-
der no circumstances should money be sent direct to Al-

such that he can be trusted with money he will be allowed
to draw from the amount you placed to his credit.

Supervisor O.H. Lipps
Carlisle, Penn.

Dear Mr. Lipps: I wrote you some days ago stating that it was unnecessary and undesirable that Allan Lawrence return home this summer. His mother came to the office yesterday and said she wanted her boy to return home, because he was ill. Of course if such is the case it would be alright for him to return home.

However, if he is well he should remain where he is. I do not approve of students returning home from Carlisle during the summer. The expense is too great and it is often times difficult to prevail upon them to return to school in the fall.

There is a large number of young people on the reservation who might still be benefitted by school, who have nothing to do here but get into trouble. They are too young to get married, or start out in business for themselves. All such persons must be in school the coming year. How many of them can you take?

I took charge here July 1st.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

Referring to the letter you addressed to Mr. Meyer at this school on the 11th instant, this is to advise you that the amount of \$27.27 that is credited to the account of your son Allen at this school represents one half of the amount he earned last summer and which, under the rules of the school, should not be expended for personal expenditures as the purchase of a suit of clothes would be.

Allen will again have an opportunity during the vacation months to earn additional money.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Mrs. Mary Lawrence,

Peever, South Dakota.

Very truly yours,

My dear Madam:

I have received your letter of the 22nd instant and will state in reply thereto that your son Allen has made a very excellent record during the last three months. (Copy to Superintendent; Bossman) It seems that his experience of last fall taught him a valuable lesson and that he realizes how necessary it is that he conduct himself carefully at all times.

Our work for this school year closes about the middle of May. The Commencement week exercises are to be held from May the 16th to the 21st and it will probably be about the first of June before the party of home going students can be started home.

Our school banker has advised me that Allen has an amount of \$27.27 to his credit. His ticket will be provided for him and the amount now to his credit can be given him before he leaves here to pay for incidental traveling expenses and for such articles of clothing as he may need at that time. At the present time the amount cannot be turned over to him as you request.

Allen Lawrence is working in the shoe and harness shop and has been for some time. Though there is no regular work taught in harness making still there is much general repair work comes to this shop which the boys do with the instructions of the shoe maker who understands that work very well.

My dear Madam:

Replying to your letter of August the 5th, I have to advise that your son Allen has not been away from school under our outing system this year and so he has not earned any money. Our school banker has informed me that Allen does not have an account with him.

Allen has been here at school all summer and has gotten along very nicely.

Pa,

Dear Sir

Will you please write and let me know how my son Allen is getting along and what he is doing.

I would like to hear from him. Is he making any money there. The Agent here told me that Allen would earn his spending money there and would not allow me to send this money.

Please let me know if
it is so.

I would like to hear
from him, or please let
me know how he is

Mrs. Mary Lawrence,

Peever, South Dakota.

My dear Madam:

The records at this School contain the information that on September the 3rd, last, an amount of \$6.25 was placed to the credit of your son Allen in our School Bank. On September the 24th that amount was drawn out on Allen's check.

On December the 24th, last, an amount of \$10.00 was turned over to Allen, for which we have his receipt. This latter amount of \$10.00 was sent here from the Sisseton Agency. Other than that there is no record of any money having been received for him.

In this connection I will state that if the \$16.00 you refer to in your letter of March the 17th was sent direct to Allen he may have succeeded in getting the money without having it pass thru this office. If you can give me other information regarding the matter I will see what can be done further.

Very respectfully,

HKM.
