Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. My dear Sir:

experience his dismissal from school should be.

Your son Hermis has not conducted himself at all properly this year. He has been drinking liquor and has insisted on associating with a low element in the borough of Carlisle. Yesterday morning it was announced to the larger boys that a renewed effort would be made to keep boys away from Carlisle and in spite of that warning Hermis went to town without permission instead of going to his regular duties.

I saw him at my office this morning and told him that since he is not doing anything for himself and is not making any effort to be a decent young man he will have to leave. Arrangements are being made accordingly and he will start this evening for your home. Transportation for his passage to Rushville will be provided for his use.

Such drastic action is being taken because the time has come at Carlisle when time cannot be given to any students who will not make even a reasonable attempt to profit by what is

being done for them. The period of enrolment for which your son was enrolled here would have terminated at the close of school this next month, and it is hoped that he can be put to work at home and that he will be helped by the experience his dismissal from school should be.

Very respectfully,

HMM.

P. S. I do not intend that the action reported above shall bar Herms from entering another government school next fall if his conduct during the summer months is such that he can be believed truly penitent and benefitted by this experience.

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

My dear Friend:

I enclose herewith a letter that was sent here by your father. It contains a five dollar Money Order made payable at Carlisle, so before it can be cashed for you it will have to be signed. If you will sign it and return it the amount can be placed to your credit and one of our regular checks sent you. Let me suggest that you give the matter your prompt attention, and you will then have the money for your use.

Hoping that you are improving right along and that you can return to school soon, I remain,

Your friend,

HKM.
