SPECIAL NOTE.

This form must be executed in duplicate when a child is transferred from a reservation to a non-reservation school. The Superintendent of the nonreservation school will retain the original for his files, and the duplicate shall be deposited in the Agency records. The agent will then send to the Commissioner of Indian Affairs his certificate as provided by law. All the blanks must be properly filled in every case.

NOTE.—Age limits, fourteen to twenty years. Preferably fourteen to eighteen. Students must be at least one-fourth Indian, preferably full Indian. Special cases beyond the age limit will be given consideration. An industrial course only can be taken and the term reduced to three years, in exceptional cases.

INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. (28 Stats., p. 906.)

Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations or Indian schools to nonreservation schools.

Mr. Matthew Cata,

My dear Friend:

course I could not get no job here

I am complying with the request contained in your letter of August the 4th by arranging so that transportation for your return to school will be furnished by the agent of the New York Central and Hudson River Company's agent at Niagara Falls, New York. The ticket should be ready for use by Saturday of this week and you can secure it by applying to the agent mentioned.

All you friends here were more than surprised to hear that you allowed yourself to be talked into deserting by a fellow who cannot have been your friend. I am pleased to know, however, that you have come to your senses and that you are anxious to return to Carlisle to continue the good record you had always made here.

Very truly yours,

Mr. E. Cate,

Chamita, New Mexico.

My dear Sir:

Your brother Matthew has brought me the letter you addressed to him on December the 29th and in which you state that your other brother Ramus should now be given a chance to go to school. I agree that Matthew has had his chance and that now he should assist you as may be required to get Ramus into school, but because it is not likely that the transportation of additional students for Carlisle can be provided this year and it is Matthew's desire to continue with the work at his trade until the end of this school year I take the liberty to ask whether it cannot be arranged to have Matthew remain in school until the end of this year. Right after the opening of the new fiscal year on the first of July I would probably be in a position so that I could provide transportation for Ramus's use.

I would thank you to let me hear from you in regard to this matter so that I can co-operate with you to do what may be best for both your brothers.

Very truly yours,

HKM.

It is noted in Mrs. Kramer's letter that Ramus Gata was enrolled at the Santa Fe School last year, so before Mr. P. T. Lonergan, Superintendent, Pueblo Day Schools, request for his enrolment at Carlisle I would have to have on file here
My dear Sir:

Replying to your favor of January the 5th, with which you transmitted a communication that was addressed to you by Mrs. Kramer of the San Juan Day School in behalf of Ramus Gata, I submit below for your information a copy of a letter I addressed to Mr. E. Gata at Chamita on the same date your letter was written:

It is noted in Mrs. Kramer's letter that Ramus Cata was enrolled at the Santa Fe School last year, so before any consideration at all could be given the request for his enrolment at Carlisle I would have to have on file here a justification for considering favorably the proposition to transfer him to Carlisle in preference to enrolling him at the Santa Fe School.

My dear Sir:

At the request of your brother Matthew it is being arranged so that he can leave here on Monday of next week for Santa Fe, New Mexico, where he has secured a position at the St. Catherine's School. He will be provided with transportation to Santa Fe.

I will state further that your brother has made good use of his time here and is credited with an excellent record. It is hoped he will meet with the measure of success the good work he has done here has fitted him to enjoy.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.
 2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.
 3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.
 4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.
 5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.
 6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.
 7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.
 8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.
 9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.
 10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.
- Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.
