Mr C. H. Lipps
Carlisle, Pa.

Dear Friend:

As it is near
time for school to open I
will tell you of a cousin
of mine who lives in Orange,
Wisconsin and he spoke
to me of going back to
Carlisle with me when
I returned but as I expect
to go to the state agricultural
college at Madison so if
you wish to have him enter

Carlisle you can write
to him at Orange, post office
Burnett County Wisconsin.
I have not seen him for
about eight years and
he was a fine fellow
then. I am getting along
well and I am working
on a farm and have been
since the seventh of June.

The small grain looks
well around here but
the corn crop is poor.

My leg which was
injured last fall bothered
me some but it is strong

now so I am happy
and enjoying life as
usual. The name of
this young man is Andrew
Connor

I will close wishing
you success with the
coming school year
yours Truly
James M. Caldwell

Mr. James M. Welch,

Spooner, Wisconsin.

My dear Friend:

I thank you for the information contained in your letter of the 11th instant relative to your cousin, Andrew Connor, and in compliance with your request I am having a blank in duplicate mailed to him upon which an application for his enrolment may be submitted to his Superintendent for approval.

If you learn in what other way I can assist him please do not hesitate to let me know what shall be done.

I was pleased to be informed by you that you are yet planning to go to the Agricultural College in your state and that you have been at work in preparation for the year's studies. I am sure that all your friends here join me in extending best wishes for success in your chosen line of study and work.

Assuring you that your kind personal wishes are appreciated and hoping that you will keep us informed of what you are doing, I remain,

Your friend,

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.

My dear Sir:

Will you please have the University Hospital authorities advise me what amount is due for the care and attention that was given James Welch from this school during the autumn months under your personal direction?

Jean Sen;

In regard to James Welsh
now under my care in Ward K,
our feeling is that the
condition is probably traumatic &
has largely subsided already
sufficiently so to warrant
our putting on a plaster
cast & discharging him
shortly. I & Davis will
write to his physician
at that time so that if
there be any recurrence
upon usage - we may
have apparatus made
to meet future indications
should the bone remain

Quiescent, as at present,
there will be no need for
further treatment.

I trust we can send him
home as fully cured as his
brother has been - He
was glad to have your
words regarding him.

Yours very truly,

Dec. 10th., 1914.

Mr: Meyer:

It seems to me that James Welch should be returned to school. My original intention in sending him to Philadelphia was merely to obtain the opinion of a specialist. It appears that he is now to be sent back with the vague report that the condition is "^{probably} largely traumatic." In my opinion he can have the same care and treatment here as is elsewhere obtainable.

respectfully,

Walter Prudden

University Hospital, Philadelphia.

My dear Sir:

I thank you for the very favorable report you conveyed to me in your letter of December the 6th relative to the condition of James Welch's knee. It is hoped he can be returned to Carlisle at an early date, for if further treatment has to be given him he can probably be cared for in our school hospital.

Assuring you that your care of the young man is appreciated, I am,

Very respectfully,

Dec. 2 1914.

Mr. Zipp.

I will write and let you know that I am still on the road to recovery and expect to get out of bed tomorrow and after I get so I can walk well I can return to Carlsbad. I do not think that it will be more than a week before I can walk as the head or chief doctor was around to

to see me yesterday and he
said that he thought I was alright.
I don't think that I can tell you
much more for I have been wait-
ing a month to tell you this much.
I will close wishing that you
are all well.

Respectfully yours
James M. Welch

Dec. 4th, 1914.

Mr. James M. Welch,

University Hospital, Philadelphia.

My dear Friend:

Replying to the cheerful letter you addressed to Mr. Lipps on December the 2nd, this is to advise you that he went to Birmingham with the football team and that he is planning to visit schools in the middle west before he returns to Carlisle. Your letter will be brought to his attention when he returns to school. It is hoped, however, that when he does return you can be here to greet him personally.

Transportation has been placed at the Broad Street Station for your return to school, where you can secure your ticket whenever it is thought safe for you to venture out of the Hospital.

I am sure all your friends here join me in extending best wishes for a continued improvement in your condition.

Your friend,

My dear Sir:

I would thank you to report to me in writing what is the condition of James Welch, who is being cared for by you in Ward H.

The envelope I enclose may be used without affixing a stamp.

Will you please inform James that his brother Gus returned to school from Chicago on Monday of this week? Gus seems to have made a good recovery and he expresses himself as feeling very little effect of the injury that necessitated his being taken to a Hospital.

Assuring you that your prompt reply to this request will be appreciated, I am,

Supt. M. Friedman,

Carlisle, Pa.

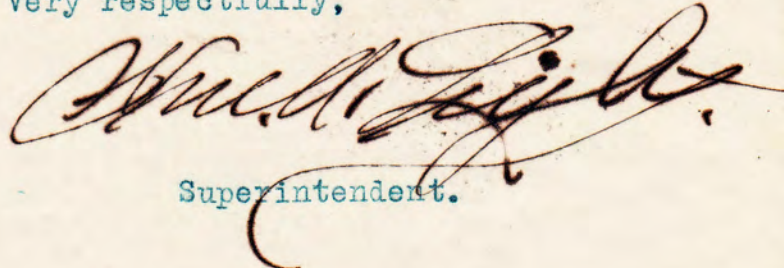

Sir:

James Welch left for Carlisle last night. I supplied him with ticket which you had placed to my order at Hayward.

I am very sorry that there were no other students to accompany him. Annie Stone, sister of Dollie Stone, wished to go, but failed to pass a satisfactory physical examination. Her health and physical record at this school is not good. Dr. Yeager, the school physician could not recommend her transfer to your school because of her health. I regret this very much for the reason that Annie wished to go, and that her sister Dollie wished to send her.

Should I learn of any other children who wish to attend Carlisle I shall arrange for their transfer as promptly as possible.

PART 2

REPORT BY RESERVATION SUPERINTENDENT

AGENCY, _____, 1913

Date pupil returned from school, _____; employed since return as follows:

Are home and local conditions favorable? _____

Should he receive assistance to find employment? _____

At what employment do you think he would do best? _____

Remarks: _____

_____, Supt.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Dear Mr. Lipps:-

James Welch is comfortably located in "Ward M" in the University Hospital, Phila. I sought the Orthopaedic Department according to Dr. Cundorff's instructions and after undergoing an examination there he was admitted as stated above. Dr. Merrill of the Orthopaedic Department said they would not be able to give any definite report for several days; that it would not be fair to state so soon that it is or it is not a tubercular knee.

I am sure James will not be lonely for he is in a beautiful sunny ward with what seemed to me about thirty other young men so he will not lack for company. I will visit him as often as I can in accordance with the hospital rules which allow visiting only on Wednesdays and Sundays between two and three o'clock. But because James and I represent Carlisle they may make an exception for us.

Very respectfully,
Lida M. Johnston.

James M. Welch, a former Carlisle student, writes from Camp Douglas, Wisconsin that he is a bugler for Company D. 6th Wisconsin Infantry. "My training that I received while at Carlisle makes me feel more at home here than I would have felt if I had not taken previous training."

James finished the agricultural course at the University of Wisconsin and did farm work until he enlisted for the army.

Many of the students^{and employees} will remember James because of his kindly manners and cheery disposition.

Dear Friend:

It has been a long time since I have heard from Carlisle or have even written to any one in that dear old place so today as some of us old Carlisle boys were talking of the days spent there, I resolved to write to one of my former teachers. Since I finished my course of agriculture at the University I could not do much in my line of work owing to the war which we are now engaged, altho I did farm work up until I enlisted, the twenty third of June. I am a bugler for Company H. 6th Wis. Inf. - known as the Fighting Sixth from North Wisconsin

There is a liberal of
Indians in this regiment
several are Carib boys,
are forty eight Hayward
in the Hayward company.

There are between fifteen and
twenty thousand of soldiers here.
There were three companies of the
Second Regiment entrained for New
York this afternoon and the
rest of us all were in company
formation to see them off, and
bid them farewell.

We are going right after the
drilling so that we may be
transferred to Waco Texas, our winter
training camp, in the near future.

So far nothing has been sprung
on which we did not expect in
the line of drills. My training
that I received while at Carib
make me feel more at home here
than I would have felt if I had
not taken any previous training

We have no occasion whatever to become lonesome here, for there is always plenty of excitement going on. The Y. M. C. A. has provided a large tent for each regiment, in which writing material and reading material may be had at any time free of charge. Every night there is a good speaker scheduled to talk to the boys besides these speakers are wrestling and boxing matches.

As September has come around again I suppose that another term of school has begun, with many new faces present and many old students absent, several ~~several~~ several serving in the army and navy I presume.

The Wisconsin drafted boys will soon make their appearance on the drill grounds of Battle Creek Mich. and Rockford Illinois.

Last spring we were called a German province but we will fight the Kaiser with the best of them and prove what the old Badger state is not a German province but a peace sifter instead.

The nights are quite cool here, we have had a heavy frost already while in the north they have had a killing frost.

The small grains and potatoes were very good, Wisconsin has grown more spuds than ever.

Just a word of myself. I am feeling fine and as happy as ever. I will close wishing you all the same.

Respectfully

James M. Welch

INDIANS IN THE SERVICE.

Many Carlisle Athletes Enlisted in Army and Navy.

Carlisle, Pa., June 2.—Carlisle Indian athletes who have flowed freely into the army and navy in the fight against Germany are keen observers and have written many interesting letters to local school authorities on what are to them unusual conditions of life in England and France.

One William Kick expresses fervent thanks at seeing old England once more after having been invalidated from France. James Welch, in France, is much amused by the winding roads of Picardy and admires French landscape gardens. He expresses wonderment at the wide use of wooden shoes. He says women and children keep the Americans well supplied with fruits at reasonable prices. In purchasing a daily paper with a five franc note Welch got enough copper in change to fill a kettle. All of the Indians are glad that they get an opportunity to play football and indulge in varied athletic sports.

INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation.
