INDORSEMENTS.

The laws relating to the transfer of Indian children from reservations and schools are as follows:

That hereafter no Indian child shall be sent from any Indian reservation to a school beyond the State or Territory in which said reservation is situated without the voluntary consent of the father or mother of such child if either of them is living, and if neither of them is living without the voluntary consent of the next of kin of such child. Such consent shall be made before the agent of the reservation, and he shall send to the Commissioner of Indian Affairs his certificate that such consent has been voluntarily given before such child shall be removed from such reservation. And it shall be unlawful for any Indian agent or other employee of the Government to induce, or seek to induce, by withholding rations or by other improper means, the parents or next of kin of any Indian to consent to the removal of any Indian child beyond the limits of any reservation. Provided, that hereafter no Indian child shall be taken from any school in any State or Territory to a school in any other State against its will or without the written consent of its parents. (29 Stats., p. 348.)

The rules provide that—

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other nonreservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

An Indian boy or girl 18 years old and over may, without the consent of parents or others, personally sign the application form on its being changed to suit the case.

This form is to be used only in transfers from reservations, or Indian schools, to nonreservation schools.

Principal, Mount Hermon Boys' School,
Mount Hermon, Mass.

Dear Mr. Cutler:

Upon receipt of your communication of the 22nd instant the information contained therein was brought to Andrew F. Solomon's attention, and he has been advised to go to his home to assist his mother with the care of his children. He will leave here this evening, but it is his desire that his acceptance as a student at the Mount Hermon School be held open for him until he can communicate with you from his home. Andrew believes that he can arrange for the care of his children and that later he can enter your school.

It is my belief that he should remain at work at his home, but if he desires to enter your school later and accepting him will not deprive a student of a place who cannot be educated elsewhere I should like to see him have the chance.

Thanking you for the kind consideration you have given Andrew's application, I am,

Yours very truly,

Dear Mr. Lipps:-

We have received the application of A. F. Solomon as you know. Friday we sent the formal acceptance papers. I have been looking over the correspondence a little more carefully, and I wish to write you for a little more information about the young man. Do you feel that we ought to give him a place here at Mount Hermon? We have heard rather directly that he is a married man, and the father of several children, from whose mother he is now divorced. It would seem to me as I look the application over now that it might be best for him to remain with you rather than to come to Mount Hermon. You know the young man and his needs. Can we really be of more service to him than you can render him at Carlisle? Is he not under obligation to these children about whom we have heard? While we have sent the acceptance papers, we should wish to withdraw them if it is not best for the young man to enter Mount Hermon.

Yours sincerely,

H. F. Cutler

My dear Madam:

The contents of your letter of October the 6th were a decided surprise to me, because it had not been mentioned before that Andrew Solomon left his family when he came to Carlisle.

Replying to your letter I have to advise that Andrew arrived here on September the 5th. During the latter part of September he came to my office to find out whether the application for his transfer had been sent to me and whether our records concerning him were complete. I learned at that time that he has been detailed to assist with the practical work on our school farms, and that he has been doing very well. Andrew requested that he be detailed to the farms because he desired to gain experience in that line of work.

My dear Sir: .

Arrangements had been completed for Andrew Solomon, who is enrolled here from Walthill, to enter the Mount Hermon School in Massachusetts early in April, but in a letter he received last night from his mother his duty toward his children was again called to his attention and he has been advised to go home to assist his mother with their care. Accordingly, he will leave here this evening for his home.

Andrew seems very anxious to acquire further school training, but doing his duty in caring for his children has been pointed out to him as the best thing he can do.

Very respectfully,

HKM.

Supervisor in Charge.

Dear friend -

I think I have some money there which I earned on the outing system. Would like to have you send it to me April 9, 1915.

For I need it at home. I am well and hoping you the same. From
Andrew F. Solomon.

Dear Friend:

Your card, to Mrs. Denny, relative to your Outing money, comes to this office for attention. Your outing account was settled August 31, 1914, when Mr. Stapler sent a check for Twenty-three dollars, fifteen cents (\$23.15) to me, to be placed to your account, which I did. If you have kept an account of your money, you will see that your outing wages is shown in the account. The outing management is careful about keeping all pupil's account square, and the aim is to get the wages paid up as soon as possible in the fall. If you were in doubt about your account haveing been settled, you should have come to the outing office before you left for your home.

I trust that you will get along well and that you will let me hear from you now and then regarding your work.

Very truly yours,

8-31-14 - 23.15

Dear Mr. Lipps:-

Thank you for your letter giving us further information about Andrew F. Solomon. It seems to us also that it would be better for him to assume his share of the responsibility for his children at once. We shall not consider the application further unless there is further correspondence from the man himself.

Yours sincerely,

My dear Friend—

Your letter was received yesterday. And was very glad. My account of money is all right. Mr. Miller knows that I always have my lease money deposited in the bank. And other sum of money I get from home. But that outing money was not deposited with my personal money. Sure enough that outing money must be in the hands of Mrs. Denny. So I thought it would be best to have it sent to me. There is another thing

now. I see and

I want to ask is this. You know that I signed up application for five years at Carlisle. But since staying there over one year. I thought I would get transferred to Haskell for the remainder of the term. Because it is closer from home. And my mother thinks it is alright for me to do that too. I could not go back to school now and then till September. So I think it will be alright, if you would write and recommend me to Haskell. I am just resting since I came home. But will help my brother in law to farm

now. Every body were glad
to see me back. And asking
me to return to school
again. So I have to. I must
close now.

My dear Friend;—

I will
write to you this morning.
For I have been waiting
for the outing money to
come. But no result. As
you think it would be
best for me to complete
my term down at Carlisle.
I think I have asked the
Indian office to release
me from Carlisle. So
that I can go to
some other school near
home. Do you think it
would be all right. I
would like very much

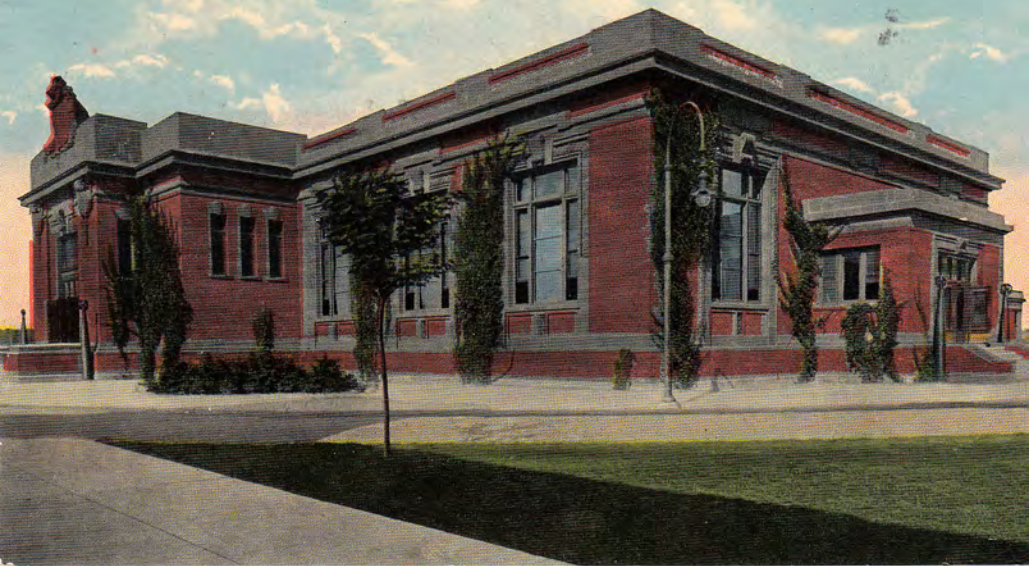

to go to school some
more. Because I have
not much to do at home.
Good many people wanted
me to go to school some
more. But at present I
am working on a farm.
But I hope to leave any
time. Soon as I hear
from the Indian office.
I wouldn't care if I
come back to Carlisle
again. It is other or
some body else's work
that they hold me back
from coming back to
Carlisle. Sorry to tell
you that, I am not
married any longer.
I am a free man.
All I got to do is to

My dear Friend:

Your letter of the 17th instant has been received here, but for the reason that you should devote your time to the care of your family it will not be advisable to allow you to return to Carlisle. You have come to the age when it will be very difficult for you to make very rapid progress in school work and it is my suggestion that you now make good use of the training you have been given.

Very truly yours,

Superintendent.

My dear Sir; -

After remain-
ing on the Omaha
reservation for over a
year. I begin to think
of my dear old Carlisle.
I just can't keep away from
thinking of the times, I
spent there. But sorry
that I have to leave Old
Carlisle and cancel
my self from there. After
trying to enroll at some
other schools nearby. As
my grand-pa advises me
to do. I am refused.
So my mind came back
entirely to Carlisle. Which

I should have stayed as
you ask me to do. Well,
I want to try one more
effort to come back
to Carlisle and serve
my term? If you
think it's the better for
me to come back. I want
to know. God many of
us boys back from Carlisle,
are turn down to useless
condition. But still we
are fighting back to the
line. Well, this is the last
time I am asking you
to help me. Yours truly,
Hope to hear from you
soon.
