Dear Mr. Friedman:

An Indian boy, belonging here on the Shoshone reservation in Wyoming, by the name of Louis W. Bull is at your School. He is interested in and is one of the heirs in the estate of a deceased Indian here by the name of Wallace Bull or Wallowing Bull and a hearing has been had in said estate and the findings made. Two of the heirs in said estate, Johnson W. Bull and George Bull have appeared here today and have told me that an Indian woman by the name of Sweet Grass Woman is the daughter of the said decedent and as such daughter has a right to share in said estate. These two men, Johnson and George Bull, have signed a statement today before me requesting the Commissioner and Secretary to reopen the findings in said estate and to amend the same by showing the share of the said daughter and they tell me that all of the heirs will sign such a statement. Please have the said Louis W. Bull sign the statement we send in duplicate and then return the same to me.

I thank you in advance for the trouble in this matter.

My dear Sir:

Louis Headley, one of the young men we have enrolled here from the Shoshoni Agency in Wyoming, has had a great deal of trouble with his eyes. Just at this time one of his eyes is badly inflamed.

As he can not be treated to advantage here, will you please let me know whether you would examine his eyes and prescribe treatment if he is sent to you? Louis could remain at the Hospital for treatment, and arrangements would be completed to pay for the usual daily charge for his board.

I would thank you to consider this request and to advise me just when it will be convenient for you to see the young man.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

profitable for you and that you will let me hear from you
Mr. Louis Headley, anything further I can do to be of service,

Fort Washakie, Wyoming.

My dear Friend:

Very truly yours,

The letter you addressed to Superintendent Lipps on July the 26th has been received here and it is good news indeed to learn that Mr. Hill could find employment for you so soon after you returned to your home. It is also gratifying to know that Bardick Addison and Scott Dewey are making themselves useful to Superintendent Morris by working at the Agency.

Regarding your return to school this is to state that your reenrolment can be effected if you believe that your eyesight will stand the strain of applying yourself to some trade. There is being enclosed a blank upon which an application for transfer may be submitted to your Superintendent for approval. As you are now more than twenty-one years of age it will be required that you pay for your transportation from your own funds.

Hoping that the summer will continue to be pleasant and

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
