Principal, The State Normal School,  
Millersville, Pa.

My dear Mr. Harbold:

Supervisor in Charge.

I thank you for your favor of January the 18th, reporting George Pike's safe arrival at Millersville and that thru your kind assistance he has begun his work. I have also heard from George to the effect that he likes his work and that he thinks he will get along well with his studies.

There is enclosed herewith a check for an amount of \$25.00 which is to be used by George to pay you the balance yet due for his tuition. Please have him return the required receipts to the Union Agency as is requested in the letter that was written in our banker's office.

Just at present I cannot assure you that the other young man who had thought of enrolling at the school under your jurisdiction will become a student there, but I should be in a position soon to give you definite information.

Thanking you for the kind assistance you have giv-

Mr. O. H. Lipps,  
Supervisor in Charge,  
United States Indian School,  
Carlisle, Pa.

My dear Mr. Lipps:

George Pike came here on schedule time, arriving at 4:30 yesterday afternoon. I received your telegram in good time to receive him. We have arranged his program to have the following subjects: Arithmetic, Grammar and Composition, History, Geography, Penmanship, Typewriting and Shorthand. I have followed his suggestions and trust that it will be a satisfactory program. If he shows good ability, we shall be glad to promote him to a higher class than the A Preparatory division in which he is now classified. I am frank to say that I like the young man's appearance and his manner, and I believe he will do good work. I think a former letter from you stated that he will come with \$40. He had \$40 in bills, but it seemed to me that he had almost no other money beside, so that he has paid \$35 on account, as advance tuition and boarding, and kept the \$5 for general spending purposes, for buying stationery, supplies, etc. If you think we ought to ask him for the \$5, we shall be willing to do so.

We have placed him in a room with another boy, but George came to me a few minutes ago and asked to be placed in a room alone, intimating that there is another young man at your school who is thinking of coming to this school. I shall be glad to keep you informed concerning the progress of George from time to time.

Very respectfully yours,

*P. M. Harbold*

My dear Friend:

This is to acknowledge receipt of your letter of February the 9th, with which you transmitted the first of the several statements you mentioned in one of your letters some time ago. Just as soon as the same is approved for payment by the Superintendent ~~of~~ the Five Civilized Tribes I will co-operate with you further to get the matter settled before it is time for you to go to your home for the summer vacation.

Dear friend Mr. Lipps;

Please find enclosed statement which was received some time ago and I hope this will be satisfactory to you, and which will cover my account in very brief time. The others has not received. I will also sent them <sup>to you</sup> if it does. This is very large sum of money to be drawn from my schooling fee, but I would rather pay my debt and forget it.

I have been considering about going home when the home party leaves. I thought I would go back and come back middle of August and continue my school here again.

I remain yours truly,

Mr. George Pike,

M. S. N. S., Millersville, Pa.

My dear Friend:

Referring to that part of your favor of January the 21st in which you speak about the additional money you need, this is to advise that a check for \$25.00 was sent to Mr. Harbold for your use earlier this week.

This is also to state that in a letter from the Union Agency, which was received only this morning, I am assured that as soon as the books at that office are again opened the request for money for your use will be given special consideration. I presume the books are closed because the business is being turned over to the newly appointed Superintendent, Mr. Parker.

to go to your home for the longer summer vacation. It would cost you not less than \$75.00 to take a trip home Mr. George Pike, probably not have more than a week for your visit before you would have to return to Millersville to M. S. N. S., Millersville, Pa.

Dear friend George:

I was pleased to receive your letter of January the 19th and to learn that you have gotten so well started with your work. You wanted more academic work than could be given you here and with so many other young people enrolled with you who are anxious to make the best possible use of their time there is no reason why you should not make rapid progress. I wish you success.

Regarding the towels you could use, I must state that it is a difficult matter to keep enough towels on hand here for the use of our students and that it will be the better plan for you to purchase the additional ones you need.

Before I take any action relative to the request to be given permission to return to your home in Oklahoma during the very short vacation between the winter and spring terms I desire to ask whether it would not be the better plan to spend that short vacation here at Carlisle and then

It would cost you not less than \$75.00 to take a trip home and you would probably not have more than a week for your visit before you would have to return to Millersville to resume your studies on the opening day of the new term. Think the matter over and then let me hear from you.

My dear George:

I have received your letter of January the 27th and am pleased to know that you are getting along so well with your school work in spite of the fact that conditions are so different from those here at Carlisle. The very fact that there are so many other earnest young people giving their best attention to their school work at the Normal School should be an added inducement for you to do your best too.

I have noted in your letter that there are several small debts you contracted at your home before you came to Carlisle which you would like to have paid. I assure you I will gladly co-operate with you to get them properly settled and I suggest that you write at once to your creditors for itemized statements. When you receive them send them to me and checks can be drawn for your signature.

I enclose herewith a check for an amount of \$25.00 as you requested.

Mr. O. H. Lippe,

Carlisle, Pennsylvania.

Dear friend Mr. Lippe,

I received your letter of 26<sup>th</sup> Inst. and enclosed the two copy of "Message to Garcia" and "The Cigarette" which I were glad to receive them.

I am progressing along slowly in my studies, but I have the Carlisle slogan "Stick".

I am trying my best to obtain the education for myself so that I may not disgrace myself when I get out in the world in trying to representing the Carlisle Ind. School and Millersville State Normal school. The short hand which I am taking here is not very difficult from what I had there, the system that I used there was Pittman and this is Gregg system.

I have few suggestions  
for you in regarding my home  
in Broken Arrow Oklahoma.  
I am asking you greatest of plea-  
sure to do my favor, and I am  
sure you will agree with me.

About month before  
I start for Carlisle in month  
of December 1913. I was taken  
sick with case appendicitis.  
So that left the debt for me.  
which was at Red Cross Drug  
store, and also Dr Onis Franklin.  
\$24.60 at Red Cross <sup>and</sup> Franklin's bill  
\$10.50. And I made few purchase  
of clothing at U. B. Mader who  
own Dry Goods Store which <sup>was</sup> \$9.00  
there. In the case if I go home  
this coming spring, I want those  
three debts to be paid so that  
I may not get in trouble when  
I get <sup>to</sup> visit my brother and  
other relatives there. I should  
have ask you last summer to  
go home but I didn't, on account

debt. So will you please  
p me out in paying the  
mount in all is \$44.10. I thought  
I would pay out of \$84.00 which  
is deposite at school bank there.  
Will you think the matter over  
let me know. and <sup>how</sup> could be  
paid before I reach my home  
town.

I am your friend,  
Geo. Pike

I need every day school  
Clothes here so I am asking you  
to send me at least \$20. or \$25. and  
some ather artickle. I will  
promise you that I shall not spent  
for any thing for worth less.

Dear Mr. Harbold:

*Supervisor in Charge.*

George Pike, one of our young men, desires to enter a school here in the east where he can devote all his time to academic work. He has proven himself a splendid young man in every way during the time he has been at Carlisle and I have advised him to enroll at the school under your direction if you can place him.

George has been doing work in the Seventh Grade, but he seems to have a good foundation and has a good command of English.

Will you advise me as soon as convenient whether your work includes a grade as low as the seventh and what charges would be made for George's tuition, board, etc. for the remainder of this school year? He should enroll at once in order to get started with other new students you have probably just enrolled and has funds to his credit at his home that I am having transferred

Dear Mr. Parker:

Referring to your office's letter of January the 5th relative to funds to the credit of George Pike and Jacob Spokogee (or Ispocogee), I respectfully recommend that not less than \$100.00 of George Pike's money be transferred to his account at this school without delay.

It is being arranged to have George attend one of the Pennsylvania State Normal Schools, where he will have to pay for his board and tuition, but it has not yet been determined what exact amount will be required. The charges are unusually low, however.

George has been anxious for some time to attend a school where he can devote practically all his time to academic work, and as he is evidently sincere in his purpose I believe he could not make better use of money to his credit than in paying his own way in school.

It will be appreciated if this request can be given prompt consideration.

SUBJECT: George Pike and  
Jacob Spokogee (or Ispocogee.)

Muskogee, Oklahoma. January 5, 1915.

Mr. Oscar H. Lipps,  
Supervisor in Charge,  
Carlisle, Pennsylvania.

Sir:

I have your letter of December 7, relative to the desire of George Pike and Jacob Spokogee (or Ispocogee) to enroll in the Coyn National Trades School in Chicago. In connection therewith I beg to advise that the office now has over \$500.00 of funds held in trust for George Pike, a part of which could be made available for his education. We are holding some money here, paid in under an oil lease given by Jacob Spokogee (or Ispocogee) but the lease is in litigation and the funds are not available. It appears, however, that there are several producing oil wells on his allotment, and that the producing company is not accounting, to this office, for the royalty on this oil. The land is being operated under a commercial lease, and royalties have been paid direct to the guardian, Timmie Fife. I have forwarded a copy of this letter to Mr. George W. McDaniel, Field Clerk, Sapulpa, Oklahoma, that he may take up with the guardian the matter of securing funds. The Field Clerk will advise you direct in this regard. Relative to the proposed transfer of these boys, this is a matter I will leave to your discretion.

Respectfully,

I will wire you tonight just when George may be expected to arrive. And it will be appreciated if you can give Mr. P. M. Harbold, Principal, The State Normal School, Millersville, Pa. in your favor.

Dear Mr. Harbold:

Having that our first selection of an Indian young man

I thank you for your letter of January the 14th, assuring me that you can find plenty for George Pike to do if it is decided to send him to Millersville. Accordingly it is being arranged so that he will leave here tomorrow afternoon, as he is anxious to be on hand to begin work promptly on Monday morning, the 18th.

I regret to advise, however, that George does not have sufficient money to his credit here just at this time to pay in advance the entire amount of his tuition fee for the remainder of the winter term. It is hoped the amount of \$40.00 he can pay upon arrival will entitle him to begin work and just as soon as the other funds I have requested for him are received here I will forward the balance of what is required. He has ample funds to his credit with the officials of the Union Agency in Oklahoma and it should be but a week or ten days, if that long, until additional funds are available here for his use.

Supervisor in Charge,  
United States Indian School,  
Carlisle, Pa.

My dear Mr. Lipps:

We shall be glad to receive Mr. George Pipe at any time you can arrange to have him come. If he should be able to come on the 18th, next Monday, he would have the benefit of 9 weeks of the present Winter term. The charge per week for any time less than a term, for students not preparing to teach in the public schools of Pennsylvania, is \$6.00, or \$54 for the remainder of this term. To this must be added the usual enrollment fee of \$5.00, which is paid once a year. The charge for the Spring term is \$72.25. This includes all necessary expenses except whatever is expended for books and stationery. I may say that we rent our books to students at a very small rental charge.

George Pipe would be able to take up Reading and Public Speaking, Grammar and Composition, Geography, United States History, Algebra. If he has not had Algebra, he could not advantageously begin it before the 30th of March, when new classes are organized. I shall be glad to adjust that matter, however.

In addition to the foregoing subjects, he could take Penmanship, Freehand Drawing, and Manual Training, but I presume he either has had these in your school or does not care to make use of them. To enroll he ought to bring with him the amount of tuition for the present term, which is \$5 plus the \$54, or \$59. Please let me know at what time he is expected to arrive here, so that I may be on hand to assist him in getting started.

I received your catalogue yesterday, and I am very greatly interested in it, especially on account of the beautiful mechanical work done in printing it. I should like to ask whether your school does any contracting for printing outside of your own institution. I shall be very glad to have

My dear Friend:

I was pleased to receive your letter of April the 26th and to learn that you have practically decided, at the request of Field Clerk Mr. Titwell, not to return to your home for the summer months. It may be possible to arrange so that you can spend your vacation by going to work under the Outing System here. Several of our boys worked at Lake Carey last summer and they report having had a very pleasant vacation at that resort. It may be possible to secure a place for you similar to that. Let me hear what you have to suggest?

Complying with the request contained in your letter I am having enclosed herewith a check in the amount of five dollars with which to make the purchase specified by you.

instead of coming home, and  
he wanted me to decide  
what I'm going to do. I think  
I will not go home, but I haven't

decide what I'll do yet. The reason that he doesn't want me to come, is because he is afraid that I might get among those fellows that are in bad habit in Broken Arrow.

On Saturday May 1<sup>st</sup>. the track meet will be held here all the night schools in vicinity. So I am expecting to see the contest.

Will you please send me about Five or Ten dollars (\$5<sup>00</sup> or \$10<sup>00</sup>) I would like to have a Sunday shoe, I have a school shoe and some socks. And on May 5 they are going to give us half day off all those are wanted to attend the Circus in Lancaster. Will you please send it so I could get by Saturday, if you please. I am your fri - Geo. Dear Friend George:

The letter you addressed to Superintendent Parker on the 3rd instant was returned to me on the 7th from the Supervisor's office at Muskogee with a communication of which I submit a copy below for your information:

"There is enclosed herewith a letter from George Pike asking permission to spend his vacation in Oklahoma. My opinion as expressed in former letter applies in this case."

The opinion that is referred to in the Supervisor's letter is to the effect that students who are members of the Five Civilized Tribes should not return to Oklahoma for the vacation months unless it can be established that they would be specially benefitted by such a trip. It is evidently believed that you could not gain by coming to your home and I hope to hear, therefore, that you desire to have some arrangements made whereby you can spend the summer months here at Carlisle or elsewhere.

My dear Friend:

In order that you may have additional information at hand to consider when you hear from Mr. Titwell, this is to state in reply to your letter of the 28th instant that the work which was done by our boys last summer at Lake Carey consisted of waiting on tables and similar work at that resort. Such duties would not overtax your strength and it would afford you an opportunity to save the money for your school work which would otherwise be expended to take a trip. It is my opinion that it would be best for you to remain in the east until you have completed a great deal more school work. You should then be fitted to go to work at your home or elsewhere and the undesirable environments at your home will then not have any influence on you.

You will be kept in mind if any other work similar to that at Lake Carey is offered us for our boys.

Dear friend Mr. Lipps.—  
Yours of 27<sup>th</sup> inst  
with enclosed check for

pleased with it.

In regard to your  
statement of going out  
on outing system at your  
school, I presume it would  
be possible for me to  
enter your outing system  
to Lake Carey, but I would  
rather wait until I hear  
from the agent Mr. Titwell.  
I think it would be  
impossible for me to go

to Panama Exposition  
because I would spend  
that much money in  
trying to live high. I  
think it would be better  
for me to decide after  
hearing from Agent. and  
still I want to visit my  
relatives in Oklahoma  
What kind of work in  
Lake Carey, is it in

I am <sup>not</sup> capable of that kind

communication of which you  
submit a copy for my  
information.

It is very difficult  
for me to decide of Supt.  
Parker's statement. I don't see  
why I can't go back to Oklahoma,  
and spend at least two months,  
as there are some of the  
members of the Five Civilized Tribes  
of Oklahoma are expecting to return  
to Oklahoma. I would like to go back,

with the people that are in  
lack of manner, because I have  
learned experience from the fellowship  
that have lectured at your school

I can judge my self to be a man-

Will you please arrange  
for me so that I can go home and  
spend at least two months in visiting  
my relatives? And will assure that I  
have the power to keep my self from  
the people that I have associate with.

I inform you some time ago  
that I requested for money to the Field

Mr. Gabe E. Parker,

Dear Mr. Parker:

George Pike returned to Carlisle from Millersville on Saturday evening and when I saw him at my office this morning he renewed his request that permission be given him to spend a short time at his home. As George has done such excellent work this year and is looking forward to his return in time to take up his studies when the Normal School at Millersville begins work for the next year I believe it a privilege that may well be extended George and am arranging so that he can leave here this evening with several other boys who are enroute to points in Oklahoma. He has a sufficient amount to his credit in bank here to pay for the expense of going home, but not what will be required to pay for his return here.

Believing that George will appreciate the special favor that is being extended him and hoping that he will prove by his conduct during the summer that he can be in earnest when at home as well as when at Carlisle, I remain,
