INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

My dear Friend:

Your letter of the 25th instant was delivered to me this morning and I am pleased to note in it that you have now gotten the chance you desired to take nurses' training. With the general work you have to do where you are located is no reason to believe that you should not have excellent training when your course of work is completed, and it cannot be necessary to assure you that I extend you my best wishes for success.

Under a separate cover I am having copies of our ARROW mailed to you. If you will mail 25 cents direct to Mr. Brown at our Print Shop he will have your name placed on the subscription list for the entire school year.

Hoping I shall hear from you from time to time, I remain,

Dear Madam:-
 I. Lypps,
 Carlyle, Penn.

Dear Sir:

Replying to your inquiry relative to Mabel Brunette
 who has applied for admission to your Hospital, I have to say that
 she was a pupil at this school from October 1910 to June 1915.
 She was active and fond of having a good time but gave no serious
 trouble while a pupil here. She was rather fond of the boys but
 perhaps no more so than many other so called good girls. She has
 a very cheerful happy disposition.
 The Academic records here show that she was promoted
 to the 7th grade in the spring of 1915, completing the 6th grade
 work with the following ratings:-

Arithmetic	93	Reading	92	English	90	Geography	87

Penmanship	96	History	81	Physiology	86

Dear sir:

Miss Mabel Brunette who has been a student at Carlyle, has applied for admission into our School for Nurses. We demand a preliminary education of at least two years of High School or its equivalent, unless the applicant is an exceptional student and gives good reason for not having acquired that education.

Will you please give me what information you can regarding this young lady, including her record while at Carlyle? My sympathy is with the Indian girl and I am anxious, indeed, to help her, but do not feel that I can impose her on our other students unless I am satisfied that she has the characteristics needed in the nursing profession.

Thanking you in advance for any information you can give me, I am

Any general statement or wishes of patron or pupils, together with Agent's estimate of place, people, and pupil:

Mrs. McCreas home is in a small town. Mrs. McCreas takes a great deal of personal interest in her Indian girls and to a girl inclined to receive help this would be very beneficial but Mabelle is very indifferent. Naturally in a home where there are seven children there will be a considerable amount of work to be done. The children are apparently well-trained and the same training is given to an Indian girl if she is willing to receive.

Mabelle is not happy, probably because she takes little interest in her work and also she would like to be near other Indian girls. She had not been attending church regularly nor writing her home letters. She promised to both after my visit. Mrs. McCreas said she always found Mabelle very truthful. She would like a girl for the winter. Rather a slow steady one preferred. Mabelle would like to go to Dr. Harbert, Beverly, N.J. for the winter.

Mrs. Sophia Agnes,
Beaulieu, Minnesota.

My dear Madam:

Mabel Brunette's period of enrolment at Carlisle terminates at the close of this school year and arrangements are being completed to have her leave with the other girls who go home this year on June the 1st. She will be provided with transportation for her passage to Mahnomen at her request and it is hoped that she can be met at that point.

Mabel has been employed in my home and has done very good work. It is hoped she can make good use of the training she has received at Carlisle when she has become located at home.

Very truly yours,

HKM.

SUGGESTIONS FOR SUPPLYING THE INFORMATION REQUESTED ON THIS BLANK

1. The report of nonreservation school Superintendent should be made at the time or a little before the pupil leaves school, whether at the end of the school year or during the school year, provided the pupil is 18 years of age or over, or younger, if for any special reason the pupil is quitting school permanently. As soon as this report is received, or at least very soon after the pupil returns home, the Supervisor of Indian Employment will correspond with the returned student for the purpose of getting more in personal touch with him and finding out something about his wishes, etc. His answer will be attached to and filed as part of this report.

2. Health, height, and weight of returned students are sometimes very important in placing them properly; height and weight could be approximated very satisfactorily, though from the pupil records now in use all information called for in part 1 of this blank can readily be obtained and be definite.

3. The State, agency, and tribe are important, and where the pupil is not attached to any agency this fact should be stated and the Superintendent should give all available information as to the home and local conditions surrounding the pupil.

4. Where the outgoing pupil has passed the civil-service examination for any position, this fact should always be noted, giving position for which examination was taken.

5. It should be remembered that the Supervisor of Indian Employment can but seldom have a personal acquaintance with the outgoing student, and that he must depend on the information furnished in this report for his basis of action in behalf of the pupil.

6. The degree of Indian blood should always be given, as this fact largely determines how much effort will be made on behalf of any particular returned student; qualifications being equal, or nearly so, the preference will be given to those having the greatest degree of Indian blood.

7. This report should be forwarded promptly to the Supervisor of Indian Employment, Indian Office, Washington, D. C.

8. Reports on students from reservation schools should be made only as to those who leave the schools at 18 years of age, or older, and who will probably not go away to school.

9. If part 1 of this report is made out by the principal of a reservation school, the reservation Superintendent should supply information called for in part 2 if the principal is not informed as to home surroundings and local conditions. Such information is essential to a proper understanding of the difficulties and needs of the pupil.

10. When part 1 is made out by a nonreservation Superintendent, this blank will be sent by the Supervisor of Indian Employment to the Superintendent of the reservation where the outgoing student belongs. He should fill out part 2 and return the blank as promptly as possible, for practically nothing can be done until the information called for in part 2 is supplied.

Information under the heading "Employed since return as follows," will be valuable only in cases where the pupil has been home for some time.

Miss Mabel Brunette,

Mahnomen, Minnesota.

My dear Friend:

I have received your letter of the 21st instant and am pleased to know that you are getting along so well at your home. I am glad to know that you are spending your time with your mother and that you have had an opportunity to comfort her since the sad death of your sister.

Reports that had come to us from Lac du Flambeau were to the effect that Mrs. Devine and Mary Martin are doing very well and making good use in their homes of the training that was given them at Carlisle. I assure you I am pleased to hear similar good news thru you.

I thank you for letting me hear from you regarding your grandfather. Will you please convey to him my sincere best wishes?

Trusting we shall hear from you again, I remain,

Very truly yours,

HKM.

Dear Friend:

Just a few lines
to inform you what I have
been doing since I returned
from Carlisle. Most of the
time I have been at home
with my mother. perhaps
you have never heard of the
death of Mary, died June
16th, 1915 - Mary gave birth
to a baby boy and died
about the same time.

Mary did. it was a shock to every one and her funeral was very largely attended. I arrived home from Carlisle just in time to visit her awhile - and mother is just about recovering from the shock now.

Perhaps you would be glad to know something about the Carlisle ex students - I visited at Lac-Du-Flambeau - Wis. and saw Mrs Thomas Devine - formerly Evelyn Blackbird, they have a nice home and keeps it very clean and Mary Martin had a neat house - all the white earth girls that came home with me, are all married - My grandpa is well - for an aged man he is still very bright - he inquired all about Homer and you, he is blind now.

Mr. Lipps. I am very sorry I did not write sooner, at this present time I am making an application

Remarks and recommendations of superintendent with reference to eligibility and need of Federal aid:

Superintendent.

NOTE.—One of these blanks should be filled out by each pupil at Government boarding schools, preferably with the assistance of the superintendent or some one designated to act as his representative. If the superintendent is of opinion from the information given that the pupil is entitled to enrollment he should so indicate by signing the blank in the proper place and filing in the individual pupil's folder. In the case of pupils concerning whose eligibility or need of Government aid there is some doubt, superintendents should make proper remarks and recommendations in the space indicated and forward the form to the Indian Office for consideration.
