INDORSEMENT.

A child showing one-sixteenth or less Indian blood, whose parents live on an Indian reservation, Indian fashion, who, if debarred from the Government schools, could not obtain an education, may be permitted in the reservation day and boarding schools, but it is preferable that it be not transferred to a nonreservation school, without permission from the Office. Children showing one-eighth or less Indian blood, whose parents do not live on an Indian reservation, whose home is among white people where there are churches and schools, who are presumed to have adopted the white man's manners and customs, and are to all intents and purposes white people, are debarred from enrollment in the Government nonreservation and reservation schools. Superintendents, in all cases where doubt exists as to the degree of Indian blood of a child proposed for transfer, should fully satisfy themselves of the facts by affidavits from reliable persons, which affidavits must be kept on file at the school.

A pupil who has been regularly enrolled in a nonreservation school must not be taken to any other non-reservation school without the consent of both Superintendents and the Commissioner of Indian Affairs, and Superintendents will be held to strict accountability for such pupils taken to their schools.

A pupil dismissed from school for cause must not be enrolled in any other school without the permission of the Commissioner of Indian Affairs. Full facts must be submitted with each request.

After I had noted the contents of your favor of August the 5th and the two communications from Gertrude to you, which are being returned herewith, I had a talk with her in my office. I learned from her that she considers herself abused when she is caught in wilful acts of disobedience and that she has evidently not made any effort at all to become amenable to discipline and the rules of the school that have to be enforced where there are so many students to be cared for. Only recently when she was excused from her regular duties because she pleaded illness she went to her room and tampered with the electric light cord, with the result that a fuse was blown out and the lights were put out of commission.

Gertrude has been told that the threat she made against the School Matron is a very serious one and that she could be made to answer for it before the Judge of the County Courts. However, before any such action is taken I

I do not want you to understand at all that Gertrude is a bad girl, for as far as I know she is far from that, but her pranks cannot be overlooked and her threat against the Matron cannot be allowed to go unnoticed.

Dear Madam:

There is due a young lady from Carlisle, who was employed here temporarily this year to teach music, an amount of 65 cents for music that was ordered by your daughter Gertrude. As Miss Klepfer, the young lady referred to, is no longer employed here it is desirable that the account be settled. Gertrude claims she does not have any money, so I bring the matter to your attention with a request that an amount of 65 cents be transmitted to me to adjust the same.
